PURPOSE AND PHILOSOPHY

MISSION STATEMENT: The MSHSAA promotes the value of participation, sportsmanship, team play and personal excellence to develop citizens who make positive contributions to their community and support the democratic principles of our state and nation.

PURPOSE OF MANUAL: This manual has been prepared to provide a better understanding of the administration of MSHSAA sponsored events. It will serve as a guide to the participating schools and will provide for greater consistency. All information will be included in this manual except such supplementary or incidental information as may be included in the MSHSAA Journal. The regulations in this manual shall be considered official unless the schools are notified in a Special Bulletin of any changes.

PHILOSOPHY OF INTERSCHOLASTIC ACTIVITIES: Interscholastic activities are intended to supplement the secondary curricular program. These activities can provide the student with educational experiences and learning outcomes that contribute toward the development of good citizenship. This can be accomplished only when the emphasis is placed upon teaching "through school activities." Interscholastic activities can be justified only when this is the primary philosophy and purpose.

PURPOSE OF DISTRICT AND STATE CONTESTS: There are two primary purposes that justify and cause district and state events to be desirable. Those purposes are to provide opportunities to demonstrate before the public the best knowledge, skills, and emotional patterns taught through a particular sport; and to evaluate and compare the best of this teaching of knowledge, skills and emotional patterns among schools. Unless these purposes are primary, district and state athletic contests cannot be completely justified. It is the desire of the MSHSAA Board of Directors that these events be both fun and educational. It is extremely important that players, coaches, and the school community

make every effort to enhance, and keep in proper perspective, the educational values of these events. Competition merely for "competition's sake" cannot be justified. Only when competition contributes toward worthwhile educational goals can the competition be considered sufficiently important to be included in the school program.

USING THIS MANUAL

All coaches and athletic administrators are urged to read the instructions in this manual carefully. Entry forms are located on the MSHSAA web site on each school site under Downloadable Forms. Please check and make note of all deadline dates for submitting entry forms which relate to this manual's sport. It is the responsibility of each school to make certain that the entries are properly submitted on or before the deadline date. Any questions concerning the forms or instructions should be referred to the MSHSAA Office

SECTION 1: REGULAR SEASON

A. CLASS DIVISIONS: Schools will be equally divided into four classes on the basis of enrollment for two years beginning with the 2016-2017 season and will re-classify every two years thereafter.

- a. The largest schools, by enrollment, will be Class 4.
- b. The smallest schools, by enrollment, will be Class 1.

B. WEIGHT CLASSES: To determine the weight class in which a wrestler will be allowed to compete, refer to the MSHSAA Weight Management Program Manual link on the Wrestling page of the MSHSAA website. The following NFHS weight classes will be used: 106, 113, 120, 126, 132, 138, 145, 152, 160, 170, 182, 195, 220 and 285. **Note: All lower level (Freshmen/JV) events and tournaments must also use the 14 approved weight classes. Pooling of wrestlers simply close in weight in lower level contest is not permitted.**

JUNIOR HIGH SCHOOL WEIGHT CLASSES: Any number of contestants may be used in duals and tournaments. There will be no more than five (5) pounds difference between opponents of 100 pounds or less; no more than eight (8) pounds difference between 101 and 150 pounds; and no more than fifteen (15) pounds difference for opponents exceeding 150 pounds. The emphasis is placed on participation, not winning or losing, because of the fact that schools cannot fill a particular weight class. The Wrestling Advisory Committee also emphasized "the practice of cutting weight should be eliminated." Participation is the key and as many athletes as possible should be given the opportunity to participate in front of their peers.

JUNIOR HIGH MATCH LENGTH: 1 or 1 ½ minute periods shall be used for middle school/junior high wrestling matches.

C. WEIGHT MANAGEMENT: A wrestler must have his body composition evaluated by a MSHSAA approved assessor, after passing a hydration test, and prior to competing against another school. Once a weight assessment is completed, the wrestler will be limited to losing an average of 1.5% of his body weight per week. **(See MSHSAA Weight Management Program Manual on the Wrestling page of the MSHSAA website for further details, rules and restrictions of weight control regulations.)**

PURPOSE: In accordance with Rule 1-5 of the National Federation Wrestling Rules Book, the MSHSAA Board of Directors and Wrestling Advisory Committee have established a weight control program for the purpose of discouraging "severe weight reduction and/or wide variations in weight, because this may be harmful to the competitor."

NOTE: The Board and Advisory Committee recommend that such a program should be planned to involve the wrestler, as well as the parents/guardians, physician and coach in establishing the minimum certified weight class.

MSHSAA REGULATIONS: The MSHSAA Weight Management Program establishes a procedure for establishing a minimum weight class through hydration testing, body fat assessment and a monitored descent plan. Minimum body fat should not be lower than 7 percent for males or 12 percent for females.

ASSESSMENT REQUIRED: For health and safety reasons, the MSHSAA Weight Management Program shall require hydration testing with a specific gravity not greater than 1.025, which immediately precedes the body fat assessment, in accordance with Rule 1-5-2 of the National Federation Wrestling Rules Book.

NOTE: A minimum weight class will be determined by a body fat assessment that is entered into the OPC (Optimal Performance Calculator) located on the NWCA website.

MINIMUM BODY FAT: Any wrestler's assessment that is below 7 percent for males and 12 percent for females shall have a physician's release to participate. **(Physician Clearance Form is located on the Wrestling page of the MSHSAA website)**

NOTE: This release shall not allow a wrestler to participate at a weight class below that for which the initial assessment allows except for wrestlers whose weight is within 0.9 pound of the next lower weight class. No weight loss exceeding 0.9 pounds will be allowed.

RATE OF WEIGHT LOSS: Weight loss per week shall be limited to an average weight loss of 1.5 percent a week.

PENALTY FOR PARTICIPATION BEFORE A COMPLETED ASSESSMENT: All wrestlers representing a school must have completed a weight management assessment and appear in the Trackwrestling OPC prior to a wrestler competing in the school's line-up. Failure to post assessment results into the Trackwrestling OPC resulting in an established weight management plan prior to participating in a competition will result in the wrestler forfeiting the match(es) and the wrestler and coach being suspended from participation at the next contest of the same level.

