PURPOSE AND PHILOSOPHY

A. MISSION STATEMENT: The MSHSAA promotes the value of participation, sportsmanship, team play and personal excellence to develop citizens who make positive contributions to their community and support the democratic principles of our state and nation.

B. PURPOSE OF MANUAL: This manual has been prepared to provide a better understanding of the administration of MSHSAA sponsored events. It will serve as a guide to the participating schools and will provide for greater consistency. All information will be included in this manual except such supplementary or incidental information as may be included in the MSHSAA Journal. The regulations in this manual shall be considered official unless the schools are notified in a Special Bulletin of any changes.

C. PHILOSOPHY OF INTERSCHOLASTIC ACTIVITIES: Interscholastic activities are intended to supplement the secondary curricular program. These activities can provide the student with educational experiences and learning outcomes that contribute toward the development of good citizenship. This can be accomplished only when the emphasis is placed upon teaching "through school activities." Interscholastic activities can be justified only when this is their primary philosophy and purpose.

D. PURPOSE OF DISTRICT AND STATE CONTESTS: There are two primary purposes that justify and cause district and state events to be desirable. Those purposes are to provide opportunities to demonstrate before the public the best knowledge, skills, and emotional patterns taught through a particular sport; and to evaluate and compare the best of this teaching of knowledge, skills and emotional patterns among schools. Unless these purposes are primary, district and state athletic contests cannot be completely justified.

   It is the desire of the MSHSAA Board of Directors that these events be both fun and educational. It is extremely important that competitors, coaches, and the school community make every effort to enhance, and keep in proper perspective, the educational values of these events. Competition merely for "competition's sake" cannot be justified. Only when competition contributes toward worthwhile educational goals can it be considered sufficiently important to be included in the school program.

E. SUPERVISION OF COMPETITORS AND FANS: MSHSAA By-Laws hold a school responsible, both at home and away, for the conduct of its competitors, students, coaches, and fans. Coaches are required to supervise their competitors. A coaches’ respect for others and school property is necessary in order to instill this respect in competitors. Students staying overnight in hotels or motels in conjunction with any interscholastic athletic contest should be well chaperoned. The good conduct of students will leave a good impression of the entire school.

   A school also should inform its competitors, students, coaches and fans of the value contest officials play in education through athletics. When informing these people of this, the difference in the purpose of high school and professional sports should be emphasized. Lack of respect for officials should not be tolerated. Booing of officials leads to booing of coaches and competitors. This has no place in high school athletics. Athletic administrators are urged to develop a program through any and all communication techniques available to insure that spectators understand that high school athletics are an educational endeavor as opposed to the games being an end in themselves.

SECTION 2: REGULAR SEASON

MSHSAA BY-LAWS FOR STUDENT ELIGIBILITY

2.1 STUDENT ESSENTIAL BY-LAWS: INTRODUCTION AND DEFINITIONS
2.1.1 Student Essential Eligibility Requirements for All Interscholastic Activities: Any student who represents his/her school in interscholastic activities shall be a **bona fide student** enrolled as an undergraduate student of the school (except as provided in By-Laws 3.5.3 and 3.5.1) and shall meet the following general standards of eligibility and the specific standards in By-Laws 3.3 through 4.1.6.
   a. **Bona fide student**: In order to represent the school, the individual must be a bona fide student and meet all eligibility requirements. A bona fide student is one who meets one of the following definitions:
      1. A student who is enrolled in and regularly attending classes at the member school which meet the minimum academic requirements in By-Law 2.3.
      2. A student who has established residency at the member school and whose official records and primary academic transcript is housed and maintained at the member school, and who is accumulating credits toward receiving a diploma from that member school, and meets the minimum academic requirements in By-law 2.3, but is attending classes at a non-member technical high school run by the member school's school district or accredited by DESE or a non-member alternative high school run or contracted by the member school's school district or accredited by DESE. Such students must meet all essential eligibility standards for participation.

2.1.2 Participation: Eligibility to represent a school in interscholastic activities is a **privilege** to be attained by meeting the standards of eligibility cooperatively set by the member schools through this Association and any additional standards set by a member school for its own students.
2.1.3 Interscholastic Activity: An interscholastic activity shall be defined as any extra-class activity involving two or more schools in which two or more students participate who are identified with their schools.

2.2 CITIZENSHIP REQUIREMENTS

2.2.1 Citizenship: Students who represent a school in interscholastic activities must be creditable citizens and judged so by the proper authority. Those students whose character or conduct is such as to reflect discredit upon themselves or their schools are not considered “creditable citizens.” Conduct shall be satisfactory in accord with the standards of good discipline.

2.2.2 Law Enforcement:
   a. A student who commits an act for which charges may be or have been filed by law enforcement authorities under any municipal ordinance, misdemeanor or felony statute shall not be eligible until all proceedings with the legal system have been concluded and any penalty (i.e. jail time, fine, court costs, etc.) or special condition of probation (i.e. restitution, community service, counseling, etc.) has been satisfied. If law enforcement authorities determine that charges will not be filed, eligibility will be contingent upon local school policies.
   b. After a student has completed all court appearances and penalties, and has satisfied all special conditions of probation and remains under general probation only, local school authorities shall determine eligibility.
   c. Moving traffic offenses shall not affect eligibility, unless they involve drugs, alcohol or injuries to others.

2.2.3 Local School:
   a. A student who violates a local school policy is ineligible until completion of the prescribed school penalties.
   b. The eligibility of a student who is serving detention or in-school suspension shall be determined by local school authorities.
   c. A student shall not be considered eligible while serving an out-of-school suspension.
   d. If a student misses class(es) without being excused by the principal, the student shall not be considered eligible on that date. Further, the student cannot be certified eligible to participate on any subsequent date until the student attends a full day of classes.
   e. Each individual school has the authority to set more restrictive citizenship standards and shall have the authority and responsibility to judge its students under those standards.
   f. Each school shall diligently and completely investigate any issue that could affect student eligibility.

2.2.4 Expulsion: A student who is expelled from school because of disciplinary measures shall not be considered eligible for 365 days from the date of expulsion. An expulsion is prompt removal of a student from school following the conduct for which the student is under discipline, whereby the student is not allowed to return to school until either an appeals process reinstates the student or the duration is fulfilled. However, this period of ineligibility shall not apply to any student expulsion for conduct otherwise protected by law which does not materially and substantially interfere with the requirements of appropriate discipline in the operation of a school.

2.2.5 Student Responsibility: Each student is responsible to notify the school of any and all situations that would affect his/her eligibility under the above standards. If the student does not notify the school of the situation prior to the school’s discovery, then the student shall be ineligible for up to 365 days from discovery, pending review by the Board of Directors.

2.3 ACADEMIC REQUIREMENTS

2.3.1 Statement of Philosophy -- Participation in high school activities is a valuable educational experience and should not be looked upon as a reward for academic success. Students with low academic ability need the educational development provided through participation in activities as much as students with average or above average ability. Activity participation should be for all enrolled students making appropriate progress toward graduation and otherwise in good standing. Each local board of education is encouraged to establish criteria to ensure that students who are participating in MSHSAA activities are satisfactorily progressing toward meeting the local graduation requirements.

2.3.2 Grades 9-12 Requirements: A student in Grades 9-12 must meet the following requirements in order to be academically eligible to participate in interscholastic activities:
   a. Semester Prior to Participation: The student shall have earned, the preceding semester of attendance, a minimum of 3.0 units of credit or have earned credit in 80% of the maximum allowable classes in which a student can be enrolled in the semester, whichever is greater, or a student must have made standard progress for his or her level the preceding semester in a special education program for the handicapped
approved by the Missouri State Department of Education which, though un-graded, enrolls pupils of equivalent age.

b. Semester of Participation: The student shall currently be enrolled in and regularly attending courses that offer 3.0 units of credit or 80% of the maximum allowable credits which may be earned, whichever is greater; or a student must be enrolled in a full course at his or her level in a special education program for the handicapped approved by the Missouri State Department of Education which, though un-graded, enrolls pupils of equivalent age.

c. Credit: The calculation of the credit requirement described in a-1 and a-2 above for all enrolled students at the school shall be based on the maximum allowable classes in which a student can be enrolled at the member school during the normal school day due to the academic system that the member school has selected (7-hour day, block schedule, etc.). Credits earned in school-sponsored “extra” classes taken beyond the normal school day may be used toward academic eligibility. Internet classes offered by and at the member school and which are completed no later than the close of the semester with credit placed on the student’s transcript can be counted toward academic eligibility. (See also By-Law 2.3.4, regarding correspondence courses).

d. Entry into 9th Grade: A beginning 9th grade student shall have been promoted from the 8th grade to the 9th grade for first semester eligibility.

e. A student must be making satisfactory progress towards graduation as determined by local school policies.

