Email Policy: Due to the high volume of email messages received by the Association, an expedited personal response may not always be possible. The MSHSAA staff will respond first to more traditional means of communication such as telephone calls, written correspondence and faxes. The MSHSAA office can be reached at (573) 875-4880 during regular office hours. As time permits, staff will reply to email messages that include the sender's complete name, address and phone number. Questions regarding student eligibility or specific MSHSAA by-laws should first be directed to your local school administrator. By Board policy, our staff is not permitted to answer specific eligibility inquiries via email, and any follow-up questions to the MSHSAA should be done via telephone or written correspondence.

Appeals Committee Summary

Held March 17, 2015

The Appeals Committee heard eleven cases and ruled as follows:

a. Granted unrestricted eligibility to the following schools' students under provisions contained in MSHSAA By-Law 3.10.4.h, Hardship Application Transfers:

1. Camdenton High School
2. Lutheran St. Charles High School (two appeals)
3. Webb City High School
4. Brentwood High School
5. Miller High School

b. Denied appeals to grant eligibility to the following school's students under provisions contained in MSHSAA By-Law 3.10.4.i, Waiver

Application, due to transfers being deemed as being made for athletic reasons:

1. Lutheran South High School (two appeals)
- c. Denied appeals to grant unrestricted eligibility to the following schools' students under provisions contained in MSHSAA By-Law 3.10.4.h, Hardship Application Transfers and granted restricted

eligibility under Transfer Waiver, By-Law 3.10.4.i:

1. Lutheran South High School
2. Duchesne High School
- d. Granted eligibility to the following school's student under provisions of Article IV, Section 6-p, Hardship Provision of the MSHSAA Constitution:
 1. Hickman High School

Coach Defined

A coach is one who provides any type of instruction specific to a sport or activity. All coaches, paid or not paid, must be submitted online. Such person shall, therefore, meet the standards for coaching in the interscholastic program as provided in By-Laws 3.1 through 3.1.10. A coach must be "approved by the MSHSAA office prior to instructing students. An egregious or intentional violation of the MSHSAA by-laws or rules/regulations of the sport may cause the Board of Directors to withhold "approved" status.

Online Rules Review Requirement

Each school shall be responsible for requiring all coaches (as defined in By-Laws 3.1 through 3.1.10) to complete a MSHSAA Rules Review, except for those coaching an emerging sport. When a coach does not complete the rules review within the time allowed, there will be a \$50 fine per coach to open the review.

Football Advisory Committee Summary

Held December 11, 2014

1. Recommend the following changes to the playoff schedule:

a. Games 10-11-12 will be played on Friday unless the field is unlit; if unlit, the game will be played on Saturday.

b. If two schools in the same district share a playing field, the higher seed will play on Friday; the lower seed will play on Saturday.

c. Teams mutually agree to play on Saturday by the time bracket information is due.

d. Games 13-14 will be played on Saturday at 1:00 p.m. unless teams mutually agree to play on Friday by the time bracket information is due. Motion passed 9-0.

QUESTIONS & ANSWERS

The following are questions and answers pertaining to the MSHSAA Constitution and By-Laws and/or MSHSAA Board of Directors policy. These are provided as an aid in interpreting the rules and regulations which MSHSAA member schools have adopted. If you have a specific area and/or question which you would like explained, contact Dr. Kerwin Urhahn, MSHSAA executive director. Your attention is called to the fact questions and answers regarding interpretations of the MSHSAA Constitution and By-Laws appear following the Constitution Article or By-Law they relate to in the MSHSAA Official Handbook.

Question: Our school district supports three high schools. Our Board of Education will permit and grant requests from students to attend a high school in which their parents' residence is not located in that high school's established geographic attendance area. The family does, however, reside in the school district. Would this scenario fall within the requirements of residence in MSHSAA By-Law 3.10.2?

Answer: No. The by-laws carefully define residence as being within the established geographic attendance area for the individual member school and not an entire school district of multiple schools at the same level. In the situation described, the students would be initially ineligible until a transfer form is submitted to determine athletic eligibility in all sports. Non-resident freshmen may be ruled eligible under the "promotion" transfer exception, but they are still considered transfer students if they live outside of the individual high school's boundaries, and a transfer request must be filed.

Question: Our school encourages our students to use our weight room for out of season conditioning. Our athletic coaches take roll of their student athletes and expect them to participate in this program. If the students do not attend the coaches counsel with them that they should be there for the good of the team. Is this appropriate action by our coaches?

Answer: No. Participation in an out-of-season conditioning program is completely voluntary and must be open to any student who desires to attend. Taking roll for team attendance is signaling to the students a record of team member attendance is being kept even though the activity is voluntary. The follow-up with the students and so called "counseling" to attend has definitely tied participation with team responsibility outside of the season. The adults have implied to the students they are expected to attend and this is a responsibility to the team.

Because there is a fine line that can be crossed, school administrators must educate their coaches of what is appropriate and must monitor carefully the out-of-season conditioning programs.

A Special Thanks!

As the school year draws to a close, the MSHSAA will host the last of this year's Championships. music, scholar bowl, speech & debate, boys tennis, baseball, and girls soccer will be crowning young people from all over the state. These championships could not take place without the help of numerous volunteers.

A special thanks is indeed in order to the many individuals who combined their energies, efforts and talents to conduct our interscholastic programs. On behalf of the MSHSAA Board of Directors and your MSHSAA staff, we truly appreciate your dedication to our young people and the work you do throughout the year. Through the experiences our young people encounter through participation, the skills and lessons of life are taught. Your endeavors to provide enjoyable and worthwhile experiences to our boys and girls has afforded them a valuable opportunity to apply what they are learning through their education. Thank you and enjoy the summer!

Question: Our football coaches have worked out a schedule for the summer and have divided up the duties to give them some time off at home with their families. The head coach is going to work with the team on Mondays and Wednesdays and play seven-on-seven on Saturdays. Our assistant coaches are going to open up the weight room on Tuesdays and Thursdays. We would also like to host our own full contact camp the fourth week in July for four days. a) Do we have to count all of these days as contact days? b) Can our assistant coaches go to the games on Saturdays? and c) when does the summer period end?

Answer: A) the days that the coach or any coach from that sport is giving instruction will be counted as a contact day therefore; the head coach would have to count his days as contact days. If the assistant coaches are following By-Law 3.15 for out-of-sport conditioning they will not be counted towards the contact days. However, if sport specific instruction takes place they will count as contact days. Example: Weight training is over and the kickers go and get a couple of balls and practice kicking out on the field ;contact has occurred for that sport. B) Your assistants can attend any function. The school must keep track of sport specific contact. Any football contact, with instruction is considered one day of contact. You can have three coaches with three different sets of students from the same school doing different things on the same day and that is one day of contact. C) for fall sports the summer ends July 31. For all other sports the summer ends with the Sunday of week six of the standardized calendar.

Question: Who cannot coach a nonschool team during the school year outside a particular sport's school season?

Answer: No member of the coaching staff of any sport (not just the sport in question) from any school that any student on the nonschool team currently attends or will attend the following year can coach this particular nonschool team during the school outside the specific sport's school season (MSHSAA By-Law 3.14.2.e).

Question: Is there a difference to the rule mentioned in the question above if the nonschool competition occurs in the summer after school is dismissed for the summer:

Answer: Yes, during the summer months, the nonschool team participants in any sport may be coached by a member of the schools coaching staff of the school the nonschool participant has attended the previous school year or will attend the next school year (MSHSAA By-Law 3.15.3 Editor's Note).