WEIGH-IN PROCEDURE: Any weigh-in for regular-season interscholastic competition shall be in accordance with Rules 4-4 and 4-5 of the National Federation Wrestling Rules Book, regardless of the level for which the weigh-in takes place (varsity, junior varsity, sophomore, freshman, etc.) **NOTE:** This provision requires all weigh-ins to take place at the site of dual/tri/quad meets and tournaments, in accordance with the time parameters specified in the rules. Missouri schools must follow the shoulder-to-shoulder weigh-in philosophy at the site. *All wrestlers must meet the provisions of Rules 4-4 and 4-5 of the National Federation Wrestling Rules Book. The weigh-in rule must be met by all Missouri wrestlers even when competing out of state in which the host state may have their exceptions to the NFHS Rules 4-4 and 4-5.

GROWTH ALLOWANCE: Starting with January 15th, a 2-pound growth allowance shall be added to each weight class. **NOTE:** There will be NO additional growth allowance granted between the District Tournament and the State Tournament.

D. WEIGHT CERTIFICATON: In order to be entered in a particular weight class at the district meet, a wrestler shall have met the following:

1. Each wrestler must weigh-in at least once, at scratch weight, in their minimum weight class during the regular season on or prior to January 14th.
2. For that weigh-in to count, the wrestler must be in the line-up at one of the two weight classes in which the wrestler is eligible to wrestle on that date according to the wrestler's weight management plan.

3. The athlete must have a win or loss recorded on their season record for that date.

NOTE: If the wrestler is withheld from competition, for any reason, resulting in the team forfeiting that weight class the wrestler shall add one loss to their record in order to count the weigh-in for certification purposes.

NOTE: If a wrestler weighs in with illegal protective equipment (i.e.: a cast, etc.), the weight of the equipment shall be included; the weigh-in may be counted for certification provided the requirements above are met.

NOTE: At any point during the season a wrestler weighs in at two weight classes above the minimum weight class appearing on his/her weight loss plan on that date, the wrestler is recertified for the next weight class higher.

Weigh-In Deadline: Weigh-ins used for weight class certification for the district tournament shall be completed on or prior to January 14; any weigh-ins subsequent to this cutoff date shall not be used in certifying a wrestler's weight class. **Exception:** A wrestler who has not been medically released due to injury or an ineligible wrestler gaining eligibility must first complete the weight management assessment by a MSHSAA approved Assessor after January 14th. The weight class in which the wrestler officially weighs in for the first time, making scratch weight, on or after January 15 will be considered his/her minimum wrestling weight. All wrestlers qualifying for the exception are required to meet the first weigh-in requirement on or before the Saturday of Week 31 of the Standardized Calendar (February 4, 2017).

Weight Certification Exception Approval: In order to qualify for the weight certification exception, as noted above, a wrestler must have a weight management assessment completed after January 14th. Furthermore, a Weight Certification Exception Request document, located on the wrestling page of the MSHSAA website, must be completed by the school's head coach and administrator. This document must be submitted to the Assistant Executive Director of Wrestling at the MSHSAA office for approval. The MSHSAA will provide written documentation to the school as to whether the wrestler is approved for using the weight certification exception.

WEIGH-INS FOR MATCHES ONLY: The only weigh-ins counting toward weight class certification shall be those weigh-ins completed for regularly scheduled matches and tournaments. **NOTE:** Any weigh-in (dual/tri/quad or tournament) can be counted for weight class certification provided it is completed on or prior to January 14.

E. DUAL/TRIANGULAR/QUAD WEIGH-INS: Wrestlers shall weigh-in at the site a maximum of 1 hour before the first match of the multi school event. **The Trackwrestling weigh-in form is the only acceptable weigh-in form permitted for use at weigh-ins.** A hard copy weigh-in form printed from the TrackWrestling OPC is to be signed by the contest official for each contest weigh-in.

MANDATORY ACTUAL WEIGHT ENTRY: It is mandatory that the "actual weight" of each wrestler for every weigh-in be entered into the TrackWrestling OPC within 48 hours of the completion of a weigh-in. The setting in TrackWrestling will only permit

the weigh-ins from 2 contests on a team's schedule to remain open before blocking the printing of the next weigh-in form.

F. TOURNAMENT WEIGH-INS: Wrestlers shall weigh-in at the tournament site a maximum of 2 hours before the first session EACH day. Wrestlers must weigh-in each day of a multiple day tournament. **The Trackwrestling weigh-in form is the only acceptable weigh-in form permitted for use at weigh-ins.** A hard copy weigh-in form printed from the TrackWrestling OPC is to be signed by the contest official for each contest weigh-in. **NOTE:** Evening weigh-ins the first day of a tournament is not permitted for the second day weigh-in. The second day weigh-in shall be held the second day in accordance with NFHS Rules. This applies to all two-day tournaments (varsity, junior varsity, freshmen, etc.)

MANDATORY ACTUAL WEIGHT ENTRY: It is mandatory that the "actual weight" of each wrestler for every weigh-in be entered into the TrackWrestling OPC within 48 hours of the completion of a weigh-in. The setting in TrackWrestling will only permit the weigh-ins from 2 contest on a team's schedule to remain open before blocking the printing of the next weigh-in form.

G. LATE WEIGH-IN PROCEDURES: The following procedures should be used when the visiting team arrives late for a dual meet.

1. Visiting Team Delayed: If a team's arrival time is delayed for a dual meet, the coach of the visiting team shall make every effort to notify the host school of the delay.
2. Waiting Period: The host team should wait no longer than 20 minutes to weigh in. If the visiting team has not arrived within 20 minutes of the specified weigh-in time, the host team should proceed to weigh-in. If the Mat Official is not present, the weigh-in shall be delayed until he arrives.
3. Upon Arrival: The visiting team shall be given a maximum of 10 minutes to weigh in once they arrive.
4. Supervision of Weigh-Ins: The mat official shall supervise all weigh-ins for matches. If the mat official is delayed in his arrival and cannot be present for the weigh-in, the athletic director or BOTH coaches shall supervise the weigh-in for the match.

