	Girls	3200m Run
3:25 PM	Boys	4x400m Relay
	Girls	4x400m Relay

District Track Bus Driving Directions:

Buses should enter from highway 5/240 at the high school main entrance. Drivers can enter the high school address of 860 Randolph Street for Glasgow High School and it will take them to the entrance. There will be signs on the highway for the bus/car parking.

*If you have a 10-15 passenger vehicle, please use these instructions as well. All personal size vehicles can use car parking in the lot.

Buses will unload on the West side of the track for students, closest to the location where the tent city for students to sit. There will be volunteers there to help with directions and unloading. Please give directions to drivers as we want them to enter from the 5/240 side of the high school and not other directions as this will be a one way street with very limited ability to back up buses if they do not follow the directions given.

Bus will then go around the school on Saline Street and at the corner of Saline and 8th street proceed South (should be a left at the old ball diamond grandstands) onto 8th street for 4 blocks. This will take a sharp left and the road will turn to Hawthorn Drive. They will park on Hawthorn Drive at Polich Industries Inc (302 Hawthorne Drive). There will be a driver on UTV to help guide them there and a shuttle to pick up drivers to bring back to the school throughout the day. We ask that drivers NOT park on the Coop property as they usually run on Saturdays in May and buses and vehicles will be in the way.

District Car Drivers or spectator Parking Instructions:

Track Lot

Cars will be parked at the track and high school parking lots. The track is located on 10th Street.

Entrance can come from either direction on 10th street but will typically take you from the highway at 5/240 on the East side of town. There will be attendants at the entrance to the parking area for payment at this location.