Summer Questions & Answers

Summer School Questions

Summer school courses and credit earned may count toward academic eligibility if specific requirements are met. The individual school district must first adopt an official position that summer school credit shall be accepted. The policy on summer school credit should be placed in writing and readily provided for informational purposes to parents and students. It should be made clear that correspondence school courses and electives do not meet this requirement.

The following questions and answers should be helpful and shared with your school counselors.

Question: Will students be able to count summer school credit toward meeting the academic eligibility requirements for the first semester of the 2015-2016 school year?

Answer: Yes. By-Law 2.3 provides students may count up to 1 unit of credit from summer school toward establishing their eligibility for the fall semester. Only classes, which are required for graduation from the local school, may be counted toward meeting the academic requirement. Electives are not accepted.

Question: Should we have some type of a form that our counselors may want to use to advise the student and parents if the class(es) being taken in summer school will or will not count toward regaining academic eligibility?

Answer: Absolutely. The counseling department and the school athletic and activities directors must all work together to be certain students are advised properly before taking the class. If any questions arise the MSHSAA office should be contacted. (573-875-4880)

Question: If a student needs 1 unit of credit in physical education and has earned that credit by the end of the sophomore year, may the student take physical education during the summer after the junior year as an elective and count this credit toward re-establishing his academic eligibility?

Answer: No. Only classes required for graduation as set form by the Department of Elementary and Secondary Education (DESE) and/or the local school may be counted in summer school. Electives would not count toward regaining eligibility.

Question: May one of our students take summer school in another district and count the credit earned towards eligibility?

Answer: Yes, provided the class is required for graduation and your school is going to accept the credit and place on the student's transcript.

Question: If one of our student's fails Algebra I must that student take Algebra I in summer school or could the student take a required science class if Algebra I is not being offered?

Answer: A student is not required to take the same class failed during the school year. The student may retake the class during summer school, but it is not required. The only requirement for a summer school class to be counted towards academic eligibility is that the class is a graduation requirement for the school and cannot be an elective.

Question: Is it mandatory that our school accept summer school credit for determining academic eligibility for the fall semester?

Answer: No. This like all other requirements of student eligibility are the minimum essential requirements and each local Board of Education/Governing Body has the right to establish more stringent requirements.

Question: What is meant by the core classes required for graduation by DESE?

Answer: In order for all students across the state to meet a minimal curricular program it was adopted by the schools to rely upon core courses and required credits for graduation as required by the Department of Elementary and Secondary Education. Currently these minimum requirements are as follows: Practical Arts = 1 credit; Fine Arts = 1 credit; Physical Education = 1 credit; Science = 2 credits; Mathematics = 2 credits; Communication Arts = 3 credits; and Social Studies = 2 credits. In addition a student may also count other required classes.

MSHSAA Summer Hours

MSHSAA summer office hours will take effect on Monday, May 25. Monday through Thursday, the office will be open from 7:30 a.m. to 4:00 p.m. The office will not be open to the public on Fridays during the summer. The building is open to walk-in customers during all hours of operation, Monday through Thursday.

Regular office hours of 8:00 a.m. to 4:00 p.m., all weekdays, will resume August 3.

How Do Students and Parents Learn the Eligibility Requirements?

An incoming seventh grader or ninth grader enters your school with anticipation of activity participation. It is her first opportunity to be a part of an interscholastic program. The student and the parents are unaware of academic requirements, semesters of participation, age requirements, nonschool competition requirements, amateur and awards standards, etc. How are our young people and their parents to learn of the eligibility requirements necessary to earn and maintain student eligibility? How do they learn about the interscholastic program, its purpose and philosophy? This is essential.

It is the responsibility of the staff of each member school to properly advise and educate the students and their parents of the eligibility requirements. The youngsters in our programs are placed in a vulnerable position when the school administration and activities staff do not review and clarify the eligibility rules and the purpose and philosophy of our programs.

Member schools should make certain that students expecting to compete in their school's athletic and activity programs clearly understand the standards of eligibility. As an aid in properly informing students, the MSHSAA annually publishes a brochure entitled "How to Protect Your High School Eligibility." A copy of this brochure is sent to all member schools in the August packet each year and with the sport rule book mailings. Member schools may make copies or order a supply from the MSHSAA office at a minimal cost per copy to cover the costs of printing and postage. The information can also be found at www.mshsaa.org.

All students participating in athletics and activities should be given one of these brochures as standard procedure. In addition, coaches and directors should take time to review the pamphlet with members of their sports squads and activities groups to explain all eligibility requirements. Eligibility requirements and school policies for participation should be provided in writing to all students and parents. The purpose and philosophy of the school program should be reviewed with all parties involved.

Posters on How to Protect Your Eligibility shall be distributed to all member schools in August. Please post these in prominent locations. Extra copies are available from the MSHSAA office.

Check ACT & SAT Dates to Avoid Conflicts

High school counselors, principals, coaches and directors are urged to remind all high school students of the dates on which the ACT and SAT tests will be administered, as well as the dates of MSHSAA district and state events. MSHSAA event dates are contained in MSHSAA sport and activity manuals, the MSHSAA wall calendar and inside the back cover of the MSHSAA Handbook.

High school students participating in interscholastic activities often find conflicts between interscholastic events and the ACT and SAT test dates. Students can avoid this problem by arranging for a test date that does not conflict with an interscholastic event in which they will be participating.

Following are the test dates for 2015-2016:

2015-16 ACT Test Dates	2015-16 ACT Registration Dates	2015-16 SAT Test Dates (Tentative)	2015-16 SAT Registration Dates
September 12	August 7	October 3	September 3
October 24	September 18	November 7	October 9
December 12	November 6	December 5	November 5
February 6	January 8	January 23	December 28
April 9	March 4	March 5	February 5
June 11	May 6	May 7	April 8
		June 4	May 4

The Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) dates are October 14 and October 28, 2015. Check with the SAT College Board for registration deadlines.

2015 Area Meeting Report

The MSHSAA staff conducted eight Area Meetings during the month of January. Information gathered at these meetings was presented to the MSHSAA Board of Directors at the January, 2015 meeting of the Board. Consideration was given for further action on the topics discussed. Below is a brief summary of discussion and overall opinions on the topics gathered at each of the eight sites.