H. WEIGH-IN PROCEDURES FOR FEMALE WRESTLERS: The following policy shall be in effect when a school has a female(s) participating in wrestling. It shall be the responsibility of the school having a female squad member to notify all opponents that a situation may arise whereby special accommodations will be needed to verify the weight of female participant(s) in private.

PROCEDURE: The procedure to use for weighing in female wrestlers is to have a female weigh the participant in private. The female shall be someone on the faculty of one of the participating schools. The ultimate responsibility rests with the school for which the student is wrestling. If, however, the school with the female wrestler is traveling and has assurance from the host school that a female faculty member will be provided for the weigh-in, there would be no requirement to bring a female from the visiting school. If the host school cannot or does not wish to provide someone to monitor the weigh in, it is the responsibility of the female's school to bring a female faculty member with them to handle this responsibility.

I. TOURNAMENT DEFINITION: Any event in which awards are given and/or a champion is determined by any means or any format that involves five (5) or more teams at one site, on any given date. All other contests at one site, on any given date will count as one non-tournament event.

J. TEAM LIMITATIONS: There is no limit on the number of teams participating in a tournament provided no team will compete on more than one school day.

K. SANCTIONING: Anytime a MSHSAA member school competes in a tournament, by definition, with an out-of-state school(s) or in any event co-sponsored by any party other than an MSHSAA member school (e.g. a university, theme park, shoe company, etc.) a sanction form must be on file in the MSHSAA Office at least thirty (30) calendar days prior to the event. If the event involves National Federation Sanctioning, the form must be received at least 90 days prior to the event. It is the event host's responsibility to obtain the sanction; however, each participating MSHSAA member school shall take responsibility to verify that the sponsor has sanctioned the event prior to participation. MSHSAA By-law 3.1.8.

L. ROUND ROBIN TOURNAMENTS: shall include no more than six schools as per MSHSAA By-Law 3.1.8. **Note: Interpretation of this by-law is in reference to team/dual tournaments.**

M. NUMBER OF MATCHES: No wrestler shall represent his school in more than one weight class in any meet or wrestle in more than five matches (championship or consolation), excluding forfeits, in any one day of competition. Prior to the district tournament, an individual wrestler shall represent his/her school in no more than a maximum of 50 matches, excluding forfeits, in no more events than the number of events scheduled by the higher team on which he/she participates as per MSHSAA By-Law 3.26.1.

N. SUBSTITUTION PROVISION: In dual meet "style" tournaments, where the team advances rather than an individual, substitutions may be made from one dual meet to the next. However, if a wrestler weighs-in for the tournament, it shall count as one of his six tournaments whether or not he participates. The tournament manager of all dual meet "style" tournaments shall include in their information letter to all participating schools that by NFHS rule 11-1-4, substitutions are allowed from one dual meet to the next.

O. OUT-OF-STATE COMPETITION: Schools competing with schools outside Missouri MUST follow the shoulder-to-shoulder weigh in format. There is no exception for Missouri schools. If the out-of-state school's association permits an exception it does not apply to Missouri schools/wrestlers.

P. WRESTLING UNIFORMS: Only a school-approved uniform shall be worn in the wrestling area. (Wrestling area defined as the area in view of the spectators). Such items as hats, scarves, cut-offs, jams, etc., are not acceptable. This policy will be in effect for district and state tournaments, and is recommended for all regular season duals/tri/quads and tournaments.

Q. WRESTLER APPEARANCE AND HEALTH (Rule 4-2-3, 4-2-4, 4-2-5): If a participant is suspected by the referee of having a communicable skin disease or any other condition that makes participation appear inadvisable, his coach shall provide current (14 days, generally, on infectious letters) written documentation from a physician stating that the suspected disease or condition is not communicable and that the athlete's participation would not be harmful to his opponent. This written documentation must be on the **Current Year MSHSAA Wrestling Skin Condition Report Form. The 2016-2017 MSHSAA Wrestling Skin Condition Report form can be located and printed from the Wrestling page on**

the MSHSAA website. This form shall be presented at weigh-ins or retrieved from an on-site location immediately after weigh-ins. If the form is presented after these deadlines the wrestler in question will not be allowed to compete. This is the only form a referee will accept as "current, written documentation" that a skin condition is not communicable.

Furthermore, a doctor's letterhead or sheet from the doctor's prescription pad shall be attached to the MSHSAA Skin Condition Form to prove that the athlete has been seen by a doctor. The skin form will not be accepted without this additional documentation and the wrestler will not be permitted to wrestle. The only exception would be if a designated pre-appointed, or pre-announced on site physician is present and able to examine the wrestler immediately prior to or after the weigh-in. (NFHS Rule 4-2-3).
MISSOURI DEFINES A PHYSICIAN FOR THE SKIN CONDITION REPORT FORM PURPOSES AS A D.O., M.D or NURSE PRACTITIONER.

R. INFECTIOUS DISEASE POLICY AND MAT CLEANING: In the area of interscholastic activities, specifically under contact sports such as wrestling and football, some alarm has been expressed regarding the presence of HIV virus in sweat, saliva and bleeding from minor injuries.