2.3.7 Grades 7 and 8 Requirements: A 7th or 8th grade student must meet the following requirements in order to be academically eligible to participate in interscholastic activities:

a. Grading Period: A “grading period” is a period no less than six weeks and no greater than nine weeks where progress is determined and is reported to students/parents. A student must have been promoted to a higher grade or a higher level in special education at the close of the previous year. However, any such student who failed more than one scheduled subject, or failed to make standard progress in special education, shall be ineligible the following grading period regardless of promotion to the higher grade (see also Item c. below).

b. Semester of Participation: The student shall be currently enrolled in and regularly attending the normal course for that grade or must have enrolled in a full course at his or her level in any public school special education program for the handicapped approved by the Missouri State Department of Education which, though ungraded, enrolls pupils of equivalent chronological age.

c. Entry into 7th or 9th Grade: This section shall not apply to students promoted for the first time into the 7th or into the 9th grade prior to the first day of classes.

2.3.10 Fifth Day Requirement - Gaining Eligibility: A student who was academically ineligible the preceding semester (high school) or grading period (junior high) but meets the academic standard at the close of that semester (high school) or grading period (junior high) becomes eligible the fifth day classes are attended in the succeeding semester (high school) or grading period (junior high). Exception: If an interscholastic contest is played before the formal opening of school and a student has become academically eligible for the fall semester/grading period and is eligible in all other respects he/she may be eligible to participate under this provision provided the student is properly enrolled in school.

2.3.11 Fifth Day Requirement - Losing Eligibility: A student who becomes academically ineligible shall lose the privilege to represent the school the fifth day classes are attended in the succeeding semester (high school) or grading period (junior high). Exception: If a student becomes academically ineligible for the fall semester (high school) or first grading period (junior high) he/she is ineligible for all activities beginning with the first event.

2.4 SEMESTERS OF PARTICIPATION

2.4.1 Semesters - Grades 9-12: A student shall not participate in more than four seasons in grades 9-12 in any interscholastic activity. A student shall have only eight consecutive semesters (four consecutive years) of eligibility in high school, in which he/she may participate in one season per year in an activity, and these eight consecutive semesters shall begin on the twentieth (20th) day of the first semester a student enters the 9th grade or the first interscholastic contest in which the student participates, whichever occurs first. A student who participates in any part of an interscholastic event or contest shall count such as a season of participation. A student, who applies for, is granted, and leaves school any time after the junior year to take advantage of an early release program shall no longer be eligible for interscholastic competition even though he or she later returns to school. Editor’s Note: Exception - Baseball and softball have two seasons per year in which a student may participate as listed in By-Law 3.28.
2.4.2 Semesters - Grade 7 and 8: A student is eligible for only TWO SEMESTERS in each the 7th and 8th grade beginning with the first semester of entrance in each grade. A student who is repeating a grade is not eligible.

2.9 LOCAL SCHOOL REQUIREMENTS
2.9.1 Any member school shall have the authority to set any additional eligibility requirements, which are more restrictive, that it deems advisable.

4.1 COMMON REQUIREMENTS FOR ALL NON-ATHLETIC ACTIVITIES IN THIS SECTION
4.1.1 Requirements for Coaches: All coaches and directors must be “approved” by the MSHSAA office prior to instructing students in the respective interscholastic activity. An egregious or intentional violation of the MSHSAA By-Laws or the rules/ regulations of the activity may cause the Board of Directors to withhold “approved” status.

4.1.2 Student Teacher - Minimum Requirements: A student teacher meets the requirements to serve as an assistant coach/director for activities.

4.1.3 Rules Review Requirement: Each school shall be responsible for requiring all non-athletic activity coaches and directors to complete a MSHSAA Rules Review. When a coach does not complete the rules review, the school shall justify the deficiency in writing to the MSHSAA office.

4.1.4 Student Eligibility Requirements: All students participating in a non-athletic activity (competitive or evaluative) must meet the student essential by-laws in Section 2 as well as all applicable activity-specific requirements.

4.1.5 Limits on Competition/Participation:
   a. 6th Grade and Below: A student enrolled in the 6th grade or below shall not be eligible to participate in interscholastic activities with or against students enrolled in grades 7 and/or 8. A violation of this rule shall subject the school to penalty in addition to affecting the eligibility of the student.
   b. 7th and 8th Grade: No 7th or 8th grade student is eligible for participation/competition on or against a senior high school team, a team on which students in grade 10 or above may compete except as provided for in By-Law 4.2.5.a (music) and 4.5.8 (spirit). The penalty for violation of this rule shall be the start of the student’s eight semesters and/or four years of high school eligibility (as per By-Law 2.4) and shall subject the school to additional penalties.
   c. 9th Grade: If appropriate as per school membership (combined membership), a 9th grade student may participate on a team/squad/music group comprised of any combination of grades from grade 7 through 9, or any combination of grades from grade 9 through 12. However, the student may only participate in a total number of events equal to that played by the high school team on which he/she participates, if the activity has a contest/event limit.

4.1.6 Certification of Eligibility on the MSHSAA Online Membership System:
   a. Each student, prior to participating in an interscholastic contest or event, must be certified as eligible through the MSHSAA Online Membership System by an administrator of the junior high or high school the student attends. Changes in eligibility at the beginning of second semester shall be made on the system by an administrator.
   b. New additions shall be certified as eligible as described above prior to allowing the student to participate in an interscholastic contest.
   c. If a participant is omitted from the eligibility certification process in error and is certified in writing by the principal to have been eligible at the time of the participation, the Board of Directors shall have discretionary authority to determine whether a penalty is appropriate and the nature and duration of such penalty. The principal shall submit a report to the executive director explaining the circumstances of the omission error.

4.1.7 Representing the School: Participants shall not represent the school (appearing in school uniform, school- named clothing, at school facilities, or with mascot/school colors) to endorse or promote a product/service, commercial venture, political venture, etc. without prior, written consent by a school administrator.

4.1.8 Awards: When representing a school in a performance or a competitive/evaluative event, the following awards are allowable:
   a. A student may receive the following symbolic awards: unattached school letters or emblems, medals, ribbons, trophies, certificates, etc.
   b. A student shall not have accepted or competed for the following types of awards: services, cash or gift certificates.
c. A student may receive a merchandise award that shall not exceed $250.00 in manufacturer’s suggested retail price.

d. This standard does not prohibit a school from accepting expenses for transportation, meals for students, and other similar expenses.

4.1.9 Missing School Time for Unapproved Event: Any student who misses school time because of participating in an unapproved interscholastic event, or because of any travel involved, shall be ineligible to represent the school in the interscholastic activity for a period not to exceed 365 days from the date of violation unless the absence is approved in advance by the school administrator.

4.1.10 School Eligibility to Enter Events: Any high school in Missouri which is a member of the Missouri State High School Activities Association is automatically eligible to register for and enter contests and events in the applicable activity.

4.1.11 Advisory Committee: There shall be an Advisory Committee appointed by the Board of Directors with this committee to be responsible to the Board of Directors.

a. Music - Appointed by the Board of Directors with the advice and counsel of the Missouri Music Educators Association.

b. Speech, Debate and Theatre - Appointed by Board with the advice and counsel of the Speech Association of Missouri.

4.1.12 Board of Directors Responsibility: The Board of Directors, with the advice and counsel of the Activity’s Advisory Committee, shall set-up such contests and events as it deems advisable, formulate policies and regulations for administering these events, determine the districts and sites for the contests, select local directors, and determine school classification based on By-Law 5.1, and set entry fees.

4.1.13 Penalty for Violation of Standards: A student that violates any of these standards (By-Laws, etc.) shall be ineligible from participation in any interscholastic event in the specified activity for a period not to exceed 365 days. It shall further be considered a violation for member schools to participate in an interscholastic event with a member school so suspended.