1.	Should language be added to the MSHSAA By-Laws stating that ejections must be handled at the game site, through the Protest Procedure?	
	North Andrew (Northwest District):	90% in favor to add language.
	Mexico (Northeast District):	Only five in attendance knew there was a policy for protests at the contest. No comments on adding protest procedures to the By-Laws. Change would be that it would become a By-Law. 100% in favor of moving to By-Laws.
	Smith-Cotton (Central District):	Not much discussion. Majority in favor of moving - no opposed. Only a few voted.
	Blue Springs South (Kansas City District):	Audience unaware of protest procedure. Few to no hands raised. Support for adding by-laws language.
	Waynesville (South Central District):	About seven people knew there was a policy. Two examples of misinterpretation of the rules and how it should be handled at the game. Can't be judgment. What happens when a coach wants to protest and the official won't let him? (MSHSAA will then look into because the coach tried to handle it correctly). All agreed to wording being placed in the by-laws. Soccer question about why there are so many and a lot of them are judgment calls. We have looked at video to get a correct number.
	McCluer South-Berkeley (St. Louis District):	If protesting the rule do you have to follow when the sport rule says? 100% in favor.
	Republic - (Southwest District):	100% in favor.
	Dexter (Southeast District):	100% in favor of moving Language to By-Laws.
2.	1) Should the maximum merchandise value limit be increased from \$100 to \$250? 2) Should the merchandise limit be a TOTAL VALUE limit for multiple items received? Currently the language allows receipt of one item with an MSRP limit of \$100.	
	North Andrew (Northwest District):	Questioned why \$250 as opposed to \$150. What about teams that provide gloves and other merchandize? 90% or more in both.
	Mexico (Northeast District):	Asked if we receive this request often. Why not do what colleges do? 100% in favor
	Smith-Cotton (Central District):	Change made previously because of what they were doing nationally. Can we look at it as one item not being more than one price and a total, could it be tiered? It is per event. Who sets the price? (The sponsor) What about gift cards? 100% in favor of increasing limit to \$250 and multiple items.
	Blue Springs South (Kansas City District):	90% in favor of changing limit to \$250. 10% in favor of keeping the regulation as it is. 100% in favor of allowing multiple items.
	Waynesville (South Central District):	100% in favor of raising the award amount to \$250 and allow multiple items.
	McCluer South-Berkeley (St. Louis District):	Is it by sport and how long? Is it only non-school competition? Increase to \$250 - 100%. Allow multiple items - 100%.
	Republic - (Southwest District):	80% in favor of increasing limit to \$250 for a single item. 70% in favor of increasing the limit to \$250 for multiple items. Questioned scholarship money - is it per event?
	Dexter (Southeast District):	Raise it for all sports. 100% in favor of raising to \$250 for multiple items.
3.	Should the minimum requirements for a student to represent a school in interscholastic activities be altered? How much seat-time at the school should be required, at a minimum? Beyond that minimum, should member schools determine for themselves what credits count towards academic eligibility (dual enrollment, college courses, virtual classes, correspondence, online, work-study)?	
	North Andrew (Northwest District):	1) Do we need more than two classes of seat time? We have to be careful allowing too much outside of school. We need 50% seat time. We have to keep oversight of majority of courses remaining on school campus. 2) Should local school fully control what counts as credit bearing classes? A school should not be able to dictate what counts as that will lead to unethical eligibility of students. 100% leave it as is.
	Mexico (Northeast District):	1) No response. 2) Number of hours in your building. 3a) Do we want to mandate a presence on campus, ½ on campus? 3b) We like kids on campus to monitor. 3c) Dual credit is when you leave campus. 3d) If on a college campus we don't care about seat time. 3e) talked about comparing those students at school versus those who aren't there. 3f) Who is providing the virtual school - who is really doing the work (mom)? 3g) Be a part of the school - four classes not just two. 3h) Would this open the door to a prep or academy school? 3i) Is this going backwards from being fair across the board? Holding all students to the same standard. [Following meeting - comment from Columbia School Representative - I'm speaking from my own opinion and will not claim to represent Columbia (though others might agree). I think we need to move forward with a more flexible or maybe just simplified set of standards in this area. Our school is working to expand the notion of what being a high school student looks like, and I hope we see a day when seat time isn't the metric by which we determine whether a student has mastered the essential curriculum, nor the way in which we are paid. I also see this as an equal access issue. Every school and district is not equipped to offer the same program. Smaller schools are at a disadvantage to larger schools in the breadth of programs and the depth to which their students can experience certain courses. Online, dual credit, correspondence, internships, etc. are all ways we can begin to level the academic and experiential playing field for the students of our state.]

2015 Area Meeting Report (cont'd from p. 6)

Smith-Cotton (Central District):	Both ends of spectrum. The student who is working for credit recovery, etc. to get credits and high performing students wanting college credits. Keep in mind schools need the attendance for state money. Flexibility for schools versus home schools. What can we do to help high achieving students that want to take virtual classes? 80% want to see things remain under MSHSAA guidelines not local control.
Blue Springs South (Kansas City District):	Small groups - discuss. Question asked about homeschoolers - would they be able to play? (Local school decision). Audience feedback did not support homeschoolers participating. Not using much online/virtual. Park Hill online - totally run by school, must take one to graduate. May purchase one - Virginia. Transcript - credit on transcript is key. Seat hours is key. Edgenuity - UCM - in building - television. NCPs - NKC - Dual credit - limited in by-law. 95% ADA on online Park Hill courses. 25% ADA for MOVIP. Nervous about inconsistencies of local control. Homeschool piece is a fear. Payment for online - paid by parent or school? (Key). Junior college example - should be OK. Similar to MU basketball player taking masters classes playing for MU. Bill regarding homeschoolers was discussed by MSHSAA (HB 232).
Waynesville (South Central District):	Schools are wanting more flexibility. Can't take away the two hours of seat time. Important to have contact in the building. Kids who have done the work be given an exception senior year. What if a school accepts homeschool credit? Would it help to make the by-law simpler? (Yes). Back to the basics - seat time in school. Who pays for the class - school or student? You don't have to play, there are choices. More than 2 hours? - 1 or 2 people voted yes
McCluer South-Berkeley (St. Louis District):	College credit for high school credit. If on campus unlimited. Would like total local control. What affect does local control have on participation? What does local control do to Jefferson City? More flexibility puts wedge in the door. Would like to be more on the same page. Thought about a progressive eligibility. Staggered 9, 10 different than 11 and 12. Attendance peace with alternate schools and home school. Is there an appeals procedure? Really like minimum seat time. Then internships for credit. Intern assigned to a class in the building. Flexibility for seniors and college classes, etc. Work release, college credit, etc. assign credit. Current language too complicated Q & A examples? Define/clarify - dual credit/dual enrollment. Data tied? Local control - 5% in favor, MSHSAA regulation - 95% in favor, least restrictive - 80% in favor.
Republic - (Southwest District):	Like students to spend time in their high school. let schools determine how they award credit. Is it on the high school transcript? What percent are you in the actual school? MOVIP and Home School must be considered. Need to have a set deadline as to when credit is awarded. Don't punish high flyers academically.
Dexter (Southeast District):	Like kids to be able to take classes off campus. Like the two hour seat minimum. Like seat time. Depends on local school accepting credits. Co-Teaching Models - Have 31 credits. Online and ITV opportunities. Student represents - should have seat and building presence. Missing opportunities for student athletes. Schools should decide. Dual credit - online credits question unapproved untested methods. Career advancement opportunities. Tuesday/Thursday goes to Three Rivers, what do they do the rest of the time? 50% in favor of opening up. 50% do not like - Keep 1 unit of credit.
4. Should the number of summer contact days be decreased due to the fall season practice date being earlier?	
North Andrew (Northwest District):	How about going to 15? Can cut them more, have almost ruined summer by what we have done. Kids can't even find part-time jobs. Small schools don't have many sports and it is not an issue. Summer access in other sports has killed baseball. Reduce it more. 25 to 20 doesn't make much difference. 98% in favor of reducing.
Mexico (Northeast District):	Changing from 25 to 20: Twenty days is too much. We are killing the multisport athletes. It should be 15 days. Fifteen would be perfect. Larger schools don't have as many multisport athletes. 100% in agreement to reduce. [Following meeting - comment from Columbia School Representative - We (Columbia schools) would NOT be in favor of reducing the number of contact days in the summer. Perhaps it is only a numbers issue (we have many fewer multisport athletes). Perhaps also the fact that we aren't nearly as closely affiliated with what the guy next door is doing in the summer.]
Smith-Cotton (Central District):	The summer contact days are burning out the kids and two and three sport athletes are going away. May set our own reduced number of contact days. Simply not fair for baseball and softball, 20 or 25 days is not enough. Why aren't other coaches going to argue the same thing about wanting their kids? It is the same for volleyball wanting to be coached by the high school coach in non-school competition. Baseball and softball coaches get two seasons to work with their kids, so why the need for summer contact more for baseball and softball. We need to look at all membership for all levels to have contact days, including junior high. If we have it at 25 days then the coaches are pressured. 90% in favor of reducing.
Blue Springs South (Kansas City District):	Our coaches will be fine with 20 days of contact. Twenty days would not be an issue, less would be good. Baseball has issues with it, would like to have exceptions for baseball and softball. If we keep it at 25 days then local schools can make it less. 50%/50% - keep as is/fewer. Ask on questionnaire - Do you use all 25? School coaches and multisport athletes = reason for fewer.
Waynesville (South Central District):	Would not be in favor, as long as they can condition, the coaches and kids would be there. 90% in favor of leaving the same; 10% in favor of reducing number of days.
McCluer South-Berkeley (St. Louis District):	Think that 25 days is fine and doesn't need to be reduced. Like the availability and don't need to change. 95% in favor of keeping it at 25 days. 5% in favor of reducing to 20 days.
Republic - (Southwest District):	Think it is a good idea. Do not want to reduce. 20 days make it tough to get everything in for baseball. kids don't get a chance to be kids because they are trying to do everything. It leads to more specialization and reducing would allow more time to recover and is not so hectic. it is up to the coach to protect the kids and make them take time off. kids are afraid to take time off. 10% in favor of leaving regulation as is, 90% in favor of reducing contact days to 20.
Dexter (Southeast District):	Need to stay the same, like the option. Would football still have the same rules for how days are counted? Can't coach at the most important times. 80% in favor of keeping the regulation as is; 20% in favor of reducing contact days.