Some important things to remember are:

1. **AIDS:** At this time, it is uncertain that either saliva or sweat transmits the AIDS virus. Therefore, efforts need to be concentrated in the area of the minor injuries that result in bleeding.
2. **Proper Handling:** Proper handling of these situations by coaches, officials and competitors will greatly reduce the possibility of any transmission of AIDS, if indeed the athlete is infected by the disease.
3. **Hepatitis B:** The possibility of transmitting AIDS in this manner is much less than the possibility of transmitting other very dangerous blood-borne viral infections such as Hepatitis B. However, the chance of transmitting the AIDS virus is not zero. Therefore, precautions should be taken to insure that no transmission could occur.
4. **Bleeding:** If an athlete sustains a minor bleeding problem and most bleeding problems in sports result from minor injuries in the nose area the match should be stopped, the bleeding stemmed, and any blood on the wrestling surface should be wiped off using a disinfectant such as Clorox in a 100 to 1 solution (100 parts water and one part disinfectant). This same solution should be used to wipe any blood off the opponent's skin. However, the area should then be rinsed with water to avoid either participant getting the disinfectant in his eyes. It should be noted that there are also many other disinfectants that are very successful in combating the HIV virus such as isopropyl alcohol. If any of the blood has gotten on the opponent's uniform, unless the opponent has an open cut or unskinned area on his body, it is not necessary to clean the uniform at this point. If there is an open cut or unskinned area then the uniform should be wiped with the disinfectant solution and then thoroughly rinsed with water to avoid either participant getting the disinfectant in his eyes. If an official should get blood on himself, he should do the same as the competitors use the disinfectant solution to wipe the area of the blood. **NOTE:** Disposable towels should be used in all clean up and then placed in a sealed container near the mat. Also, extreme care should be used in disposing of cotton used to stem bleeding.

S. MSHSAA POLICY FOR USE OF TOBACCO AND ALCOHOL PRODUCTS:

Coaches and Officials: Coaches, directors, sponsors and contest officials are prohibited from using tobacco products or alcoholic beverages while directly involved in interscholastic activities. Involvement is defined in this policy as being in public view and when students are

participating under the jurisdiction of the coach, director, and official. Proper enforcement is expected. Violations shall be reported to the school's administration and the MSHSAA.

Participants: Use of tobacco, alcohol, or controlled substance (other than prescription) by any participant while at an MSHSAA event, at any event building/grounds is prohibited. Violation shall result in disqualification from the event. Violations shall be reported to the school's administration and the MSHSAA.

T. OXYGEN USE POSITION STATEMENT: Oxygen is a prescription drug that has very specific indications and uses. Like all drugs, it can have side effects and possible toxicity. There is no evidence that it enhances athletic performance or speeds recovery from athletic activities (except possibly at altitude). Oxygen, which is available by prescription only, plays a vital role in the treatment of specific conditions such as exertional sickling and should be available on the sideline only with the prescription of a physician and only for use in medical emergencies where indicated. Also, it can be very dangerous if used around a flame, as it promotes combustion and is therefore a safety hazard.” Also please reference the Invasive Medical Procedures position statement-NFHS found on the MSHSAA Sports Medicine tab.

U. MISCONDUCT/UNSPORTSMANLIKE CONDUCT/FLAGRANT MISCONDUCT AND EJECTIONS: By-law 5.5.1 requires that any athlete or coach “ejected” from a contest or tournament is withheld, at a minimum, from the next event at the same level. Furthermore, coaches who are ejected from a contest must also complete the NFHS Online Sportsmanship Course prior to returning to coaching in a contest. The following NFHS Wrestling Rules apply to ejections: Rule 5-12, 5-30, 7-4, 7-5-1,2,3,5 and 8-1-4,6. The following NFHS Wrestling Rules apply to Coaches Misconduct: Rule 5-5, 7-5-4, 8-1-5. Penalty Chart located in Rule 8 precisely applies to all Misconduct, Unsportsmanlike Conduct, Flagrant Misconduct and Ejections.

V. PROTEST PROCEDURE (MSHSAA BOARD POLICY): The Board of Directors adopted the following Policy to address protests. The Board acknowledges that mistakes are made by officials in judgment and even sometimes in misapplication of match rules. However, the decisions rendered by officials at the contest site are to be final and any further process other than the one outlined below would not truly serve a useful purpose in the overall scope of high school athletics.

1. Conference Requested: Within the procedures established within each individual sport rule code, the head coach must request a review of an official's application of a rule through appropriate channels.

2. Protest: If, after the review is complete, the coach still believes there has been a misapplication of a rule by a contest officials), the coach shall then file a formal verbal protest with the game officials who will then notify the opposing coach immediately of the protest. A coach shall not protest a decision of judgment.

3. Ten Minutes: Following this notification of protest, the head coach shall be allowed approximately ten minutes to use his/her National Federation Rules Book, National Federation Case Book, MSHSAA Rules Meeting Announcements and/or MSHSAA Sport Manual to locate and show the game officials) the appropriate rule reference which clarifies a misapplication of the game rule. If the head coach does not have personal copies of the above mentioned materials at the game site or the specific rule reference(s) or case book play(s) cannot be located within the maximum allowable ten minutes, the protest shall automatically be disallowed and the match shall continue from the point of interruption. If a rule reference(s) or case book play(s) is found that indicates a misapplication of a rule has

occurred, the official's decision shall be corrected at that time before any further action occurs, and the contest shall be resumed from the point of interruption after the correction as provided in the contest rules. When appropriate, the match officials may assist the head coach in locating appropriate rule and casebook references.

4. Determination Required: All protests shall be resolved at the contest site before any further match action occurs.

5. Time Restraints: Protests that are not filed in a timely manner by that sport rule code shall be automatically disallowed.

6. Further Review Not Permitted: The MSHSAA Board of Directors and/or Staff shall not review contest protests.

W. CELLULAR TELEPHONES: The MSHSAA Board of Directors has adopted a policy to prohibit the use of cell phones in locker rooms at MSHSAA events as a preventative measure and concern for an individual's privacy. Modern technology now permits a "picture phone" to distribute a picture to the internet with uncontrolled distribution. To be proactive and prevent perhaps an indiscriminate use of the cell phone and as it is impossible to monitor by the coaching staff a "no use" policy is now in place for the locker room area only at all MSHSAA events. During all district tournaments, the local tournament manager shall be responsible to post signs outside and inside of each locker room indicating, "Cell Phone Use is Prohibited in the Locker Room at all MSHSAA Events." The MSHSAA staff shall post signs in the same locations at all final site locker rooms. It is the responsibility of the school administration to ensure that all students and coaches have been informed of this policy prior to the event and to monitor the policy within the school's assigned locker room at MSHSAA events.