MSHSAA BY-LAWS FOR SPEECH, DEBATE AND THEATRE

4.3 SPEECH, DEBATE AND THEATRE

4.3.1 Individual Limits on Participation in Speech, Debate and Theatre:

a. Students enrolled in grades nine-twelve shall participate in no more than eleven interscholastic speech, debate, and/or theatre meets, festivals, and/or tournaments during the school year, inclusive of the NSDA District Tournament and exclusive of the MSHSAA district and state tournaments. Students in the 7th and/or 8th grade shall participate in no more than five interscholastic speech and/or debate meets, festivals, and/or tournaments during the school year. Tournament limitations apply to ALL events at any MSHSAA sanctioned tournament, even when the particular event is not one governed by MSHSAA.

NOTE: For the NSDA National Tournament, hybrid world school’s debate teams may be formed, with membership limited to graduating seniors only.

b. A student shall give the same individual speech/selection in no more than eleven (11) tournaments, meets, or festivals during a school year exclusive of National Speech and Debate Association and MSHSAA District and State events. An individual speech/selection shall not be repeated by a student who gave that speech/selection in an interscholastic speech event in a previous school year (grades 9-12). This restriction applies to district and state events, as well as to the regular season.

4.3.2 Season Limits for Speech, Debate and Theatre - High School: No senior high school interscholastic speech, debate, or theatre events shall be held before the second Friday in October or later than April 1, other than the allowances listed below:

a. The MSHSAA state tournament.

b. A school may participate in one interscholastic event after April 1 and prior to the Friday of Memorial Day weekend. Such an event shall count as one of the school’s allowable regular season events as per By-Law 4.3.1 (Limits on Participation) and must meet the travel regulations per By-Law 4.3.4.d.

c. Teams or individuals representing a school may participate in interstate, interscholastic events which may begin no earlier than the Friday of Memorial Day weekend, only if the school has advanced from a qualifying
event that takes place during the aforementioned season or if the event’s selection procedure has been approved by the MSHSAA Board of Directors.

4.3.3 Season Limits for Speech, Debate and Theatre - Junior High School A junior high school may participate in a maximum of five (5) junior high interscholastic speech, debate, and/or theatre meets, festivals, and/or tournaments in a school year. These events may be held at any time during the school year. No 7th or 8th grade student is eligible for competition on or against a senior high school team consisting of 10th graders or above.

4.3.4 Speech, Debate and Theatre Event Sanction Regulations:

a. Any speech event which involves students from more than one school sponsored by a non-school organization or a college or university shall have the approval of the Board of Directors and interstate speech events shall have the approval of the Board of Directors and the state associations of all states invited. Application for approval shall be submitted no later than 30 days prior to the first date of the event.

b. An interscholastic speech event sponsored by a member school shall have the approval of the high school administrator and, for interstate events approval of the MSHSAA Board of Directors.

c. All events shall meet the following standards:
   1. Only symbolic awards and a merchandise award with a manufacturer’s suggested retail value not to exceed $100.00 are permitted. No cash awards shall be offered. (See By-Law 3.6.2.a, c and d for definitions of allowable awards).
   2. No interscholastic speech event shall start before 4:00 p.m. on a school day, except that events may start as early as 2:00 p.m. on Friday. The MSHSAA District and State Tournaments shall be exempted from this regulation and a school may participate in one regular season contest (which may be the NSDA District Tournament) per school year that begins as early as 8:00 a.m. on a school day.
   3. Shall be in accord with all other provisions contained in the Speech, Debate and Theatre By-Laws.

d. A school may participate in any approved interscholastic speech event within the state. A school may travel to the site of one out of state tournament or invitational meet per year beyond 250 air miles from the perimeter (border) of the state of Missouri, with the date and location to be determined by the local school administration. All remaining tournaments and invitations must fall within 250 air-miles from the state border.

e. A school that violates any of these standards shall be suspended from participation in any interscholastic speech activity for a period not to exceed 365 days. It shall be considered a violation for a member school to participate in interscholastic speech events with a member school so suspended.

A. INTERSCHOLASTIC CONTESTS: Interscholastic contests in Speech, Debate and Theatre are organized and conducted for the purpose of developing competence in speech. These contests, properly conceived, are definitely pedagogical in their aims and objectives and should be viewed as educational projects. Since the tournament format is utilized for Speech and Debate, competition is, naturally, an important element of participation. The desire to win supplies a strong incentive to achieve and improve. This aspect of the activity is desirable in that winning is correlated with performance of merit. All the Rules and Regulations governing the events are designed to make the winning of contests synonymous with good speaking and good debating.

While this objective has been largely realized, it sometimes happens that, under the stress of the desire to win, individuals become overzealous and their actions reflect on the good name of the school they represent. Every possible effort should be made to preserve friendly relations and to conduct all contests on the highest plane. A contest is a friendly contest and to keep this spirit, it must be conducted in a fair and impartial manner by directors, students and judges alike.

1. The highest kind of school loyalty is that which reflects credit on the home school, not that which tries to secure a victory at any cost.
2. Participants, directors and all observers should hold the judge's decision with the highest regard. Talk with the judges, learn all you can from them and remember that their honesty should be held without question.
3. Directors and others present should always display proper audience behavior regardless of the nature of the remarks made by the speaker.
4. Directors should recognize that judging their own students is not the accepted manner in running a tournament.
5. The speeches being performed by the students should be the honest efforts of the students involved.
6. Cell Phones and other electronic communication devices may not be turned on while in the preparation rooms, competition rooms, or in the awards ceremony. EXCEPTION: Cell phones can be turned on in competition rooms to be used as timing devices or used in the event(s) deemed acceptable in this manual.
7. Video/Audio taping or recording: Per MSHSAA policy, the practice of audiotaping, videotaping, audio recording and/or video recording any Speech, Debate and/or Theatre performance(s) at any interscholastic speech and debate event/contest shall be considered unethical and shall not be allowed.
8. Non-Internet connected computers, electronic storage, retrieval devices, etc. shall be allowed in rounds of Policy, Lincoln-Douglas and Public Forum Debate. Connectivity to any person, machine, device, server outside the competition room, wired and/or wireless networks is strictly prohibited during all rounds. Other prohibited devices include cell phones and personal digital assistants; i.e., Palm, Treo, Blackberry, etc.

B. FOR DIRECTORS:
1. Always be on time for judging assignments.
2. Always get the approval of the director to change judging assignments.
3. If, for some reason, you must leave before a tournament is over, inform the director of your plans.
4. Go through the proper channels of appeal without causing "A Scene".
5. Always use appropriate language.
6. It is inappropriate to falsify debate evidence.
7. Always show respect for the host school and follow the rules for the use of the building.
8. Remember to always be a positive role model for your students.
9. Remind students to use internet message boards in a positive manner.
10. Encourage students to develop original interpretations of their selections.
11. Never provide coaching/direction/advice to contestants/debate teams during competition rounds.

C. FOR STUDENTS:
1. Respect the activity, their opponents, and the schools they represent.
2. Courteous audience behavior shall be displayed while viewing any performance.
3. Debate competitors should respect the ideas and arguments of their opponents as well as the style of debating employed.
4. It is inappropriate to falsify or plagiarize material. Students should only use internet message boards in a positive manner.
5. Debate competitors should shun ridicule, name-calling, belittling, snide remarks, and degrading comments, both in and out of rounds of competition.
6. Competitors should help maintain an atmosphere of fairness and mutual respect.
7. Competitors should respect all property at the tournament site, particularly making certain that nothing is disturbed in the contest rooms.

This applies to all regular season tournaments (By-Law 4.3.1).

2. A selection shall not be repeated by a student who gave that selection in an interscholastic speech event in any previous school year (grades 9-12). This restriction applies to the regular season and the district and state events. In addition, a selection used by a school in the previous year's district or state events shall not be repeated by that school in the current year's district or state events. The restriction on schools repeating selections applies to the district and state tournaments only. A violation of this provision shall result in disqualification of the entry.

3. An individual student shall not use the same selection in a tournament in more than one event. A violation of this provision shall result in disqualification in all but one of the events.

4. A selection shall be defined as the entire work from which a cutting is taken, including plays. Adaptations of works which give credit to the original author shall be considered the same selection as the original work even if performed in different events.

B. SCHEDULE ALLOWANCES: For contests held on Monday thru Thursday nights you may combine a maximum total of six rounds of competition to equal one tournament. Partial contests shall be rounded up so that a student who has participated in less than six rounds of weeknight contests will be deemed to have used one full contest of their 11 eligible tournaments, meets or festivals. It is recommended that all efforts be made to start the last round of an invitational tournament before 9:30 p.m. on Friday nights.
C. **COPYRIGHT RESTRICTIONS:** It is the responsibility of each director and each school to enforce the Copyright Law.