2015 Area Meeting Report (cont'd from p. 7)

5. Should power rankings be developed for all team sports and used to seed the district tournament?	
North Andrew (Northwest District):	The football power rankings are allowing the best playoff system we have seen. It would be best if the power ranking was a guideline to district seeding. In favor of using power rankings for team sports - 50% yes, 50% no.
Mexico (Northeast District):	1) Would this be beneficial? (yes) 2) Some of our current procedures have taken care of their issues. When done face to face. 3) Just make it mandatory (face to face). 4) Basketball is a long season. End of year may not reflect the beginning of the year. 4) Injuries. 5) Only as a guideline. 6) Power rankings would help with districts that have conferences that outnumber independent schools. 7) Let each team sport work through their advisory committee. 8) Do you ever see basketball having higher seed host the contest?
Smith-Cotton (Central District):	Flexibility - Eligibility of athletes from semester to semester. Many games in baseball and basketball. What if player is hurt or has flu? Is this a basketball issue? What happens to those that don't play full schedule? What about teams trying max score on opponent? Use as a reference for a couple of years. Discussion of how a seeding meeting should be conducted. 80% in favor as a guide.
Blue Springs South (Kansas City District):	Face to face - needed? Common opponents - lack of. Not enough of an issue to need it. Both face to face or e-mail OK - depends on specifics/schools. We have more common opponents in Kansas City - not as much of an issue to seed. Class 6 school - no bonus/how to deal with? Support as guideline - 60%, mandate - 0%, as is - 40%.
Waynesville (South Central District):	Power Ranking: Would it change the geography? (No) Union likes the power ranking - there would still be issues. Waynesville - if we put it in - use it. Not as a starting point. 10 - starting point; 5 - use it; 1 - stay as is.
McCluer South-Berkeley (St. Louis District):	What are other states doing? Use it for boys volleyball state. Second and third string players are not getting to play because of _____. It would restrict scheduling. Doesn't eliminate 2 or 3 great teams. Inflated or deflated numbers for tough or poor conferences. Not power rankings then all sports don't appreciate it. Want to change by vote. Would prefer to stay face to face. How does out of state work? Power rankings would limit participation. Human element get right more than not. Use #1, #2, #3, #4, #5, etc. Too many things that can go wrong. 0% in favor of a mandate, 100% in favor of leaving procedure as it is.
Republic - (Southwest District):	To use as a starting point - 25% in favor. Making it mandatory - 1 in favor. Leave the procedure as is - 75% in favor.
Dexter (Southeast District):	Football makes sense. Wet fields in baseball and softball affect? Look at Power -30%. Leave as is - 70%. Mandate - 0.
6. Should participation in such games be a local school decision? Should there be a limit per year/per sport? Should participation in all-star games be disallowed during the school sport season? Seniors only or any student?	
North Andrew (Northwest District):	1) Total local school decision? No one in favor opening it up. 2) Allowed during the sport seasons? No. 3) Only seniors or all students can participate? 98% allowable - only seniors. 4) Should we set a flat number allowed per sport per school year? Couple in favor. Against all-star games while still in high school. No coach would want an underclassman to participate in an all-star game.
Mexico (Northeast District):	Just allow local decision - MSHSAA keep it the way it is. One school said let the school make the decision. 99% in favor of leaving it alone. Local decision - 1 person. Underclass - 1 person. We don't see it as a big deal. [Following meeting - comment from Columbia School Representative - We (Rock Bridge H.S.) are fine if you allow this outside the season but before eligibility is up. My only disappointment is the wool being pulled over families' eyes with these things.]
Smith-Cotton (Central District):	Want to see the rule stay at seniors only, don't want to prevent opportunities for kids, but these folks are just wanting to make money. It is difficult when the parents want their kids to go. Want to see kids have opportunities to do things. Who is going to be coaching them, because parents have tunnel vision? Do I want to dictate what a kid can't do when they want to? 25% in favor of local regulation, 75% in favor of MSHSAA rule. Rules help eliminate outside groups from coming in and doing all-star. 50% - 50% for only seniors.
Blue Springs South (Kansas City District):	Like when it went to two, just like seniors. Schools don't like to be the bad guy. Under Armour Football Camp in December. Parent issue. 100% like it the way it is. 0% for more flexibility.
Waynesville (South Central District):	Not during the season - All. Under classmen - worry about injury. If we open this up will there be more of them? (Yes). Leave it the way it is - 100%.
McCluer South-Berkeley (St. Louis District):	What is the difference between All-Star Games and ____ Star Camps? If it is out of the season why does it matter? What is the NCAA Rules concerning this? It helped a kid play another sport by having the rule. 100% leave as is, no during the season. 90% seniors only, 10% underclassmen. 60% should be open, no matter what, 40% leave.
Republic - (Southwest District):	Would like to continue as is. Must be a set number and seniors only. Parents say, this is our decision - is it? Best for our kids to participate in multiple events. Local school decision - 10%, Current rule - 90%. 100% opposed to in season. Questioned why the number? Who defines All-Star Game?
Dexter (Southeast District):	Don't think kids should participate in. All-Star Contest during season - Two people allow participation in All-Star. Five people allow more than two. 100% - leave regulation as it is.

