## Mission Statement

"The MSHSAA promotes the value of participation, sportsmanship, team play, and personal excellence to develop citizens who make positive contributions to their community and support the democratic principles of our state and nation."

**Email Policy:** Due to the high volume of email messages received by the Association, an expedited personal response may not always be possible. The MSHSAA staff will respond first to more traditional means of communication such as telephone calls, written correspondence and faxes. The MSHSAA office can be reached at (573) 875-4880 during regular office hours. As time permits, staff will reply to email messages that include the sender's complete name, address and phone number. Questions regarding student eligibility or specific MSHSAA by-laws should first be directed to your local school administrator. By Board policy, our staff is not permitted to answer specific eligibility inquiries via email, and any follow-up questions to the MSHSAA should be done via telephone or written correspondence.

## Outgoing Board President's Message

By Brett Soden

I have truly enjoyed this year serving as the President of the MSHSAA Board of Directors. We have seen great competition at our championships and heard many student success stories. Dr. Urhahn and his staff work hard to ensure the best for our students who participate in activities. The staff acknowledges the students of Missouri as the top priority for every decision made. Each executive director takes pride in activities, identifying ways to guarantee each championship is successful. Professionalism and compassion are shown by all to continuously improve this association.

It is exciting to hear recommendations from all of the advisory committee ideas each year to improve each activity. It is unique that every school who is a part of MSHSAA has the opportunity to attend area meetings and vote in the annual ballots. These components of member input are necessary to make the association successful. In addition, good communication and collaboration are important to ensure that the best decisions are made to improve all activities.

MSHSAA will continue to work on the "why we play" initiative throughout the state. We continue to teach students how to prepare for competition and show them how

hard work and dedication does pay off. Not every student is going to win a championship; therefore, it is important to teach them to perform the best they can. Lastly, I do hope we continue to focus on making each student productive members of society and continue to emphasize why we play.

## Incoming Board President's Message

By Dr. Chris Wilson

Throughout my life, extracurricular activities have played a tremendous role and provided me numerous opportunities which have helped shape me both personally and professionally. With that said, it is with great pride and honor that I have the opportunity to serve as the President of the 2018-2019 Board of Directors for the Missouri State High School Activities Association.

We, in Missouri, are blessed to have the leadership of Dr. Urhahn and his hard-working staff at MSHSAA focused on doing what is best for our students and schools. I have found that all MSHSAA staff members put students first, and strive to provide everyone the best possible opportunity associated with

all activities.

As we move forward into the 2018-2019 school year, I am eager to continue working with Dr. Urhahn and his staff, my fellow MSHSAA board members, the regional representatives and all our MSHSAA member schools to provide the guidance and support necessary to promote the opportunity for all students to benefit from the value of participation in extracurricular activities, develop a value system centered around the spirit of sportsmanship, teamwork, commitment, and hard work. It is through these extracurricular experiences that our students will have the opportunity to develop a tremendous wealth of life skills, moral values, and productive habits they will take with them long after they

are done with sports.

In closing, I would like to challenge all member schools to take an active participatory role in MSHSAA for the 2018-2019 school year. Encourage your staff to attend regional meetings and work with the regional advisory committee for each respective activity. Working together, we can ensure our students are afforded invaluable experiences through extracurricular activities.

## Welcome to another new year!

By Dr. Kerwin Urhahn, Executive Director of the Missouri State High School Activities Association.

The 2018-19 year has begun with a flurry of games and transfers for the Missouri State High School Activity Association. While this is normal for any year, this year seems to be even more busy than most. Part of that can be attributed to the new process of MSHSAA Member Schools uploading their enrollments last March, and building their Master Students Lists for the current year. More transfers are being logged due to the uploading of new freshmen into the system and the need to find transfers for any student that did not appear on the enrollment upload. This is not a bad thing; it ensures that the starting point for the 2018-19 school year is accurate, and that schools have provided accurate data for the enrollment upload.

The Classification Ad Hoc Committee, which continues its work into a second year, to narrow the proposal that will be brought out to the area meetings. The committee has worked to create a classification system that addresses enrollment disparity in each class as a means to determine the number of classes that are appropriate for each sport and activity. This procedure uses raw enrollment numbers (without the enrollment multiplier for private/charter schools) to break

schools within each sport or activity into equal classes, first, using the current number of classes. Then the enrollment of the largest school and the smallest school in each class (other than class 1 due to outliers) are compared to determine if the largest school is more than two times the size of the smallest school in the class. Following a specific process, and under certain criteria, each class is reviewed to determine if an additional class is need in the activity to insure that no class other than class 1 has an enrollment disparity (largest to smallest) of more than 2.0. This factor is being described as a the enrollment "ratio."

