

The Missouri State High School Activities Association is excited to partner with Athletic.net to streamline eligibility, registration, and advancement for cross country and track and field! We've created an easy-to-follow setup guide to help you get started and equip you to manage a successful season for your team.

- [Create Your Account on AthleticNET](#)
- [Request Access to Your Team Page](#)
- [Invite a Coach to use AthleticNET](#)
- [Add a Meet to Your Team Calendar](#)
- [Edit Meet Info on Your Team Calendar](#)
- [Submit Entries for a Cross Country Meet](#)
- [Hosting a Cross Country Meet](#)
- [Add a Timer or Event Manager to Your Meet](#)
- [Add Non-Meet Events to Your Team Calendar \(like time trials or team meetings\)](#)

NOTE - Your eligibility roster from MSHSAA will automatically be uploaded to Athletic.net. Only athletes who were included on the roster import from MSHSAA will be designated as eligible on Athletic.net and be able to be registered for meets. As eligibility restarts each season, it is essential that coaches work with their Athletic Directors to enter accurate eligibility rosters on the MSHSAA website in order for their Athletic.net rosters to accurately reflect eligible athletes for the season.

Should you have any other questions, please reach out to our support team at [support@athletic.net](mailto:support@athletic.net).