1. Original material may be used in the One Act Play and Readers Theatre categories. The school director must submit a statement with the entry form certifying that the material is truly original.
2. Adaptations of books, plays etc., shall not be considered original works; therefore, a letter of permission from the author or a royalty statement shall be submitted with the entry form. Copyrighted, non-royalty material performed exactly as published (not adapted) does not need verification of permission.

D. **MATERIAL:** Material presented by all participants shall be appropriate for public performance by high school students. F. **CONNECTIVITY & ELECTRONIC DEVICES:**

1. **Internet connectivity may be allowed at a tournament’s discretion so long as the tournament reasonably attempts to provide access to all competitors. Use of the internet at a tournament should be placed in the invitation. The internet should not be used to communicate with people outside the room of competition.**

2. Should a tournament choose not to allow internet usage:
   a. Cell phones and other electronic communication devices may not be turned on while in the preparation rooms, the competition rooms, or in the awards ceremony. **EXCEPTION:** Cell phones can be turned on in competition rooms to be used as timing devices, but they cannot be used for any other function during rounds of competition.

c. The distribution of evidence, visual aids and published material to debate judges is prohibited, unless requested by the judge.

d. Judging shall be governed by the following provisions:
   i. The ballot shall be that provided by MSHSAA.
   ii. The judge shall write the debater's rank after the debater's name on the ballot.
   iii. Each debate in the preliminary rounds shall be judged by two persons whenever possible (one judge will be a paid judge and the other a coach or other qualified representative, from a participating school, accepted by the tournament manager.) All directors who have students entered in debate events are required to be available to judge one round beyond the elimination of their school's debaters at the district and state tournaments. If sufficient numbers of judges are not available only one judge may be used if such is the desire of the majority of schools. Teams shall be advanced on the basis of ballots won.
   iv. The elimination rounds should be judged by three persons provided judges are available and, at the state tournament, at least one of the three judges shall be a school coach.
   v. The final elimination round shall be judged by three persons. At the state tournament, the three judges shall be high school directors.
   vi. A judge shall not be informed as to the names of the school represented in a debate. The school shall be identified by number on the ballot.
   vii. No judge shall hear the same team debate the same side more than once and it is recommended that a judge hear the same team only once regardless of sides debated.

e. Judging Criteria
   i. Analysis and Case: Do the debaters deal with the basic issues? Are the major terms defined? Is the history and background of the questions given? Are the cases clearly organized and easy to follow?
   ii. Attack and Defense: Refutation is not confined to rebuttal speeches; it is interspersed throughout the debate. Do the debaters attack and defend the basic issues? Do the debaters answer satisfactorily those attacks made on their cases by their opponents? Is the rebuttal organized?
   iii. Evidence: Evidence consists of facts, authoritative opinions, and substantial material which supports or denies the proposition. Is the evidence pertinent? Dependable? Is the evidence sufficient to support the case? Does the debater use his/her evidence to establish proof? Does he/she show the relationship between the statement to be proved and the evidence he/she used to prove it? Is the argument sound?
   iv. Delivery: The debater should speak extemporaneously. Is his/her language adequate? Are his/her speech techniques adequate for his/her needs? The contestant should adapt what he/she says to arguments advanced earlier in the debate. Consider: Courtesy to opponents, directness, fluency, poise, audibility and the use of good English.
   v. Cross-examination: Cross-examination shall be used to clarify an obscure point, to explore factual error, or to obtain damaging admissions. It should not be used to attack a witness’ integrity. The value decreases if the questions do not evolve from the debate.

NOTE: Oral critiques are not permitted.

f. Unethical Conduct: Students participating in interscholastic debate are expected to follow all rules of the event and be ethical in their conduct and practices while preparing for or during debate. All conduct and actions should meet the rules of the event. These same actions should be honest, fair, reputable and good for the activity.

It is the responsibility of the speaker to orally deliver the following when introducing evidence in a debate round: primary author(s)' name (last) and year of publication. Any other information such as source, author’s qualifications, etc., may be given, but is not required. Should two or more quotations be used from the same source, the author and year must be given orally only for the first piece of evidence from that source. Subsequently, only the author’s name is required. Oral citations do not substitute for the written source citation. The full written citation must be provided if requested by an opponent or judge.
   i. Challenging Evidence: It shall be the responsibility of the opponent(s) only to challenge the
opposition for the falsification or fabrication of evidence.

a) Indictments or protests of the validity of evidence shall be made on substantive grounds.

b) The challenger must have either the original source or a copy of the source being sited, or

c) The challenger must demonstrate that reasonable search has not been able to locate the source. (Such as copies of relevant pages in "Books in Print," "Readers Guide," "P.A.I.S.,” etc.)

ii. Procedure of Challenge:

a) The challenge must occur during the round.

b) The judge(s) shall make note of the challenge with the round continuing. If evidence is taken from a "handbook" and better evidence is provided the judge(s) shall weigh in the regular decision.

c) Entrants shall report to the tournament manager along with school directors. The manager shall hear the evidence then if needed convene the grievance committee.

d) If challenge is upheld the entrant(s) challenged shall be disqualified from the tournament and lose that round with no other ballots from previous rounds being altered.

2. LINCOLN-DOUGLAS DEBATE

a. An orthodox variation of standard debate, Lincoln-Douglas Debate is also known as "One-Man Debate" and has been utilized often during political campaigns. Only two speakers are involved, one fulfilling the affirmative case responsibilities and the other, the negative. Since students participating in Lincoln-Douglas debating are usually speaking to an audience, they should be encouraged to develop a direct and communicative delivery. Emphasis is necessarily placed upon the issues involved rather than upon strategy in developing the case. The statement of the topic is a resolution of value rather than of policy results in emphasizing logic, theory, and philosophy while eliminating "plan" arguments. Because of time limits, a wealth of evidence cannot be used, but research supported by good background reading is necessary.

b. The district and state tournaments will both use the NSDA topic for March/April.

c. The time limits of the speeches shall be as follows:

NOTE: Each debater will be allowed a total of four (4) minutes of preparation time during the course of the debate to be divided as he/she sees fit.

NOTE: Teams using flash drives will officially end their prep time when the flash drive is physically removed from the computer.

iii. **General Knowledge**: Did the debater have a clear understanding of the topic? Did the debater bring general knowledge to bear on the proposition?

v. **Delivery**: Does the debater control rate, volume, emphasis, and tone for maximum persuasive appeal? Does he/she communicate efficiently and effectively?

vi. **Organization**: Are the speeches clearly structured? Was the judge able to understand and evaluate the debate without taking extensive notes?

viii. In the final analysis the winning debater should be the one who presented the more believable position, who showed that values are more important than policies, and who demonstrated that logic is more important than evidence.

**NOTE**: Oral critiques are not permitted.

h. Unethical Conduct: Students participating in interscholastic debate are expected to follow all rules of the event and be ethical in their conduct and practices while preparing for or during debate. All conduct and actions should meet the rules of the event. These same actions should be honest, fair, reputable and good for the activity.

It is the responsibility of the speaker to orally deliver the following when introducing evidence in a debate round: primary author(s)' name (last) and year of publication. Any other information such as source, author’s qualifications, etc., may be given, but is not required. Should two or more quotations be used from the same source, the author and year must be given orally only for the first piece of evidence from that source. Subsequently, only the author's name is required. Oral citations do not substitute for the written source citation. The full written citation must be provided if requested by an opponent or judge.

3. **PUBLIC FORUM DEBATE**
   a. Public Forum Debate may more appropriately be compared to engagements like a Presidential debate or CNN’s Crossfire program. Students present dueling conversational arguments with limited and regulated amounts of clash -- or direct conflict and refutation among speakers. This approach focuses arguments while promoting an atmosphere of discussion. Thus, it is a team debate with an emphasis on conversational delivery, lay judging and regulated argumentation.
   b. A Public Forum Debate team shall consist of two members.
   c. Immediately prior to each debate, there shall be a coin flip. The team winning the flip will select either the side (pro or con) or the speaking position (first or second) that they prefer. The team losing the flip is then allowed to choose their preference for side or speaker position (whichever the winning team did not choose).
   d. The time and order of speakers shall be as follows *(note that the final speeches shall be extended from 1 minute to 2 minutes)*:
   
   **NOTE:** Each team will be allowed a total of two minutes of preparation time during the course of the debate to be divided as it sees fit.

A. Each event shall have at least one judge, and each event shall have a timekeeper. If a coach refuses to judge, his/her team or contestant will forfeit that round.