2015 Area Meeting Report (cont'd from p. 8)

7.	<i>Should participation in such events be a local school decision? Should there be a limit per year/per sport? Should participation in these events be disallowed during the school sport season?</i>	
	North Andrew (Northwest District):	Don't like the showcases. What is the disadvantage of allowing it? 2 people in favor, most everybody else opposed.
	Mexico (Northeast District):	Make it a local decision - One. Keep it the way it is - 99%
	Smith-Cotton (Central District):	The non-school network is so large that ids get seen there. If the coach and administration are OK with it, I say let them play. Would rather it be allowed for same sport during season to tryout. 80% in favor of local school making decision. Local schools limit college days so it makes sense to limit tryouts. Shouldn't limit to season, provided run by college. It depends on who is putting it on when looking at an invitation or open event. 80% same type of event.
	Blue Springs South (Kansas City District):	Would like to allow the local schools to determine if they can go or not. People are getting upset on the terminology. Don't understand why it hurts if it is workout or try out. NCAA rules allow for earlier contact on campus. Same wording as same sport/same season. Eliminate the coach requirement from camps. Evaluation Events - local decision - more; stay same - less. No coach to clinic - some (not all voted).
	Waynesville (South Central District):	Do you want this to be a local school decision. No during the season. Limited to a certain number of evaluations during the season. Two just like same season, same sport.
	McCluer South-Berkeley (St. Louis District):	Could we include club tryouts up to the first allowable contest, make that a local school decision? Clarify for multiple teams, one day each like what we have and not allow local control? OK for soccer, not for softball. Leave it as is - 100%. Could we limit tryouts for college during season? Should we allow going to clinics without coach? Remove - 100%.
	Republic - (Southwest District):	Leave it up to the local school to determine. Like to see it opened up because it makes it difficult for our kids. Could this be tied to the All-Star Contest? Majority would like no limit, allowed during the season, and a local school decision. Could we allow them for only certain sports? Having language about missed school time is important. 100% in favor of no coach at clinics.
	Dexter (Southeast District):	Ten in favor of local school, no one opposed. Limit a few. Little comment.
8.	<i>Several new events are allowable for the 2015 regular season in Track and Field. MSHSAA will track the participation of students in the Javelin and Adaptive Events for wheel chaired students to gauge interest.</i>	
	North Andrew (Northwest District):	How many has a current wheel chair student athlete that would participate? (0) How many schools have a student (s) wheel chair bound? (About 10).
	Mexico (Northeast District):	One school has a wheel chair bound athlete.
	Smith-Cotton (Central District):	Three wheel chaired students at schools represented.
	Blue Springs South (Kansas City District):	One third of the schools have a wheelchair student. No other straw votes.
	Waynesville (South Central District):	Two schools with wheel chair students. The cost for cross country and track are going up and up.
	McCluer South-Berkeley (St. Louis District):	40% have a wheel chair athlete. What else defines adaptive?
	Republic - (Southwest District):	Javelin - 6 to 10 schools. Adaptive Events - 2 have wheel chaired possible athletes.
	Dexter (Southeast District):	Wheel chair athletes - 10-12. Is there a definition of adaptive?
9.	<i>Football – Should limits be placed on the amount of full contact allowed during the season beginning with the first day of allowable practice? Such limits would be in place in the summer as well</i>	
	North Andrew (Northwest District):	If contact is restricted in practice the young ones that need it most will not get it because coaches want those starters to get the contact time.
	Mexico (Northeast District):	As a football coach, not in favor, need to teach students. What is full contact? No kids during the summer - all contact starts at practice. [Following meeting - comment from Columbia School Representative - we are probably already in compliance with any full-contact limitations and would support some sort of guideline.]
	Smith-Cotton (Central District):	Concern that injuries will increase due to the body not being conditioned for contact.
	Blue Springs South (Kansas City District):	Full contact - 90 minutes. Asked about number doing football impact testing now? (Lots and beyond just football.) Questions on Questionnaire - beyond football - other athletes?
	Waynesville (South Central District):	Washington does it \$5 per test. Union going to it next year through Mercy.
	McCluer South-Berkeley (St. Louis District):	Impact testing for football -- 80%, for all - 50%
	Republic - (Southwest District):	Baseline Testing - 25% are doing it. Several do it for all sports. Cost of testing is \$5 or less.
	Dexter (Southeast District):	Baseline 20%-30%. Contact sport.

2015 Annual Questionnaire Results

The MSHSAA Board of Directors circulates the Annual Questionnaire each year to all member schools. This instrument is utilized to obtain a consensus from member schools on key issues which will aid the Board of Directors in determining changes that are desired by the majority of member schools. Listed below are the results of this year's Annual Questionnaire.

Topic 1: Ejections and MSHSAA Protest Procedure (Question 1)

1.1	<p>Would you support an amendment to By-Law 5.5.1, to clarify that ejections must be appealed at the contest site by using MSHSAA Board Policy for On-Site Protests of Athletic Contests and that the decision made at the contest site is final?</p> <p style="text-align: center;">YES - 335 NO - 136</p>
-----	--

Topic 2: Amateur and Award Requirements (Questions 2-3)

2.1	<p>Should the maximum merchandise value limit be increased from \$100 to \$250?</p> <p style="text-align: center;">YES - 418 NO - 53</p>
3.1	<p>Should the merchandise limit be a TOTAL VALUE limit for multiple items received?</p> <p style="text-align: center;">YES - 407 NO - 64</p>

Topic 3: Bona Fide Student Definition and Academic Requirements (Questions 4-10)

4.2	<p>Which statement below best reflects your stance on the required number of "seated, for credit courses" that a student should be required to take AT THE SCHOOL the student intends to represent in activities DURING A SEMESTER (as a part of meeting the 80% requirement)?</p>
36 -	<p>a) NO MINIMUM: There should not be a minimum number of classes the student must take for credit at the brick and mortar member school that the student wants to represent – the student should be able to be schooled entirely online, or through some combination of academic options that may all be held outside of the school building to reach the 80% academic requirement.</p>
48 -	<p>b) ONE UNIT OF CREDIT PER SEMESTER: In addition to meeting the 80% requirement, in order to be academically eligible to represent a member school during a given semester, the student should be required to be enrolled in and physically attending classes at that school that provide at least ONE unit of credit for the semester. (semester example: two classes worth .5 credits each, or one class worth a full credit)</p>

38 -	<p>c) ONE AND A HALF UNITS OF CREDIT PER SEMESTER: In addition to meeting the 80% requirement, in order to be academically eligible to represent a member school during a given semester, the student should be required to be enrolled in and physically attending classes at that school that provide at least ONE AND A HALF units of credit for the semester (semester example: three classes worth .5 credits each)</p>
160 -	<p>d) TWO UNITS OF CREDIT PER SEMESTER: In addition to meeting the 80% requirement, in order to be academically eligible to represent a member school during a given semester, the student should be required to be enrolled in and physically attending classes at that school that provide at least TWO units of credit for the semester (semester example: four classes worth .5 credits each)</p>
149 -	<p>e) ALL CLASSES: The full academic standard of 80% should be attained through classes taken in the brick and mortar school that the student wants to represent.</p>
5.2	<p>Which of the academic systems described below best represents your school's academic structure?</p>
302 -	<p>a) Regular 7-hour day</p>
57 -	<p>b) Eight-block system with 4 blocks on alternating days (each block = .5 credit)</p>
5 -	<p>c) Four-block system where all classes meet each day and a student earns ONE credit per semester</p>
1 -	<p>d) Trimester system</p>
8 -	<p>e) Ten-Block system with 5 blocks on alternating days (each block = .5 credit)</p>
26 -	<p>f) Modified block (some blocks meet daily; some blocks meet on an alternating schedule)</p>
32 -	<p>g) Our academic system is not similar to any of the ones described.</p>
6.2	<p>Do you have any students taking college courses for which you DO NOT provide high school credit?</p> <p style="text-align: center;">YES - 62 NO - 369</p>
7.2	<p>Do you have students taking ITV classes which are taught/filmed from a different high school for high school credit at your school?</p> <p style="text-align: center;">YES - 84 NO - 347</p>

2015 Annual Questionnaire Results (cont'd from page 10)

8. ²	Do you have students taking ITV classes which are taught/filmed from a college or university for high school credit at your school? YES - 121 NO - 310
9. ²	Would you support a greater amount of flexibility for member schools in regard to the number and type of classes that could be used toward academic eligibility for activities? Example: Online classes, correspondence courses, dual enrollment, dual credit, virtual school classes, etc. would all be allowable (above the seat time/credit minimum) under the following conditions: <u>Condition 1:</u> All such courses are pre-approved by the school of enrollment for the granting of credit on the student's transcript toward graduation prior to the first day of the member school's applicable semester and prior to the course being started. <u>Condition 2:</u> All such courses/credits must be completed by or before the close of the semester for the school of enrollment.
189 -	a) YES, I support the described flexibility for "non-seated" credits to be used toward academic eligibility for activities.
157 -	b) NO, I would not support what is proposed. I favor a more traditional schedule that requires a student to be a part of the school community for more of the day.
85 -	c) NO, I would not support what is proposed. I am concerned that this option will cause us to be pressured to accept and grant credit for courses that we may find questionable.
10. ²	Which statement best represents your opinion regarding proctored exams when a "non-seated" online, correspondence, or virtual course is to be used for academic eligibility?
340 -	a) Exams which are taken during online, correspondence and/or virtual courses should be proctored by school personnel at the school site if they are to be used toward academic eligibility.
91 -	b) Exams which are taken during online, correspondence and/or virtual courses should not have to be proctored by school personnel at the member school for the course to be used toward academic eligibility.
Topic 4: Summer Contact Days (Questions 11-12)	
11. ²	Which statement best represents your opinion on the number of contact days allowed in the summer?