X. HAZING AND HARASSMENT: It is the policy of the MSHSAA Board of Directors that hazing and harassment have no place in school sponsored activity programs and pose a significant risk to the physical and mental welfare of students. Coaches, directors, sponsors and administrators must take an active role in the prevention of all forms of hazing and harassment. Students directly or indirectly involved in hazing incidents, on or off school grounds, could be considered ineligible by the school administration under the MSHSAA citizenship standard, By-Law 2.2.

1. HAZING: Willful conduct directed at a student that is intended to physically or emotionally intimidate, punish, embarrass, humiliate, ridicule, or place any student in a disconcerting position for the purpose of initiation, affiliation, inclusion or membership in any team or organization.

2. HARASSMENT: Unwelcome conduct by a person that is sufficiently serious, persistent or pervasive, so that it affects another person's ability to participate in or benefit from the school program or activity by creating an intimidating, threatening or abusive environment.

SECTION 2: CRITERIA FOR POST SEASON

A. SPORTS REGISTRATION FEE: Schools which submitted a Sports Registration Fee for Wrestling have been assigned to a District Wrestling Tournament.

B. MSHSAA BY-LAW PROVISIONS: In order to enter students in the MSHSAA State Wrestling Championships Series, the following provisions must be met:

1. COACH: A school must have employed a wrestling coach and offered instruction in

wrestling as provided in MSHSAA By-Law 3.1.

2. **SCHEDULE:** A school must meet all provisions of MSHSAA By-Law 5.1.2 concerning the number of matches that must be scheduled.
3. **INDIVIDUAL REQUIREMENTS:** In part, By-Law 5.1.2 indicates "No individual student shall be entered who has not represented his or her school in interscholastic competition in that sport during the season." In wrestling, as in all sports, if a wrestler is to be entered in the district tournament he/she shall have wrestled in at least one regular season contest PRIOR to the district tournament.
4. **INDIVIDUAL LIMITS:** A wrestler who participates in more than 50 matches, excluding forfeits, or in more dual meets and/or tournaments than allowed under MSHSAA By-Law 3.26.1, 3.26.8 shall not be eligible to compete in the district tournament.

SECTION 3: DISTRICT ENTRY PROCEDURE

ENTRY PROVISIONS: Schools shall complete the required online district entries located on the MSHSAA web site on each school's home page prior to the indicated deadlines.

1. **DISTRICT ENTRIES:** The head coach, or his representative, shall submit the following district entries, completed properly and entirely on the MSHSAA website prior to the established district entry deadline.

- a. **School Information link:** Verify your school information, "Mark As Complete"
- b. **Officials Recommendations link:** Recommend those officials you want considered for officiating your district tournament and considered for officiating the state tournament. "Mark As Complete"
- c. **District Eligibility Roster link:** Submit the names of those wrestlers you plan to enter in the district tournament at each weight class. "Mark As Complete"
- d. **Pass List link:** This district entry link can only be completed by your Athletic Director. Make sure your AD is aware of the deadline for submitting the pass list for those individuals and participants to be admitted to the district tournament. This pass list IS NOT the pass list used for the state tournament. "Mark As Complete"

2. **LATE ENTRIES:** A late entry penalty fee of \$50 shall be assessed for late entries. No entries will be accepted after the start of the seeding meeting for the district tournament. The district manager shall notify the MSHSAA regarding any late entries for the tournament.

SECTION 4: DISTRICT AND STATE CHAMPIONSHIPS

DISTRICT CHAMPIONSHIP SERIES

SITE SELECTION PROCESS

General Criteria: The following district site selection process shall be used for Wrestling.

1. Assignments of schools to specific districts shall be established by MSHSAA staff at the beginning of each two-year classification period. These assignments will remain constant unless it becomes necessary to modify assignments as determined by the MSHSAA staff.

2. The MSHSAA staff shall select one Athletic Administrator or Principal (per district) to serve as the chairperson who shall coordinate the site selection process for each activity.
3. The chairpersons will be contacted and confirmed via email by the MSHSAA staff.
4. Each chairperson shall review the list of schools assigned to his/her district on the MSHSAA website under the district assignments link.
5. 4. SEEDING GUIDELINES: The following provisions shall apply at the District Seeding Meeting when seeding the wrestlers and drawing the brackets in each weight class (The criteria for seeding wrestlers can be found in Appendix B of this Manual).

The automated seeding program operated on TrackWrestling will be used by all four districts in all four classifications. The seeding criteria, as found in Appendix B of this manual, has been uniquely accounted for in its entirety in the development of the custom automated seeding program for use by Missouri schools. It is absolutely crucial that coaches input ALL match results during the regular season into TrackWrestling in order for the automated seeding program to work efficiently. After the automated seeding program has determined tournament seeds, a coach still has the opportunity to challenge the seed assigned to their wrestler(s).

a. Each district shall determine, weight class by weight class, how many wrestlers will be seeded with a maximum of eight wrestlers and a minimum of four wrestlers to be seeded per weight class. *(Once the seeding of a weight class begins, the entries at that weight class may not be changed to another weight class.)* **Once the entries at a weight class have been revealed, the entries at that weight class may not be changed to another weight class unless in the case of a weight certification protest determining a wrestler not eligible for that weight class.**

b. If a dispute arises on the number of wrestlers (up to a maximum of eight) to be seeded in a weight class, it shall be resolved by a vote of the coaches.

c. Any coach may submit the name of a wrestler for consideration to be seeded, regardless of whether or not the wrestler is a member of his own team.

d. Coaches do not have the prerogative of refusing a seeded position.

g. Drawing the brackets shall be in accordance with Rule 10 of the National Federation Wrestling Rule Book, except as modified below.

MODIFICATION: NFHS Rule 10-3-3 shall be modified to read as follows: "When byes are required for the first round, they shall be drawn so they are distributed evenly throughout the bracket and a seeded wrestler shall have the same opportunity to draw for a bye as other contestants; byes shall NOT be placed by mutual consent. No quarter-bracket or half-bracket shall have more than one bye in excess of its paired bracket. After seeded wrestlers have been placed on the bracket and the byes drawn, the remaining wrestlers shall be placed by draw."

NOTE: District Managers may elect to use the district tournament computer program's random draw feature for unseeded wrestlers.

