

ON-CAMPUS DRAMA SITE — Carrington 208

READER'S THEATRE (Finals Room)

Carrington Hall is the building directly south of the Plaster Student Union (tournament HQ). It is an auditorium seating over 150 with an elevated (3' 3") stage. The stage measures 24' across and 6' 8" deep, and has a curtain dividing the depth in half. Access to the stage is available from a short staircase in the main auditorium on either side of the front part of the stage. Carrington has a small elevator. Most entrances have stairs, but there is a stairless entrance on the west side of the building – it is the southern most of the west side entrances.