229 -	a) The current number of summer contact days allowed (25) is appropriate and should not be altered.
170 -	b) The current number of summer contact days allowed (25) is too high and should be reduced.
9 -	c) The current number of summer contact days allowed (25) is too low and should be increased.
23 -	d) The number of summer contact days allowed should be a local school decision.
12. ²	If a majority of member schools believe that the number of summer contact days should be reduced, which total would you support?
53 -	a) 23
197 -	b) 20
44 -	c) 18
137 -	d) I do not support a decrease in the number of summer contact days allowed.

Topic 5: District Tournament Seeding (Questions 13-14)

13. ²	Do you see a benefit in power rankings being developed for team sports so data could be used to assist in seeding each district tournament? YES - 222 NO - 209
14. ²	If a power ranking system is developed, the input of regular season results on the MSHSAA website should:
284 -	a) Be mandated to ensure the rankings are available for district seeding
75 -	b) Be optional so data might be available to assist with district seeding
72 -	c) Be recommended by each sport Advisory Committee and determined by the Board of Directors

Topic 6: College Tryouts and Evaluation Events (Questions 15-25)

15. ²	Should an individual student be allowed to go to an individual college for a private try-out for a college team?
272 -	a) Yes, at any time, with local school permission (both in season and out of season).
159 -	b) This should not be allowed during the school sport season, but should be allowed at the local school's discretion outside of the school sport season.
16. ²	Has your school had an athlete of a team sport request to attend an Evaluation Event (multiple athletes/multiple colleges represented) DURING the school sport season for that sport? YES - 99 NO - 332

2015 Annual Questionnaire Results (cont'd from page 14)

17. ²	Has your school had an athlete of an individual sport request to attend an Evaluation Event (multiple athletes/multiple colleges represented) DURING the school sport season for that sport? YES - 51 NO - 380
18. ²	Has your school had an athlete of a team sport request to attend an Evaluation Event (multiple athletes/multiple colleges represented) OUTSIDE OF the school sport season for that sport? YES - 266 NO - 165
19. ²	Has your school had an athlete of an individual sport request to attend an Evaluation Event (multiple athletes/multiple colleges represented) OUTSIDE OF the school sport season for that sport? YES - 171 NO - 260
20. ²	Based on your experience, are there similarities between a non-school competition event (defined in By-Law 3.13.2) and a college evaluation event (defined in By-Law 3.13.4) in the (team) sport of basketball?
266 -	a) YES, in basketball these events are similar.
165 -	b) NO, in basketball these events are not similar.
21. ²	Based on your experience, are there similarities between a non-school competition event (defined in By-Law 3.13.4) a college evaluation event (defined in By-Law 3.13.4) in the (team) sports of Baseball/ Softball?
225 -	a) YES, in baseball/softball these events are similar.
206 -	b) NO, in baseball/softball these events are not similar.

176 -	a) YES, in football these events are similar.
255 -	b) NO, in football these events are not similar.
23. ²	Based on your experience, are there similarities between a non-school competition event (defined in By-Law 3.13.4) a college evaluation event (defined in By-Law 3.13.4) in the (team) sport of Soccer?
230 -	a) YES, in soccer these events are similar.
201 -	b) NO, in soccer these events are not similar.
24. ²	Based on your experience, are there similarities between a non-school competition event (defined in By-Law 3.13.4) a college evaluation event (defined in By-Law 3.13.4) in the (team) sport of Volleyball?
244 -	a) YES, in volleyball these events are similar.
187 -	b) NO, in volleyball these events are not similar.
25. ²	In your experience, who most often sponsors the Evaluation Events you have dealt with?
246 -	a) An individual college or university
119 -	b) An independent non-educational entity connected with a sport (i.e. a basketball organization)
25 -	c) An athletic apparel company (i.e. Adidas, Nike, etc.)

41 -	d) Other

Sports Medicine Advisory Committee Meeting Summary

Held December 10, 2014

1. Recommended that the 2013-14 head Injury Report be approved as written.
2. Recommended that the Sports Medicine Committee look into the "Anyone Can Save a Life" program to supplement the local school's emergency action plan
3. Recommended that retired school administrators be allowed to serve as wrestling weight assessors.
4. Recommended that MSHSAA provide information to both the officials and the schools about wrestling injury time outs and procedures that would take place during the blood time out versus the injury time out.

Warning Labels on Football Helmet Required

Each player's football helmet, by rule, must have a visible exterior warning label regarding the risk of injury. The label is part of the National Operating Committee on Standards for Athletic Equipment (NOCSAE) standard and indicates that players have been instructed and understand the risks involved in the game of football. Football helmet manufacturers, helmet reconditioning, sporting goods dealers and individual salesmen, in most cases, will provide free exterior warning labels to the schools.

Urhahn presented the Board with the minutes from the Athletic Directors Advisory Committee and the Liaison Committee. The committees didn't have any recommendations for the Board's consideration. No action taken.

Stahl presented nine recommendations to the Board from the Wrestling Advisory Committee: 1) to amend Section 4, "Hosting Criteria for Wrestling Districts", item 8 and amend Section 4-5-j in the MSHSAA Wrestling Manual to indicate the mandatory use of physicians (MD, DO, Nurse Practitioner) at district tournaments for skin condition evaluations during weigh-ins on both days of competition; 2) to amend Section 1-U: Ejection of Wrestlers and Coaches in the MSHSAA Wrestling Manual for clarification of difference between Coaches Misconduct versus Unsportsmanlike and/or Flagrant Misconduct on a coach resulting in ejection.

U. Misconduct/Unsportsmanlike Conduct/Flagrant Misconduct/Ejections: MSHSAA By-law 5.5.1 requires that any athlete or coach "ejected" from a contest or tournament is withheld, at a minimum, from the next event at the same level. The following NFHS Wrestling Rules apply to ejections: Rule 5-12, 5-30, 7-4, 7-5-1,2,3,5 and 8-1-4,6. The following NFHS Wrestling Rules apply to Coaches Misconduct: Rule 5-5, 7-5-4, 8-1-5. Penalty Chart located in Rule 8 precisely applies to all Misconduct, Unsportsmanlike Conduct, Flagrant Misconduct and Ejections. 3) to amend Section 4-D-5-a, 4-D-5-b, 4-D-5-h and Section 4-J-Head Official-d of the MSHSAA Wrestling Manual to clarify and mandate the requirements for Officials in regards to district tournament weigh-ins.