NOTE: For assistance in drawing brackets and placing seeded wrestlers in the proper positions, see Appendix C: Sample District Brackets and Scoring Charts

5. SCRATCH MEETING: A District Scratch Meeting shall be held following the close of weigh-ins to finalize entries when the seeding meeting is held in advance of the Weigh-in.

There shall be no changes in a school's entries after the seeding meeting, except in the case of injury, illness, ineligibility after the seeding meeting or the failure of a wrestler to make weight. In the case of an injured wrestler, an ill wrestler, an ineligible wrestler or a wrestler who fails to make weight, a substitute will be allowed; however, that substitute shall not be a wrestler who is entered at any other weight class. (If the school does not substitute for this wrestler it shall be scored as a Bye). **Any wrestler entered at a weight class during the district seeding meeting is eligible only at that weight class.**

NOTE: The above provision shall be applied to all regular season tournaments, as well as the district meet.

f. If an unseeded wrestler is scratched from the district tournament resulting in a bye the bracket will be redrawn so all remaining wrestlers would have equal opportunity for drawing a bye.

g. At the seeding meeting, a school must name an entry or indicate there will be no entry.

NOTE: A school cannot name two entries in any weight class or have an unnamed entry in any weight class.

D. WEIGH-INS: Schools hosting district tournaments must have a standard weight available to periodically check the accuracy of the scales used for weigh-ins. Every attempt should be made to have accurate and certified scales. **The Trackwrestling weigh-in form is the only acceptable weigh-in form permitted for use at weigh-ins.**

For advancement to the state tournament, the place finishers shall be moved up to fill the vacated position of the wrestler who has been disqualified;

APPENDIX A

CONCUSSION EDUCATION AND MANAGEMENT PROTOCOL

Education

Concussions are common in sports. The Missouri State High School Activities Association (MSHSAA) believes that education of coaches, officials, athletes, and their parents or guardians is the key to safely returning a student athlete to play. Appropriate immediate care after a suspected concussion, and follow up incorporating a multi-disciplinary team that includes the coach, parent or guardian, athlete's physician, team physician and athletic trainer (if available), and school representatives, also are important for the proper management of a sport-related concussion.

Each school district will receive educational materials for coaches, athletes, parents, and school officials, required forms for student athlete participation and parent/guardian consent, and recommended medical clearance forms for return to play.

Annually, MSHSAA member school districts will ensure that every coach, student athlete, and parents or guardians of a student athlete completes a concussion and head injury information sheet and returns it to the school district prior to the student athlete's participation in practice or competition. Officials will receive training from their parent organization. Each official's organization will require annual concussion training and maintain a signed head injury information sheet for each Official.

Recognition and Evaluation of the Athlete with a Concussion

1. Recognition of the signs and symptoms of a concussion is important. Every member of the team-athlete, teammates, coaches, parents or guardians, officials, athletic trainers, and team physicians have a duty to report a suspected concussion. Not all school districts have medical personnel available to cover every practice and competition; therefore, the coach is the person in the best position to protect the player and must be aware that not all student athletes will be forthcoming about their injury.
2. An official shall not be responsible for making the diagnosis of a concussion. The official can assist coaches and medical staff by recognizing signs and symptoms of a concussion and informing the coach and medical staff of their concerns.
3. The coach, (Certified Athletic Trainer) ATC, or physician on site should evaluate the athlete in a systemic fashion:
 - a. Assess for airway, breathing, and circulation (basic CPR assessment)
 - b. Assess for concussion
 - i. Any unconscious athlete should be assumed to have a severe head and/or neck injury and should have their cervical spine immobilized until a determination can be made that the cervical spine has not been injured. If no medical professional can make the assessment, the athlete should be transported to an appropriate emergency care facility.
 - ii. A conscious athlete with no neck pain can be further evaluated on the sideline.
4. An athlete experiencing ANY of the signs/symptoms of a concussion should be immediately removed from play. Signs/Symptoms of a concussion include:

PHYSICAL	COGNITIVE	EMOTIONAL
Headache	Feeling mentally "foggy"	Irritability
Nausea/Vomiting	Feeling slowed down	Sadness
Dazed/Stunned	Difficulty concentrating	More emotional
Balance problems	Difficulty remembering	Nervousness
Visual problems	Forgetful of recent information	
Fatigue	Confused about recent events	
Sensitivity to light	Answers questions slowly	
Sensitivity to noise	Repeats questions	

5. Evaluation:
 - a. Following any first aid management, the medical team, or coach in the absence of medical personnel, should assess the athlete to determine the presence or absence of a concussion. The SCAT (Sideline Concussion Assessment Tool) and SCAT3 are effective assessment tools that are readily available and can assist with the assessment.
 - b. The athlete should be monitored for worsening or change in signs and symptoms over the next 24 hours. Instructions should be given to the parent or guardian as to signs and symptoms that may require further or more emergent evaluation.
6. Management of a Concussion and Return to Play:
 - a. An athlete determined to have a concussion or have concussion-like symptoms will be removed from practice or competition and is not allowed to return to practice or competition that same day.
 - b. If an athlete displays concussion-like signs or symptoms, the athlete should be assumed to have a concussion until further medical evaluation can occur. "WHEN IN DOUBT, SIT THEM OUT!"
 - c. Written clearance from a physician (MD or DO), Advanced Nurse Practitioner in written collaborative practice with a physician, Certified Physician Assistant in written collaborative practice with a physician, or Certified Athletic Trainer in written supervision of a physician, must be provided prior to return to play.
 - d. Following a concussion, the athlete should have both physical and cognitive rest until symptoms have resolved.
 - e. An athlete must be asymptomatic at rest and with exertion prior to return to play
 - f. A graduated return to play protocol has been outlined by the Third International Concussion in Sport Group Statement (2008, Zurich), is recommended by the NFHS (nfhs.org), and may be used to guide return to play following medical clearance.

APPENDIX B

SEEDING PROCEDURE FOR DISTRICT WRESTLING TOURNAMENTS

The following procedures shall be followed in seeding wrestlers for the MSHSAA District Wrestling Tournaments.