B. In the event that a timekeeper does not show up to start a round of competition, the judges should NOT wait for a timekeeper to arrive. The round should begin as scheduled.

C. Timekeepers shall adhere strictly to the time schedule and shall notify the judge when a contestant exceeds the time limit rather than stopping the performance. Time cards should be used to indicate time remaining to the performer for all events except One Act Plays and Readers Theatre. Contestants who exceed the time limit may be penalized by the lowering of the contestant's speaking rank by one or more places in the final ranking for that round, and in debate by the reduction of quality points and/or speaker ranks, and is to be determined by the judge's discretion. In One Act Play and Readers Theatre, for exceeding the events time limit, each judge shall automatically lower the rank by one position.

   NOTE: In finals, judges may allow a grace period for audience reaction, except in Radio Speaking, U.S. Extemporaneous Speaking and International Extemporaneous Speaking.

Judges in any event are to use the standard critic evaluation form for that event, as published by the MSHSAA and provided by the tournament director. Judges shall provide complete written comments on all ballots in order to make the experience educational. A judge shall evaluate each performance independently and shall not collaborate with other judges when assigning rankings or ratings.

D. Ratings which will appear on the standard critic form are defined as follows:

   **EXCELLENT:** Shall represent an outstanding performance. (The number of excellent ratings given shall not be limited by the number qualifying for state competition. Qualification for state competition is determined by the ranking provided the manager by the judge and not whether or not the performance received an excellent rating.)

   **SUPERIOR:** Shall represent a performance that is outstanding in many but not all respects.

   **GOOD:** Shall represent a good performance that may be above average in some respects and below average in others, but not outstanding in any respect.

   **AVERAGE:** Shall represent a performance that is poor in some respects and not above average in any respect.

   **BELOW AVERAGE:** Shall represent a performance that is poor in most respects.

D. No judge is to designate any rank for the purpose of making an award of any type other than provided for in this manual.

E. Each judge in the district speech and theatre events shall be provided a certification ranking form for each event he/she judges. The judge shall rank the contestants in each event judged.

F. No oral critiques are permitted in any event. The judge shall not reveal the ranking or rating of cast, team or individual.
G. After the last presentation in an event, the judge shall take the completed evaluation forms to the TAB room/tournament director who shall record the rank and ratings and post the results.

H. The judge shall keep in mind that he/she is judging high school students and not college or professional groups. The judge’s comments should be presented so that they provide an educational experience. Specific suggestions should be written on the individual evaluation forms to help make the ratings meaningful and in such a way that the student is encouraged to try to do better the next time.

I. Debate judges shall write the debater's rank after the speaker's name on the ballot.

J. Debate judges shall be responsible to deal with challenges. The challenge shall be made during the round. If evidence is from a brief and in error and better evidence is provided, then the judge shall weigh in his/her regular decision. Other challenges shall be reported to the manager following the completion of the round. Please refer to Section 7-B-1-e, Section 7-B-2-f and Section 7-B-3-g for more specific procedures.

K. In debate at the state tournament two judges from the same district shall not judge together in the same room. Also, a judge from one district shall not judge a debate entrant from the same district.

L. The Board of Directors shall set fees for judges in the district and state events.

M. Judges shall consult evaluative criteria for the events they are to judge. A violation of the regulations for the event shall be noted to the manager.

N. Judges of speech events at the state tournaments shall rank and rate each contestant in the two preliminary rounds. The eight performers with the lowest rankings at the end of the two preliminary rounds will qualify for a final round.

O. The district manager shall inform all judges that they should excuse themselves from rounds where they may have a conflict of interest with contestants or schools and, in such situations; a judge should notify the judge coordinator.

P. No judge shall judge the same student in the same speech event more than once in the same tournament.

Q. A critic shall not attempt to recruit high school speech students participating in district or state events in which he/she is acting as a critic. The MSHSAA Board of Directors is opposed to any recruiting of high school students during the time a tournament is in progress because of the possibility that this distraction may affect the student's performance.

R. Cell phones and other electronic communication devices may not be turned on while in the preparation rooms, the competition rooms or in the awards ceremony. EXCEPTION: Cell phones can be turned on in competition rooms to be used as timing devices, but they cannot be used for any other function during rounds of competition.

S. The use of electronic retrieval devices shall be prohibited during the rounds. Non-internet connected computers shall be allowed permanently in Policy Debate, including invitational, district and state tournaments/events. Invitational tournament hosts may choose to prohibit the use of computers.

DISTRICT TOURNAMENT

A. GENERAL GUIDELINES:
1. The order of performances shall be established by the local manager.
2. The manager shall establish a time by which all teams must arrive in order to draw debate codes and after that time, a proxy shall be used to draw codes. Districts with 12 or fewer schools entered in all debate events may, upon Agreement, from a majority of coaches with debate entries, draw for debate codes up to 72 hours in advance of the first day of debate.
3. A list of participants in each event shall be posted. Participants will perform in the order in which their names appear on the list. If unable to do so because of a schedule conflict the coach shall contact the tournament manager for an adjustment in the schedule.
4. Any debate, speech, One Act Play or Readers Theatre entry that arrives after the scheduled time through no fault of the tournament, shall be subject to forfeiture in that particular round or event.
   a. The manager shall be authorized to make an exception when the entry is late or does not compete as scheduled because of emergency reasons beyond the control of the concerned party.
   b. The rescheduling must not present an unreasonable inconvenience for the other participating schools.
5. Any entry which does not participate as scheduled shall forfeit and be subject to disqualification from the tournament. Advancement into the next scheduled round of competition shall be forfeited by the entry and any place earned shall be nullified.
   a. The debate team which forfeits shall receive a "3-4" debater's rank and points equal to the average they received in remaining rounds.
   b. The team which received a forfeit/bye win shall receive for that round the average of the total win-loss records of their other opponents' preliminary rounds. This team shall also receive the average of their ranks and quality points for their other preliminary rounds.
c. A Lincoln-Douglas Debate entry that forfeits a round shall receive losses from all judges and is to receive the lowest total speaker points.

d. A speech event entry which forfeits will receive a ranking equal to the lowest possible rank that could be received in any section of the event, i.e. three sections with two sections having eight contestants and one section having nine contestants. In this case the forfeited ranking would be nine.

e. If a student performs in the wrong room, he/she shall be ranked last in that section.

6. The use of Speech Wire is permitted as an approved scheduling program and a covered expense by any district tournament/district manager.

B. DEBATE EVENTS

1. POLICY

a. All teams entered shall engage in four (4) preliminary rounds of debate at a district tournament, except when there are only two teams entered in a tournament, in which case only a single final elimination round shall be held.

b. Schedule: The schools that are to meet in the tournament shall be determined as follows:

i. On the day of debate, when all debate entries have registered, each coach shall draw a number(s) which shall be used to identify his/her team(s) throughout the tournament, and determine the teams his/her school will meet. (See Section 11-A-2) Directors entering two teams shall draw first and shall designate their teams "A" and "B" for that number as they are designated on the school entry form. A school's stronger team need not be designated its "A" team. Half of the directors entering only one team shall then draw a number from those remaining and their teams shall be designated as the "A" team for the number drawn. The numbers shall then be returned to the box to be drawn by other directors with one team. The second time the number is drawn, the team shall be designated as the "B" team for that number.

NOTE: All debate draws for identifying teams or individuals at the state tournament will be pre-drawn and the schools will be notified of their school judging assignments in their confirmation letter received prior to the tournament. Scheduling shall be done so that a fill entry should not be necessary.

ii. If a bye is necessary, the bye shall go to the remaining "B" position after all teams have drawn. District managers are authorized to utilize a "standby" debate team from a participating school in preliminary rounds to avoid bye rounds with the understanding the standby team may NOT advance to the elimination rounds. (A "fill entry" may have to meet another team from its own school.)