Continued on page 20

March Board of Directors Meeting Summary, con't from page 19

4-D-5-a: Coaches shall not be allowed in the weigh-in area. The only adults present should be the Mat Officials and the personnel placed in charge of weigh-ins selected to serve at the district tournament and the on-site physician appointed for conducting skin check evaluations. In the case of a female wrestler, a female administrator will be used to conduct the weigh-in.

4-D-5-b: District Managers may weigh-in contestants prior to the time the Mat Officials arrive, if they so desire only in the case of an emergency situation or extenuating circumstances preventing the Mat Officials from overseeing all weigh-in procedures. However, In such cases of emergency or extenuating circumstances, to avoid any possible criticism, the manager shall have a representative of another participating school present when weighing in the host school's wrestlers. The tournament committee must approve a case of emergency for the district manager to conduct weigh-ins. Immediate notification to the MSHSAA is required.

4-D-5-h: Mat Officials should arrive at the site of the tournament one hour before the start of each session in advance of the start of weigh-ins. Immediately upon arrival, the Mat Officials shall communicate with the district manager in regards to being present and seek the location of the weigh-in area should relieve the person placed in charge of the weigh-in. They All Mat Officials shall should remain on duty at the scales in the weigh-in area to oversee weigh-ins, grooming standards and skin evaluation protocol until the weigh-ins have officially ended.

4-J-Head Official-d: Review Rule 4-2-1, which concerns grooming standards, with the other Mat Officials district manager, weigh-in personnel and all head coaches prior to the start of weigh-ins the first match; all wrestlers should be checked by the Mat Officials for grooming standards prior to the conclusion of weigh-ins. first match for compliance.

4) to amend Section 4-District Championship Series-H and Section 4-State Championship Series-D in the MSHSAA Wrestling Manual to clarify "Ineligible Wrestler".

INELIGIBLE WRESTLER: In the event a wrestler is determined to be ineligible during the MSHSAA state series only the last wrestler defeated would have points adjusted. Following the district tournament, the remaining place finishers shall be moved up to fill the vacated position of the wrestler(s) who are not available to wrestle. If the wrestler not available is a fourth place finisher, no wrestler will be placed into that position and his opponent shall be awarded a forfeit. This vacated position in the bracket due to ineligibility results in a bye.

5) to amend Appendix B, A-5-b and A-5-c to indicate a wrestler's Overall Record is

to reflect ALL matches wrestled during the season.

5. OVERALL RECORD:

a. If a contestant's total won/lost record exceeds 50, excluding forfeits, the wrestler is ineligible to compete in the district tournament.

~~b. Varsity matches only will constitute a wrestler's overall record.~~

e. b. All matches at the varsity ALL levels will count toward a wrestler's Overall Record and toward seeding regardless of how they were recorded (i.e. decisions, defaults, forfeits, disqualification, etc.).

6) to remove the physician's business card as an acceptable form of additional documentation accompanying the Skin Condition Form; 7) to mandate the entry of "actual weights" from all weigh-ins into Trackwrestling within 48 hours of the conclusion of all weigh-ins in order to use the two weight class variance setting in Trackwrestling to determine a recertified wrestler. A hard copy of each weigh-in form signed by the official is still required; 8) to continue use of Trackwrestling Autoseed Program along with using the MSHSAA Trackwrestling User guide with the following provisions and clarifications.

a. Seeds are to be determined seed by seed considering each wrestler put up for a seed.

b. Once a wrestler has been put up for a seed, that wrestler remains up for remaining seed (s).

c. After nominating wrestler(s) for a seed, run the seed report to determine which wrestler to pull for awarding the seed based on accumulated Trackwrestling points.

d. If there is a tie in the seed report move on to seeding criteria #2, etc.

Note: If a wrestler is eliminated by using seeding criteria #2 or #3, revert back to criteria #1 for remaining wrestlers.

9) to use the clarified MSHSAA Trackwrestling User guide to replace Section C of Appendix B in the MSHSAA Wrestling Manual in regards to common opponent seeding criteria.

Approved all nine recommendations from the Wrestling Advisory Committee.

Approve the late request for a Girls Swimming Cooperative Agreement between Lamar and Liberal high schools for the 2015-16 school

year.

Held March 9, 2015

1. Recommend to amend Section 4, "Hosting Criteria for Wrestling Districts", item 8 and amend Section 4-5-j in the MSHSAA Wrestling Manual to indicate the mandatory use of physicians (MD, DO, Nurse Practitioner) at district tournaments for skin condition evaluations during weigh-ins on both days of competition.
2. Recommend to amend Section 1-U: Ejection of Wrestlers and Coaches in the MSHSAA Wrestling Manual for clarification of difference between Coaches Misconduct versus Unsportsmanlike and/or Flagrant Misconduct on a coach resulting in ejection.
- U. Misconduct/Unsportsmanlike Conduct/Flagrant Misconduct/Ejections: MSHSAA By-law 5.5.1 requires that any athlete or coach "ejected" from a contest or tournament is withheld, at a minimum, from the next event at the same level. The following NFHS Wrestling Rules apply to ejections: Rule 5-12, 5-30, 7-4, 7-5-1,2,3,5 and 8-1-4.6. The following NFHS Wrestling Rules apply to Coaches Misconduct: Rule 5-5, 7-5-4, 8-1-5. Penalty Chart located in Rule 8 precisely applies to all Misconduct, Unsportsmanlike Conduct, Flagrant Misconduct and Ejections.
3. Recommend to amend Section 4-D-5-a, 4-D-5-b, 4-D-5-h and Section 4-J-Head Official-d of the MSHSAA Wrestling Manual to clarify and mandate the requirements for Officials in regards to district tournament weigh-ins.
 - 4-D-5-a: Coaches shall not be allowed in the weigh-in area. The only adults present should be the Mat Officials ~~and the personnel placed in charge of weigh-ins~~ selected to serve at the district tournament and the on-site physician appointed for conducting skin check evaluations. In the case of a female wrestler, a female administrator will be used to conduct the weigh-in.
 - 4-D-5-b: District Managers may weigh-in contestants ~~prior to the time the Mat Officials arrive, if they so desire~~ only in the case of an emergency situation or extenuating circumstances preventing the Mat Officials from overseeing all weigh-in procedures. However, in such cases of emergency or extenuating circumstances, to avoid any possible criticism, the manager shall have a representative of another participating school present when weighing in the host school's wrestlers. The tournament committee must approve a case of emergency for the district manager to conduct weigh-ins. Immediate notification to the MSHSAA is required.
 - 4-D-5-h: Mat Officials should arrive at the site of the tournament ~~one hour before the start of each session in advance of the start of weigh-ins.~~ Immediately upon arrival, the Mat Officials shall communicate with the district manager in regards to being present and seek the location of the weigh-in area should relieve the person-

~~placed in charge of the weigh-in. They All Mat Officials shall should remain on duty at the-seats in the weigh-in area to oversee weigh-ins, grooming standards and skin evaluation protocol~~ until the weigh-ins have officially ended.

4-J-Head Official-d: Review Rule 4-2-1, which concerns grooming standards, with the other Mat Officials district manager, weigh-in personnel and all head coaches prior to the start of weigh-ins the first match; all wrestlers should be checked by the Mat Officials for grooming standards prior to the conclusion of weigh-ins, first match for compliance.

4. Recommended to amend Section 4-District Championship Series-H and Section 4-State Championship Series-D in the MSHSAA Wrestling Manual to clarify "Ineligible Wrestler".

INELIGIBLE WRESTLER: In the event a wrestler is determined to be ineligible during the MSHSAA state series only the last wrestler defeated would have points adjusted. Following the district tournament, the remaining place finishers shall be moved up to fill the vacated position of the wrestler(s) who are not available to wrestle. If the wrestler not available is a fourth place finisher, no wrestler will be placed into that position ~~and his opponent shall be awarded a forfeit.~~ This vacated position in the bracket due to ineligibility results in a bye.