2016-2017: ALL FOUR DISTRICT TOURNAMENTS IN ALL FOUR CLASSIFICATIONS WILL USE AN AUTOMATED SEEDING SYSTEM OPERATED THROUGH TRACKWRESTLING FOR DETERMINING TOURNAMENT SEEDING. THIS WILL REQUIRE EACH WRESTLING SCHOOL IN ALL DISTRICTS TO ENTER THEIR WRESTLERS SEASON RESULTS ON THE TRACKWRESTLING WEBSITE. THE AUTOMATED SEED PROGRAM WILL DETERMINE SEEDS WHICH CAN BE CHALLENGED. AFTER THE SEEDS HAVE BEEN DETERMINED THE DISTRICT MANAGER WILL BE ALLOWED TO AUTOMATICALLY GENERATE EACH WEIGHT CLASS BRACKET IN THE TRACKWRESTLING PROGRAM.

THE MSHSAA – TRACKWRESTLING USER GUIDE ISSUED TO DISTRICT MANAGERS SHALL BE USED IN DETERMINING THE STEP BY STEP PROCESS OF USING THE AUTOMATED SEEDING PROGRAM. THIS USER GUIDE WILL INCLUDE THE FOLLOWING REQUIREMENTS. (See item C in Appendix B)

- a. Seeds are to be determined seed by seed considering each wrestler put up for a seed.
- b. Once a wrestler has been put up for a seed, that wrestler remains up for remaining seed(s).
- c. After nominating wrestler(s) for a seed, run the seed report to determine which wrestler to pull for awarding the seed based on accumulated Trackwrestling points.
- d. If there is a tie in the seed report move on to seeding criteria #2, etc.

Note: If a wrestler is eliminated by using seeding criteria #2 or #3, revert back to criteria #1 for remaining wrestlers.

PHILOSOPHY BEHIND SEEDING

The seeding process is designed to reduce the possibility of the best wrestlers meeting in the early rounds of the tournament and to equally divide the quality wrestlers in the two half brackets. The ideal tournament situation is having the quality of wrestling improve as the tournament progresses. Theoretically, the four best wrestlers should meet in the semifinals and the two best wrestlers should meet in the finals.

DEPTH OF SEEDING

The fewest number of wrestlers possible should be seeded. Seeding is to occur only when records and performances clearly indicate a justification for seeding. A maximum of eight wrestlers will be seeded in each weight class in the District Tournaments. Seeding shall be limited to 4, 5, 6, 7 or 8 seeds. **Coaches shall vote at the beginning of each weight class to determine the number of seeds for that weight class.** Note: Once a seed has been awarded at a weight class and the process for determining the next seeded wrestler has begun, the previous seed may not be changed.

A. DEFINITIONS FOR RECORD KEEPING AND APPLYING SEEDING GUIDELINES:

1. FORFEIT: A forfeit is received by a wrestler when his opponent, for any reason, fails to appear for the match. In individual tournaments a wrestler must be entered and have made weight in order for his opponent to receive a forfeit.

a. A wrestler receiving a forfeit shall include the forfeit in his overall record.

b. Forfeits will not be included or considered when applying common opponent criteria unless the forfeit was received as a result of a wrestler having been disqualified or as a result of a wrestler not making weight the second day of a tournament.

c. If a wrestler is forced to forfeit as a result of injury or illness the forfeit will not be counted in his record or when considering the common opponent criteria.

2. DEFAULT: A default is awarded to a wrestler when his opponent is unable to continue wrestling, for any reason, once the match has begun.

a. Defaults received count as a win regardless of the score of the match when the default was awarded.

b. Defaults given shall count as a loss regardless of score of the match at the time it was stopped.

c. Defaults will be considered in the common opponent criteria.

3. DISQUALIFICATIONS:

a. When received, count as a win and shall be considered in the common opponent criteria.

b. A disqualification is counted as a loss in a dual.

c. A disqualification could possibly count as a double loss in the case where a wrestler is disqualified in a tournament and not allowed to wrestle in a subsequent match.

d. A disqualification could possibly be counted as three losses in the case of a wrestler being disqualified in the first of three scheduled matches in a round-robin quad or pool.

4. BYE: A wrestler is not credited with a win. A bye occurs in individual tournaments when either no wrestler is entered or the entered wrestler fails to make weight the first day of the tournament.

5. OVERALL RECORD:

a. If a contestant's total won/lost record exceeds 50, excluding forfeits, the wrestler is ineligible to compete in the district tournament.

b. All matches at ALL levels will count toward a wrestler's Overall Record and toward seeding regardless of how they were recorded (i.e. decisions, defaults, forfeits, disqualification, etc.).

B. SEEDING GUIDELINES:

1. Placement of Seeds: Seeded wrestlers should be placed in accord with Wrestling Rule 10-4.

2. Minimum of 5 Matches: In order to be considered for a seed, a wrestler must have wrestled in a minimum of 5 matches at any level for the season.

EXCEPTIONS:

a. In case a wrestler has been injured or was academically ineligible for the first semester, but has an exceptional varsity record from the previous year, these requirements may be waived;

b. By a majority vote of the coaches, a wrestler with an exceptional record at any level may be considered for a seed. No individual student shall be entered who has not represented his or her school in interscholastic competition in that sport during the season.)

3. Poor Record: Wrestlers with a record below .500 may be considered for a seed along with all other wrestlers.

4. Seeding Criteria: The order of the seeding criteria shall be:

- a. (#1 Criteria) Record against common opponents, all levels (head to head is just one part of common opponents – see C.1. below);
- b. (#2 Criteria) A returning (MSHSAA) state champion or (MSHSAA) state place finisher in any weight class; from any classification.
- c. (#3 Criteria) A returning (MSHSAA) district champion or (MSHSAA) runner-up at the same or adjacent weight class; from any classification.
- d. (#4 Criteria) If everything is still equal after having considered all of the above criteria, a vote of the coaches shall be taken. **A coaches vote shall only break the tie for one seed, once the coach's vote breaks a tie or multiple way tie for that one seed position, the remaining wrestlers shall be then compared again for determining the next seed.**

C. PROCEDURE FOR APPLYING SEEDING CRITERIA:

Seeding Criteria (#1) Record vs. Common Opponents: DETERMINED USING TRACKWRESTLING AUTO SEED PROGRAM (Online)

Seeding Provisions/Clarifications.