Do not start Round One of debate with more than one fill entry.

a) District managers shall select a "fill entry," if needed, by conducting a blind draw from those schools that checked the box on the entry form indicating the school's desire to provide such an entry. The draw for a fill team should be conducted right after the entries have been received.

b) Once a "fill entry" becomes a part of the debate schedule it shall remain a part of the schedule until the role of the "fill entry" is terminated by rule by the completion of the preliminary rounds.

c) If a bye is necessary because no "fill entry" is available, all opponents receiving the bye shall have rounds scored as a forfeit (Section 11-A-5).

d) Once competition has begun, if a vacancy occurs in the debate schedule due to an illness, injury, disqualification or emergency, the forfeit rule shall be invoked for the current round and remaining rounds where the vacancy then appears.

iii. The tournament manager shall create a schedule consisting of four preliminary rounds for Policy Debate. These schedules shall be constructed as follows: Prior to the directors' meeting, the manager shall create a preliminary schedule based on numerical pairings which satisfies the guidelines listed below:

a) No entry shall meet another entry more than once unless there are five or fewer entries in the tournament.

b) Two entries from the same school shall not meet in preliminary rounds.

c) Each entry shall debate both affirmative and negative sides of the topic two times and shall alternate sides when possible.

iv. The preset preliminary schedule shall utilize a straight slide, A meets B format. A's shall meet only B's; B's shall meet only A's. A's meet the next four (4) B's in consecutive order. For example: 1A meets 2B, 3B, 4B and 5B. 1B's round one opponent will be the A from the highest numbered school.
2. **LINCOLN DOUGLAS**

   d. A school receiving a forfeit shall receive a win with debater rank and points equal to the average they received in remaining rounds. The debate team which forfeits shall receive a "3-4" debater's rank and points equal to the average received in the remaining rounds. The Lincoln-Douglas
contestant that forfeits shall receive losses from all judges and is to receive the lowest total speaker points possible.

e. The following procedures shall be used in the elimination rounds.

f. When there are seven (7) or fewer debate entries, the top two (2) seeds shall debate a single final elimination round with the winner advancing to the state tournament.

g. When there are 8 to 13 debate entries, the top four (4) seeds shall advance to a semifinal round. The winning teams in the semifinal round shall debate a final round to determine first and second places with both teams advancing to the state tournament.*

h. When there are 14 to 20 debate entries, the top eight (8) seeds shall advance to a quarterfinal round. The winners of the quarterfinal round shall debate a semifinal round. The winners of the semifinal round shall debate a final round to determine first and second places with both entries advancing to the state tournament. The losers of the semifinal round shall debate a consolation round with the winner of that round advancing to the state tournament.*

i. When there are 21 or more debate entries, the top eight (8) seeds shall advance to a quarterfinal round. The winners of the quarterfinal round shall advance to a semifinal round. The winners of the semifinal round shall debate a final round to determine first and second places. All four winners of the quarterfinal round shall advance to the state tournament.*

NOTE: The state tournament shall follow the format for 21 or more entries.

j. The following steps shall be applied in the order listed to break the tie, should a tie occur after the four preset preliminary rounds.

NOTE: For byes/forfeits, please refer to Section 11-A-5-b. For ties in Lincoln-Douglas Debate, please refer to items a, c, e, f, and g in that order, and in Public Forum Debate, to items a, b, c, d, and e, in that order.

k. The entry with the best total win-loss record (all ballots) shall be advanced.

l. The entry with the best (lowest) debater rankings shall be advanced. Judges shall be instructed to write the debaters rank after the debaters name on the ballot. (This applies to Policy and Public Forum Debates only).

m. The school to be advanced shall be that which has competed against opponents with the greatest number of preliminary round total wins.

n. If the tie is not broken under 3) above, the team shall be advanced whose opponents have the best (lowest) debater rankings. (This applies to Policy and Public Forum Debates only.)

o. If the tie cannot be resolved under 4) above, the team with the greatest number of speaker points, shall be advanced.

p. If the tie still is not broken, the team shall be advanced whose opponents have the greatest number of points.

q. In the case of an unbreakable tie, additional elimination rounds may be held.

r. Team pairings for the elimination round(s) shall be based on the win-loss records for the preliminary rounds.

s. For all Policy and Lincoln Douglas elimination rounds, teams shall flip a coin to determine sides to uphold unless the teams have previously met in the tournament. In such case, they shall debate sides opposite to those upheld in the previous meeting.

t. For all Public Forum rounds: Immediately prior to each debate, there shall be a coin flip. The team winning the flip will select either the side (pro or con) or the speaking position (first or second) that they prefer. The team losing the flip is then allowed to choose their preference for side or speaker position (whichever the winning team did not choose).

u. If two teams from the same school meet in an elimination round, they shall debate as drawn.

C. SPEECH AND THEATRE EVENTS

1. All contestants in the speech events at the district and state speech tournaments will participate in two preliminary rounds. They will be scheduled into sections by random draw.

a. The number of speech event entries to advance into the final round at the district tournament (based upon the lowest ranking at the end of preliminary rounds) shall be determined by the total number entered in the event following the formula listed below:

- 1 to 13 entries advance 6 entries to finals
- 14 to 20 entries advance 7 entries to finals
- 21 or more entries advance 8 entries to finals

b. At the state tournament the eight (8) performers with the lowest rankings at the completion of the two preliminary rounds will be advanced to a final round of competition.
c. If a tie should occur in a speech event, the following tie-breaking procedure shall be utilized to
determine the contestants who will advance to the final round at the tournament in the order listed:
   i. Rank
   ii. Reciprocals**
   iii. Quality Points*
   iv. Adjusted Quality Points***
   v. In the event of an unbreakable tie all entries involved in the tie shall be awarded the highest
   place for which they are tied and should the tie be for a position to advance to the next round of
   competition or a qualifying position for the state tournament then all entries involved in the tie
   advance.
d. Upon the completion of the final round the judges' rankings shall be tabulated to determine the placing
in each event.
   i. Should ties occur in the final round, the following criteria will be applied in descending order:
      a. Judges Preference* (applies to a two-way tie only)
      b. Reciprocals**
      c. Preliminary Ranks
   ii. If a tie is not broken by applying these three steps, the tie-breaking procedure for determining
      qualifiers for the finals will be utilized.
e. The order of the performance of the final round of speech events shall be determined by a random
draw and contestants shall be expected to perform in the order established. Speaker position shall be
adjusted to avoid:
   i. Conflicts with another event in which a student(s) is participating.
   ii. Scheduling students with the same selection back to back.
   NOTE: If a student is double entered in the final round of debate and the final round of
      extemporaneous speaking at the state tournament, the schedule conflict will be resolved by
      adjusting the speaking order for extemporaneous speaking if possible. If this is not possible,
      the student will speak first in the final round of extemporaneous speaking and the final round
      of debate will be delayed.
2. If a tie should occur in One Act Plays or Reader's Theater the following tie breaking procedures shall be
utilized in descending order:
   a. Rank
   b. Judges Preference* (applies to a two-way tie only)
   c. Reciprocals**
   d. Quality Points*
   e. Unbreakable Tie (Section 11-C-1-c-v)
      *Judges Preference—comparing the rankings of judges for contestants tied and awarding the higher
      place finish to the contestant who was preferred by the majority of judges (applies to a two-way tie only).
      **Reciprocals—the assigned values for each rank used to break ties—Rank 1=1.00; 2=.50; 3=.33; 4=.25; 5=.20; 6=.17; 7=.14; 8=.13; 9=.11; 10=.10. The entry receiving the higher total shall advance.
      ***Adjusted Quality Points—in rounds where three or more judges are used to tabulate the results the
      highest and lowest ratings are dropped and then the average of the middle ratings is used.

D. POSTING RESULTS: All results for the tournament will be posted in advance following the schedule below.
   Any error must be corrected at the appropriate time listed.
   1. Following the end of preliminaries and before the elimination rounds all grids and ballots are to be
      available to the directors to verify the accuracy of the results in each event during an allowed twenty (20)
      minute time period and that a five (5) minute time period be allowed for the purpose of verifying results
      between elimination rounds in debate with all results being final once the next round begins.
   2. Results will be final 20 minutes after the announcing and/or posting of results.

   a. In preliminary rounds of speech events at the state tournament two judges shall be used and both judges will be high school directors whenever possible. Whenever possible the two schools’ judges will not be from the same district. High school directors assigned to judge shall not be paid.

   b. All directors having a student qualify for the final round in a speech event at the district and/or state tournament are required to judge in this round and should report to the headquarters or tab room to receive the judging assignments and materials.

   c. All directors are required to be available to judge one round beyond the elimination of their student(s) in speech events at the district tournament.

   d. No judge shall judge the same student in the same speech event more than once in the same tournament.

   NOTE: If you qualify in one or more speech events, be prepared to judge any of the speech events.

3. One Act Plays and Readers Theatre: One to three (three recommended) judges shall be used for One Act Plays and Readers Theatre.