Some examples, when looking at the sports of Volleyball and Cross Country, when we place the numbers of schools in classes as we currently do, both sports show multiple classes with a ratio greater than 2.0. Therefore, that would indicate that another class should be added for that sport to ensure the ratio in each class above Class 1 is equal to or less than 2.0.

The enrollment treatment for non-public and non-MOSIP (charter) schools will need further discussion at the area meetings in January. Options that the committee has discussed are: 1) leave the current 1.35 standard multiplier in place, 2) drop the current 1.35 multiplier and use a multiplier which is based on the average ratio for the respective sport

or activity, as explained above, 3) use a championship factor just for non-public and non- MO-SIP (charter) schools based on historical success, or 4) eliminate the current 1.35 multiplier and simply move all non-public and non- MOSIP (charter) schools up one classification in each sport/activity.

There is much more discussion to be had about classification and we will have to negotiate with our final sites for any sport that is adding a class due to the expense and need for additional days to hold the final site competitions. However, if possible, this proposal could be on the Annual Ballot in April of 2019.

I hope everyone has a safe and successful school year, depending upon your definition of success, and that your students are being prepared for life.

# QUESTIONS AND ANSWERS

The following are questions and answers pertaining to the MSHSAA Constitution and By-Laws and/or MSHSAA Board of Directors policy. These are provided as an aid in interpreting the rules and regulations which MSHSAA member schools have adopted. If you have a specific area and/or question which you would like explained, contact Kerwin Urhahn, MSHSAA executive director. Your attention is called to the fact questions and answers regarding interpretations of the MSHSAA Constitution and By-Laws appear following the Constitution Article or By-Law they relate to in the *MSHSAA Official Handbook*.

## Insurance Requirement (By-Law 3.8.2)

**Question:** The by-laws require that a student has "basic athletic insurance coverage" before participating in interscholastic sports. What constitutes "basic athletic insurance coverage"?

**Answer:** A student who can provide proof of health insurance, accident insurance that covers competitive and/or contact sports, or some sort of supplemental-type insurance would be considered to be meeting the requirements of this by-law.

## Softball Cooperative Sponsorship Options and Seasons (By-Law 1.4 and 5.1.12)

**Question:** Our school wishes to form a cooperative sponsorship with another school for girls softball, and we plan to play fall softball and enter the championship series. a) May we also play spring softball? b) May we play spring softball as two separate schools?

**Answer:** a) Teams (individual teams or co-op teams) that play fall championship softball can play spring softball but may NOT participate in the spring championship series. b) No, the rationale for co-op approval is that the two schools would not be able to support a team without co-oping; therefore, if two schools co-op for softball in the fall, the co-op would be the only option for spring competition. The two schools could not play spring softball as separate teams.

**Question:** Our school wishes to form a cooperative sponsorship with another school for girls softball, and we plan to play spring softball and enter the championship series. May either school play fall softball?

**Answer:** No, as per By-Law 5.1.12, schools registering for the spring championship series may NOT participate in the fall regular season or fall championship series. Neither school, nor the co-op, could participate in fall softball in this scenario. Further, the rationale for co-op approval is that the two schools would not be able to support a team without co-oping; therefore, approval would not be granted for schools that are co-oping in one season of softball to play separately in the same sport during the opposite season.

## Repeating a Class for Better Grade (By-Law 2.3)

**Question:** We have a student at our school that took Algebra 2 last year in the spring and earned credit with a C letter grade. He would like to re-take the class this fall for a better grade. If we allow this, will this re-take class count toward academic eligibility for sports and activities?

**Answer:** No. He has already earned credit in the class and earning a better grade will not expand the total number of credits on his transcript. Therefore, that class would count as 0 credits in the calculation of the 80% requirement for the current semester. If he retakes the class, he will need to be in an extra class or two to insure he is enrolled in classes that can earn him the sufficient number of new credits that meet the school's 80% in the current semester.

## Academic Requirements – Class and Program Options (By-Law 2.3)

**Question:** Our school offers the Missouri Option (formerly GED Option) Program. If a student is participating in this program is he/she eligible to participate in interscholastic activities under the jurisdiction of MSHSAA?