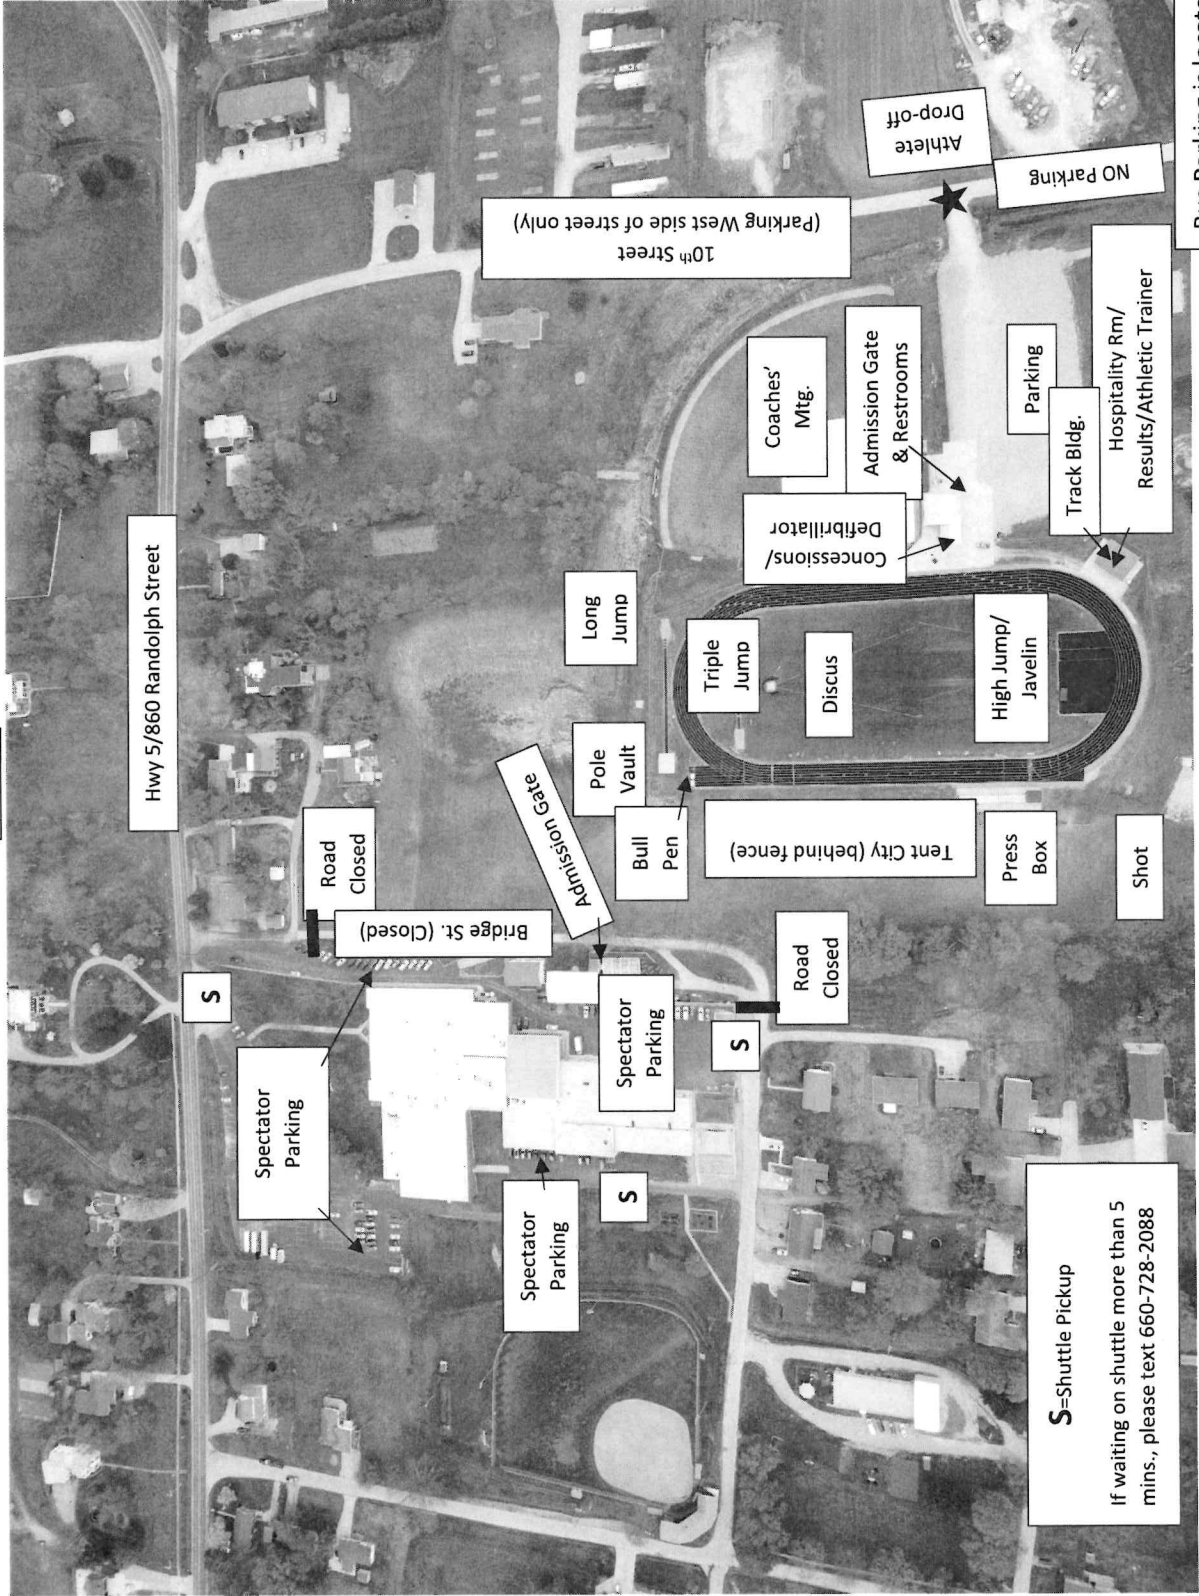

There is limited handicap parking in this lot, but there is a shuttle available from the high school lot as well.

High School Lot

The High School is located at 860 Randolph Street, the entrance is off highway 5/240. The lots will be marked with signs. If parking here, there will be a shuttle running regularly. The number for the driver will be on signs and given out to those using it for rides to and from the track.