5. Recommend to amend Appendix B, A-5-b and A-5-c to indicate a wrestler's Overall Record is to reflect ALL matches wrestled during the season.

5. OVERALL RECORD:

- a. If a contestant's total won/lost record exceeds 50, excluding forfeits, the wrestler is ineligible to compete in the district tournament.
- b. ~~Varsity matches only will constitute a wrestler's overall record.~~

e. b. All matches at the ~~varsity~~ ALL levels will count toward a wrestler's Overall Record and toward seeding regardless of how they were recorded (i.e. decisions, defaults, forfeits, disqualification, etc.).

6. Recommend to remove the physician's business card as an acceptable form of additional documentation accompanying the Skin Condition Form.
 7. Recommend to mandate the entry of "actual weights" from all weigh-ins into Trackwrestling within 48 hours of the conclusion of all weigh-ins in order to use the two weight class variance setting in Trackwrestling to determine a recertified wrestler. A hard copy of each weigh-in form signed by the official is still required.
 8. Recommend to continue use of Trackwrestling Autoseed Program along with using the MSHSAA Trackwrestling User guide with the following provisions and clarifications.
 - a. Seeds are to be determined seed by seed considering each wrestler put up for a seed.
 - b. Once a wrestler has been put up for a seed, that wrestler remains up for remaining seed (s).
 - c. After nominating wrestler(s) for a seed, run the seed report to determine which wrestler to pull for awarding the seed based on accumulated Trackwrestling points.
 - d. If there is a tie in the seed report move on to seeding criteria #2, etc.
- Note: If a wrestler is eliminated by using seeding criteria #2 or #3, revert back to criteria #1 for remaining wrestlers.
9. Recommend to use the clarified MSHSAA Trackwrestling User guide to replace Section C of Appendix B in the MSHSAA Wrestling Manual in regards to common opponent seeding criteria.

ACTIVITIES

2015-19 Speech/Debate/Theatre Championships Awarded to Missouri State University

The Missouri State High School Activities Association Board of Directors reviewed proposals submitted from willing hosts of the annual Speech, Debate and Theatre Championships. The Board awarded the championships to Missouri State University campus in Springfield. MSU will serve as the host site beginning with the 2014-15 school year.

"We have been moved by the amount of effort the University and the Convention and Visitors Bureau put into their proposal," said MSHSAA Executive Director Dr. Kerwin Urhahn. "The level of synergy between the University, the CVB and the community is flattering. With the amount

of communication that has already taken place, we are looking forward to a very smooth transition."

The Speech, Debate and Theatre championships have been located on the campus of The University of Missouri in Columbia for the past 63 years. The 2014 championships feature 905 participants from 123 schools from across the state.

Beginning with the District Tournament, MSHSAA offers championships in 15 events, including three debates categories, two theatrical events and 10 individual events.

2015 One-Day Cheer Clinics

The MSHSAA One-Day Cheer Clinics schedule is listed below. The Registration Brochure for the clinics can be found on the MSHSAA website under the "Spirit" tab. Pre-registration is \$25 per participant and must be **postmarked by May 8th**. All registrations postmarked after May 8 will be \$30. MSHSAA will invoice each school so you do not have to submit payment at the time of pre-registration. Walk-in registrations shall be invoiced to the school at \$30 per participant. **No payments** will be accepted at the clinic site as schools will be billed directly by MSHSAA. **Please submit your registration form directly to MSHSAA.** The program format will feature two coaches' sessions. The first session is the coach's round table discussion. Topic(s) will be determined based upon information provided on the registration form. The second session will be "Cheerleading Sports Medicine" conducted by an athletic trainer. This year's session will cover "Basic Taping/Wrapping of Ankles and Wrists". There is no charge to coaches who only come to attend the two clinic sessions.

Schools Need for Emergency Approval of Non-Faculty Music Directors

By-Law 4.2.3 specifies that non-faculty music directors must meet the same qualifications as non-faculty coaches.

To qualify as a head music director, an individual must hold a valid teacher's certificate. To qualify as an assistant non-faculty music director (any non-faculty director that provides music instruction) said individual must hold a valid substitute teacher's certificate. In addition, each non-faculty music director must be approved annually by the Board of Directors. The school must list the individual's name on the coaches and directors link. This link is located on the MSHSAA website under the schools tab.

A music director is defined as someone who provides music instruction only. An auxiliary director/flag sponsor, etc. is not considered a music director, and approval is not required for these positions. A drumline instructor would need approval and must meet the above criteria.

Officiating Soccer - There and Here

by *Sophie Bucknell*

I became a fully qualified soccer official in 2008. Since then I have refereed at least one game per weekend throughout the season, mainly at a junior level, and I love it. I like that with the really young players, seven to twelve; you are a teacher for them as well as a referee. I enjoy teaching them the basics like how to take a throw in properly or what to do after an offside has been given. Being patient with the kids and explaining to them what they've done wrong and how they can correct it next time gives you the respect of the players, their coaches and the parents.

Unfortunately in the United Kingdom, the volume of games vastly outnumbers the quantity of officials, meaning that not all games have one appointed qualified referee, let alone three. Unless it is a County Cup semifinal or final, assistant referees tend not to be appointed, leaving the job to a parent, assistant coach or in the case of adult games, a substitute. For the referee this obviously causes many problems, with blatant cheating being a constant occurrence, coaches giving directions from their AR position and most importantly the

AR having no training for the role or real knowledge of the laws of the game.

This is where again the two countries differ. Once again I can only compare soccer, but games over here have the luxury of three (two in the case of two man crews) fully qualified officials on all games. Of course the volume of games is a lot lower over here, there aren't multiple leagues for each age group, but there are a greater number of sports to cover and it can be argued, the level at which the games are played is of a higher standard increasing the need for a full crew of officials.

One thing that will be consistent, unfortunately, wherever you go in the world is dissent - from players, coaches, spectators and whoever else is close to the field. The difference with this problem is the type of abuse officials are given in the two countries and how easy it is for the dissent to be delivered. As mentioned in my last article, American high schools are fortunate to have facilities such as bleachers and benches. What this means for officials is spectators are kept safely away from the field. However, in the UK fans stand on the sideline with the ability to walk onto the field being far too easy. The tone of dissent given to officials over here appears to be different to what I have experienced in England. For example, I was fourteen and refereeing my second game ever when I gave a blatant penalty in an U11 game. The parent of the player I gave the penalty against clearly didn't agree and proceeded to shout across the field that I needed "to be shot" with a load of other expletives. When comparing stories with

other officials, that one always seems to top the others. The occasional "you suck" or "that was a terrible call" from the bleachers come as a welcome break from what I experience at home.

Generally, I have found the behavior of players over here to be very good. During the MSHSAA fall boys season I gave a close call between a goal kick and a corner. As the attacking player got up and saw I had flagged for a goal kick I was expecting a tirade of abuse. Instead his response to me was "I think you got the wrong call there ref, but I won't argue with you" and ran off. I guess it speaks volumes of what the behavior of players at home is like when I was prepared for dissent for a simple goal kick/corner decision.

This article may have made it sound like being an official in the UK is a horrible experience. It isn't. I wouldn't have stuck at it for six years if it was. Being an official gives me a way to keep involved in soccer once I stopped playing and has introduced me to many great people, helps me keep somewhat fit, gives me some pocket money and most importantly gives me lots of enjoyment. The good times I've had with the players, coaches and fellow officials over the years far outweigh any dissent or tough games I've experienced. If you're contemplating becoming an official I can definitely recommend it.