4. The state manager shall inform all judges that they should excuse themselves from rounds where they may have a conflict of interest with contestants or schools and, in such situations; a judge should notify the tournament manager or the judge coordinator.

   NOTE: State manager shall make every effort to use neutral judges, if they are available. Directors are encouraged to bring extra judges to the state tournament or to identify to the tournament manager persons who are qualified and available to judge. Hired judges must be in at least their second year after graduating from high school. However, hired judges can be in their first year after graduating from high school – if they have no association with any of the schools participating in the tournament.

   NOTE: State manager can require each school to bring a second judge.

5. Oral critiques are not permitted in any event.

6. Judges shall provide complete written comments on all ballots in order to make the experience educational.

7. If a judge requires clarification of a rule prior to completing his/her ballot, the judge shall consult only the tournament manager.
8. Cell Phones and other electronic communication devices may not be turned on while in the preparation rooms, competition rooms, or in the awards ceremony. EXCEPTION: Cell phones can be turned on in competition rooms to be used as timing devices or used in the event(s) deemed acceptable in this manual. NOTE: In the event that a timekeeper does not show up to start a round of competition, the judges should NOT wait for a timekeeper to arrive. The round should begin as scheduled.

L. **TIMEKEEPING:**
1. Each event (except Readers Theatre and One Act Plays) shall have a timekeeper.
2. Schools having qualifiers at the state tournament in P, LD, PF, and any speech event shall be responsible for providing timekeepers for the day(s) on which their school participates.
   a. Each school shall be notified of the timekeeper’s assignment along with the state tournament confirmation letter.
   b. Directors having qualifiers shall submit the name(s) and day timekeepers can work, with the state entry form.
3. Timekeepers shall adhere strictly to the time schedule and shall notify the judge when the contestant exceeds the time schedule rather than stopping the performance.
   a. Time cards should be used to indicate the time remaining and should be visible to the performer at all times.
   b. If possible, local management should provide a wall clock with a sweep second hand placed within view of the contestants in the radio-speaking event.
4. In the elimination rounds of all events at the state tournament, with the exception of Readers Theatre and One Act Play, a coach/judge timekeeper and a student timekeeper shall be utilized and each coach/judge timekeeper shall provide a stopwatch. If there is a discrepancy with the coach’s/judge’s timekeeping and the student’s timekeeping, the coach’s/judge’s time shall take precedence. In the final round of such events at the state tournament, the panel of judges (school directors) shall secure/provide a student timekeeper.
5. A student or students who exceed(s) the prescribed time limit for a speech event may be penalized by the lowering of the contestant's speaking rank by one or more places in the final rankings for that round and in debate by a reduction of quality points and/or speaker ranks and is to be determined by the judge's discretion.  
 **NOTE:** In finals, judges may allow a grace period for audience reaction, except in Radio Speaking, U.S. Extemporaneous Speaking and International Extemporaneous Speaking.

**Postseason Broadcasts:** MSHSAA holds exclusive ALL-PLATFORM DISTRIBUTION rights for AUDIO, DATA and VIDEO for all postseason contests or festivals (beginning with district level through state) in all activities. Any transmission or production of any portion of these events (actual competition or performance), without the consent of MSHSAA is prohibited. This includes, but not limited to, using programs such as Facebook Live, YouTube or Periscope.

**APPENDICES:**

**APPENDIX A** *(TOC)*

**PROGRAM INFORMATION AND STATISTICS**

The MSHSAA staff strives to publish the most accurate materials for all Championship events. Since a majority of the information contained in Championship publications is submitted by qualifying schools, it is imperative that the MSHSAA office receive correctly-spelled names, accurate classifications (year in school), season results, statistics of participants and coaching information. The MSHSAA Board of Directors has approved a fine process for all late, incomplete or illegible submissions for MSHSAA Championship publications. Schools that do not submit their information to MSHSAA in a timely, legible, complete and accurate manner will be fined $25 per offense (Board Policy). Electronic reports must be submitted by the appropriate deadline in the format and style included with the report instructions. It is the responsibility of the school to verify that MSHSAA has received its program information, team photo and any other required information by the appropriate deadline.

**APPENDIX B** *(TOC)*

**MSHSAA POSITION STATEMENT REGARDING COPYRIGHT COMPLIANCE**

Educators, coaches and administrators who wish to use copyrighted material need to understand the privileges and rights of the copyright owner and must abide by defined limitations as expressed in U.S. Copyright Law. It is the responsibility of the school administration to ensure their school community is in compliance with U.S. Copyright Laws at all times when playing music at your events, reproducing consumable materials, and all other events taking place at school facilities where copyright laws are to be followed. When hosting a MSHSAA postseason event, the host site is responsible for confirming any music being played over a public sound system, used in video clips, etc., has the gained written permission and/or secured the necessary license(s) to play the music, video clips, etc. from the appropriate Performing Rights Organization (i.e. ASCAP, BMI, SESAC, etc.).

The NFHS (National Federation of State High Schools) has established an agreement with ASCAP to allow schools and non-school sites hosting a MSHSAA postseason event, to perform/play music in which they own the rights (at least 50%) of the work at no charge. It is your responsibility to ensure the music performed onsite is owned by ASCAP. To determine if the music is owned by ASCAP to go and select the link ‘Repertory’ to search their catalog. If the work is not owned by ASCAP (at least 50%), you will need to work directly with the organization that does own the rights (BMI, SESAC, etc.) to secure the necessary license or not use that work. This agreement only extends to the playing of music recordings downloaded to personal electronic devices, CD’s, etc. but does not extend to mash-up recordings or music altered from its original recording without the site obtaining a license to do so.
APPENDIX C (TOC)

SITE SELECTION PROCESS

1. The state is divided into nine districts as qualifying centers for the state tournament.
2. Each district shall hold a tournament under the regulations adopted by the Board of Directors for the purpose of certifying individuals and teams for the state tournament.
3. Sites for district tournaments are assigned by the MSHSAA office in response to solicitation of interest from the schools in each respective district.

APPENDIX D: APPLICATION OF PROTEST PROCEDURE

The following activity specific procedures, in combination with the MSHSAA Board Policy for On-Site Protests in the Official Handbook, govern protests in Speech, Debate and Theatre.

1. Jury of Appeals: The tournament manager shall appoint a jury of appeals consisting of three speech coaches from participating schools. The jury of appeals will serve with the tournament manager to rule on questions/protests arising at the tournament.
   a. The committee shall include the MSHSAA Speech, Debate and Theatre Advisory Committee member from the district when available and at least one coach from one of the smaller schools participating in the tournament.
   b. Should a member of the committee’s school be involved in the grievance, the committee member shall be replaced with a committee alternate and if the alternate is not available someone may be appointed to serve in this capacity by the tournament manager.
   c. Depending on the nature of a protest, the outcome to uphold or deny shall be determined by the tournament manager, the jury of appeals, or both.
   d. The decision made at the tournament site by the appropriate party listed above shall be final.
2. Timing of Protests: All protests shall be directed to the tournament manager by the school coach in writing via tournament protest forms as soon as infractions to the rules are discovered, but within 20 minutes of the results of the protested event(s) becoming final. The written protest shall cite the rule(s) or By-Law(s) being protested.
3. Posting to finalize results: All results for the tournament will be posted and distributed in advance following the schedule in (a) and (b) below. Any error must be corrected at the appropriate time listed.
   a. Following the end of preliminaries and before the elimination rounds all grids and ballots are to be available to the coaches to verify the accuracy of the results in each event during an allowed twenty (20) minute time period and that a five (5) minute time period be allowed for the purpose of verifying results between elimination rounds in debate with all results being final once the next round begins.
   b. Results will be final 20 minutes after the posting/distribution of results.
APPENDIX E: MSHSAA RULES FOR LAPTOP USE

MSHSAA Guidelines for Laptop Use in Debate Events
(Policy, Lincoln-Douglas, Public Forum)

Non-Internet connected computers, electronic storage, retrieval devices, etc. shall be allowed in rounds of Policy, Lincoln-Douglas and Public Forum Debate. Connectivity to any person, machine, device, server outside the competition room, wired and/or wireless networks is strictly prohibited during all rounds. Other prohibited devices include cell phones and personal digital assistants; i.e., Palm, Treo, Blackberry, etc.