- a. Seeds are to be determined seed by seed considering each wrestler put up for a seed.
- b. Once a wrestler has been put up for a seed, that wrestler remains up for remaining seed(s).
- c. After nominating wrestler(s) for a seed, run the seed report to determine which wrestler to pull for awarding the seed based on accumulated Trackwrestling points.
- d. If there is a tie in the seed report move on to seeding criteria #2, etc.

Note: If a wrestler is eliminated by using seeding criteria (#2) or (#3), revert back to criteria (#1) for remaining wrestlers still in for the seed being determined.

TRACKWRESTLING AUTOSEED PROGRAM (COMMON OPPONENTS – CRITERIA (#1))

Step 1: Based on the entries being revealed on the Weight Class Roster page, take a coaches vote for the number of wrestlers to seed at this weight class. (Repeat this Step for each Weight Class)

Step 2: From the Weight Class Roster page, select the “Seeds” link in red print. (Repeat this Step for each Weight Class).

- Select “Fetch MSHSAA Criteria” to apply preliminary seed order to the weight class.
- Select all wrestlers by placing a checkmark in the box to the left of each wrestler’s name.
- Select the “Number of Seeds” from the drop-down menu.
- Select “View MSHSAA Seed Report” which will provide the Preliminary Ranking Report for all wrestlers entered at this weight class based on the common opponent comparison criteria (including head-to-head). This Preliminary Ranking Report is simply a guide for seeding considerations **and is only applying point values for each wrestler selected based on common opponents/head to head.**
- Keep the Preliminary Ranking Report visible as you proceed to seeding the weight class. (Note: Write out the order of wrestlers in Preliminary Ranking Report onto a marker board, overhead projector, etc.)

Step 3: Determining Seeds: While viewing the Preliminary Ranking Report, request from coaches the wrestler(s) to be considered for a seed. In the case that multiple wrestlers are being considered for the same seed follow the steps below: (Repeat this Step for each Weight Class)

- Using the Seeding Meeting Wizard page, check mark the names of those wrestlers being considered for the seed.
- Select “View MSHSAA Seed Report”. This Seed report now breaks down which of the multiple wrestlers being considered for this seed receives the seed based on the comparison of only these selected wrestlers using the common opponent seeding criteria.
- If there are no errors in posted match results and all wrestlers are still tied following common opponents; move forward with application of the remaining MSHSAA seeding criteria (#2), (#3) and (#4) as noted below.

Seeding Criteria #2. Returning State: A returning MSHSAA state champion or MSHSAA state place finisher in any weight class, from any classification.

Seeding Criteria #3. Returning District: A returning MSHSAA district champion or MSHSAA runner-up in the same or adjacent weight class, from any classification.

Seeding Criteria #4. Coaches Vote: If everything is still equal after having considered all of the above criteria, a vote of the coaches shall be taken. One vote per school in attendance at the seeding meeting for all seeds going to a coach’s vote shall be taken. **A coaches vote shall only break the tie for one seed, once the coaches vote breaks a tie or multiple way tie for that one seed position, the remaining wrestlers shall be then compared again for determining the next seed.**

TRACKWRESTLING: Saving Seeds/Build Bracket: Move/Place wrestlers into their proper seeded position by: (Repeat this Step for each Weight Class)

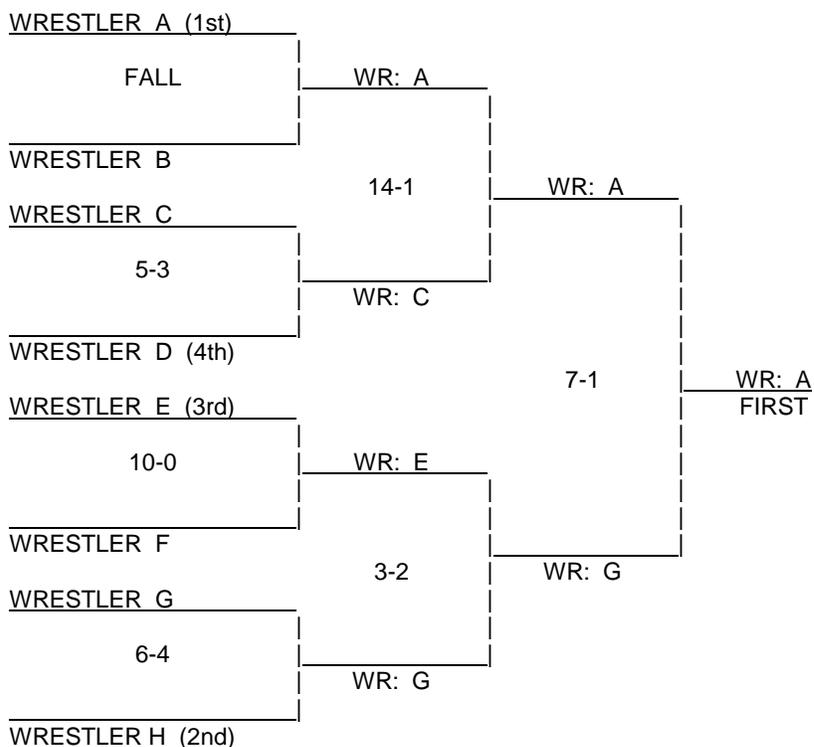

- Using the move wrestler arrows or the drop-down seed selection box under each wrestler’s name.
- Double check wrestler’s seed is properly selected.
- Double check “Number of Seeds”
- Select “Save Seeds”
- Select “Build Bracket” (Unseeded wrestlers and byes will automatically be drawn balanced and randomly into the bracket)

TRACKWRESTLING: Print Bracket: Select “Bracket” link in the red print. Select “View Bracket”. Print a copy for each team to review. (Repeat this Step for each Weight Class)