A. Computers equipped with removable wireless cards must have the cards removed before the beginning of any round of competition. It is the responsibility of the contestant to disengage the equipment.
B. Computers with built-in wireless capability may be used only if the wireless capability is disabled. It is the responsibility of the contestant to disable the equipment.
C. Wired connections (Ethernet or phone) during rounds of competition are not permitted.
D. Computers or other electronic devices may not be used to receive information from any source (coaches or assistants included) inside or outside of the room in which the competition occurs. Internet access, use of e-mail, instant messaging, or other means of receiving information from sources inside or outside of the competition room are prohibited. (This does not prohibit non-electronic communication between debate partners during prep time.)
E. Penalty: A violation of any rule/regulation for any event will result in disqualification from the event. Any official protest of a disqualification shall be directed to and ruled upon by the tournament Grievance Committee, who has the authority to overturn a disqualification.
F. Availability of Evidence: Contestants electing to use computers have the responsibility to promptly provide a copy of any evidence read in a speech for inspection by the judge or opponent. Printers may be used. Evidence may be printed in the round or produced electronically, but must be provided in a format readable by the opposing team and the judge.
G. Contestants electing to use computers are responsible for providing their own computers, batteries, extension cords, and all other necessary accessories. Tournament hosts will not be responsible for providing computers, printers, software, paper, or extension cords for contestants.
H. Because public speaking decorum remains an important element of debate, all debaters are expected to stand at the front of the room facing the judge while speaking.
I. Contestants choosing to use laptop computers and related equipment accept the risk of equipment failure. Judges and/or contest directors will give no special consideration or accommodation, including no additional speech time or prep time, should equipment failure occur.
J. By choosing to use laptop computers in the round, debaters are consenting to give tournament officials the right to search their files. Debaters who do not wish to consent should not use computers in the round.
K. VIOLATIONS: A violation of any rule/regulation for an event will result in disqualification from the event. Any official protest of a disqualification shall be directed to and ruled upon by the tournament grievance committee who has the authority to overturn a disqualification.
APPENDIX F: RULES REVISIONS FOR VIRTUAL TOURNAMENTS

1. Debate Prep Time: We will extend prep time for debate to accommodate for technology concerns. Prep time will follow the NSDA Nationals guidelines. Those are as follows:
   - Policy: 8 minutes per side
   - Lincoln Douglas: 5 minutes per side
   - Public Forum: 4 minutes per side

2. Electronic Device Use in Debate Events (NSDA Pilot Internet Rules 2020):
   a. Contestants may use electronic devices (including laptop computers, tablets, and/or cell phones) to access the internet during debate rounds with the following conditions:
      i. Computers or other electronic devices may not be used to receive information for competitive advantage from non-competitors (coaches, assistant coaches, other students) inside or outside of the room in which the competition occurs. Information that would be restricted would include but not be limited to coach/nonparticipating competitor general arguments, advice on arguments to run, questions to ask during cross examination, and other information not generated by the participating competitors.
      ii. Internet access may be used to retrieve files, exchange evidence and/or arguments, research arguments, and partner to partner communication. These electronic device guidelines do not limit communication between debate partners during the debate round.
   b. Penalty: Contestants found to have violated these provisions will be disqualified from the tournament and will forfeit all rounds and merit points in that event.
   c. Availability of Evidence: Contestants electing to use computers have the responsibility to promptly provide a copy of any evidence read in a speech for inspection by the judge or opponent. Printers may be used. Evidence may be printed in the round or produced electronically but must be provided in a format readable by the opposing team and the judge.
   d. Contestants electing to use computers are responsible for providing their own computers, batteries, extension cords, and all other necessary accessories. Tournament hosts will not be responsible for providing computers, printers, software, paper, or extension cords for contestants. Host schools may provide wireless internet access, but will not guarantee that contestants will be able to gain access when needed.
   e. Contestants choosing to use laptop computers and/or related devices accept the risk of equipment failure. Judges and/or contest directors will give no special consideration or accommodation, including no additional speech time or prep time, should equipment failure occur.
   f. By choosing to use electronic devices in the round, debaters and other relevant parties are consenting to give tournament officials the right to search their devices in the event of a protest. The device may only be searched by tournament officials and must be restricted to files and/or electronic exchanges relevant to the protest. Failure to comply would result in the upholding of the protest. Debaters and coaches should be present as their device is searched. Debaters who do not wish to consent should not use electronic devices in the round.

3. Electronic Device Use in Extemporaneous Speaking (NSDA Pilot Internet Rules 2020)
   a. Preparation: As soon as a question is chosen, the contestant will prepare a speech without consultation and without references to prepared notes. Students may consult published books, magazines, newspapers and journals or articles, including internet enabled devices either used in the draw or those materials published from internet sources, provided:
      i. They are originals or copies of whole pages.
      ii. Provided those originals or copies are uncut.
      iii. Topical index without annotation may be present.
      iv. Files stored either on a computer or electronic device hard drive or cloud storage system. All files in this format must meet the same guidelines as printed sources.
      v. Active research from the internet during the round that meets the established criteria found in the “Guidelines for Use of Internet Enabled Devices.”
b No other material will be allowed in the Extemp prep room other than stated above. Extemp speeches, 
handbooks, briefs and outlines, including those stored on cloud storage systems or published on websites 
created for that purpose, are prohibited from the Extemp prep room. Students may not use the internet to 
gain help from coaches, other students, or any person, such that it would prevent the speech from being the 
original work of the competitor. Students are prohibited from accessing outlines and speeches that have 
been written prior to their draw time. Underlining or highlighting in Extemp will be allowed if done in only one 
color on each article or copy. Electronic device use must comply with the “Guidelines for Electronic Device 
Use in Debate Events.” Printed copies of information from online computer services may be used. 
Electronically retrieved evidence used in any Association Extemp competition must conform to the same 
citation standards as evidence used in debate events as described in the Unified Manual.

4 Asynchronous Recording:
  a Submitted competition videos should be “one take” with no editing or post-production.
  b Backdrops and Recording Equipment: Competitors may not use green screens, virtual backdrops, on-screen 
text, or professional equipment enhancements such as professional lighting kits or professional grade 
camera recording and audio devices (including things like softboxes or using an auditorium’s lighting 
system) during their performance in any event. Other individuals may be present while filming, but audience 
interaction (laughing, applause, etc.) must not be included in the performance. Competitors may determine 
how close or distant the camera is set up in order to maximize both verbal and nonverbal communication. 
If possible, it is recommended that students and judges remove items that may be distracting in the 
background. Backdrops of a solid color with no special markings may be used by competitors and judges.
  c Judges should be instructed to prioritize the student's performance over videography.
  d Tournament hosts should clarify their expectations regarding video submissions for all events.
  e DUO INTERPRETATION: In their invitations, tournament hosts should clarify video expectations to enhance 
equity among entries. (At the MSHSAA District & State tournaments, Duo Interpretation will be submitted as 
a split screen video.)

5 Other Equity Concerns:
  a Students and judges should be permitted to turn their cameras off during synchronous debate rounds to 
address bandwidth equity issues.
  b Judges need to be firmly instructed not to comment on a student's home/competition setting.
  c We encourage schools to use NFHS, NSDA, or other training materials regarding equity and judge training.
  d Judging of asynchronous competition can begin earlier than Friday at 2 PM. Synchronous competition 
  involving students can still not begin prior to 2 PM on Friday or before 4 PM Monday-Thursday.

6 Duet Acting: Due to equity concerns regarding social distancing, Duet Acting will not be offered at the MSHSAA 
District and State Tournament for 2021.

7 Readers Theater and One Act: A final decision will be made by Nov. 1, however for planning purposes; at this 
time, these events may not be occurring during the 20-21 school year.

8 Recording Rounds at Tournaments: Just as video recording is not permitted at in-person competitions, 
recording virtual rounds is prohibited.

Duo Interpretation Recommendations

Given the different county and district regulations due to COVID-19, invitational hosts will need to provide clear 
information about Duo Interpretation in their invitations.

Asynchronous
If a tournament is running Duo Interpretation as an asynchronous event, you will need to make a decision 
regarding how Duo Interpretation is recorded. You may require a split-screen recording (similar to NSDA's 
requirement for the 2020 national tournament) or allow a mixture of split-screen recordings and competitors 
performing in one screen together.

Synchronous
If a tournament is running Duo Interpretation as a synchronous event, you will need to use a Zoom-like 
technology to permit students to virtually enter a room together and perform or permit students to perform 
together in the same room.

Because the different presentation methods create an issue of competitive equity in the event, it is imperative that 
hosts clearly state how Duo Interpretation will be run at their tournament so coaches and teams can make an 
informed decision.