**Answer:** Whether a student participating in the Missouri Options Program is eligible under By-Law 2.3 depends on the way the individual school sets up their program. The student must be enrolled in a combination of school classes, outside classes, and/or MO Options credit-bearing course work and/or credit-bearing work study which meets the provisions and minimums listed in By-Law 2.3.4. The student will most likely be classified as a Non-Traditional Option 1 or Option 2 student, depending upon local school decisions and policies. Please follow the guidance regarding those options and the requirements for each. All students (all three options) must meet the 80% requirement.

**Question:** We have students who work as office assistants and teacher aides. a) Can these offerings count toward eligibility? b) Do students who do not receive credit for working as office assistants and teacher aides have to count the class period in determining their 80% of the maximum allowable classes?

**Answer:** a) Yes under specific conditions. In order to count toward eligibility, the student must receive class credit for the offering and the credit must be placed on the transcript in order for the student to qualify as a "traditional" student under By-Law 2.3.4. If credit is not provided for these offerings, the student will need to be in additional school classes or outside classes that can be confirmed as getting the student to the minimum credit balance to meet the school's 80% requirement and qualify as either a traditional student, or one of the two non-traditional student options. In order to be eligible, the student must meet the school's 80% requirement even if he/she is attempting less credit overall than other students at the school.

## Academic Requirements – Confirming Prior Semester 80% (By-Law 2.3)

**Question:** We have a student that is transferring in this fall and wants to play volleyball. Besides the transfer form prerequisite we must complete, we are trying to determine her academic eligibility for the fall season. In the fall, she is going to be a: a) full-time enrolled student, b) a Non-Traditional Option 1 student, c) a Non-Traditional Option 2 student. How do we review and confirm her prior semester's credits for academic eligibility this fall?

**Answer:** All three academic enrollment options require that the student is enrolled at your school and has a school transcript. Therefore, you must review her prior classes/credits and determine if you can accept transfer credit. The review of prior semester credits (By-Law 2.3.2.a) must be able to confirm that the minimum of 3.0 units of credit, or 80% of what was attempted, whichever is greater, has been achieved and that amount of credit must appear on the transcript. Only with scenario letter "c" will the semester review of classes/credits change after she's been your student for a semester. If the student is accepted at your school as a non-traditional option 2 student, you may not be placing all credits that are achieved during her first semester at your school on her school transcript. However, all classes/credits must still be approved and validated under local school policy to confirm that she meets the 80% requirement each and every semester.

## Transitioning from Non-Bona fide student to Bona fide student = Transfer (By-Laws 2.1, 2.3 and 3.10)

**Question:** We have a student that is enrolled full-time this fall and is playing volleyball. Her parents indicate that she will be exclusively homeschooled for the spring semester, and our school is not going to approve credit as a Non-Traditional Option 1 student for her during the spring. She wants to re-enroll full time next fall and play volleyball. Will she be eligible?

**Answer:** Not initially. She will not be a bona fide student at your school during the spring (By-Law 2.1 and 2.3.4); therefore, she becomes a "transfer student" if she re-enrolls in the fall. As a result, her transfer eligibility will have to be addressed before any eligibility can be determined. Further, she may not be academically eligible unless the school can accept credit from the homeschooling onto the transcript for the spring semester.

**Transfer Student under a New Enrollment Option (By-Laws 2.1, 2.3 and 3.10)**

**Question:** One of our students will be a senior next year. She is planning to enroll full-time at a junior college in the area, and wants to represent a different high school as a "Non-Traditional Option 1 student" and play sports. The other school has agreed to place her junior college credits on their transcript so she can be a bona fide student. Will she be eligible to play sports for that school?

**Answer:** Not initially and possibly not at all. Eligibility under all of the essential eligibility standards will have to be confirmed first. The student is a transfer student, so a Transfer of Eligibility request will have to be submitted to MSHSAA for a ruling, and your school will have a chance to reply to it. Further, academic eligibility must be confirmed (80% requirement for prior semester credits from your school and the same for the fall semester). It is probable that the student will either be ineligible or have an eligibility restriction after making this change.

**College/University-Conducted Events (By-Law 3.11)**

**Question:** We have a student that wants to participate in an instructional sports event that is being sponsored by a local University and will be held on their campus. The event takes place during our school season for the same sport. Can the student attend without jeopardizing her eligibility?

**Answer:** Under specific conditions outlined in By-Law 3.11, and with the approval of your school and her coach, it may be possible for the student to participate in the event. Factors affecting the allowance to participate include the specific structure of the event, whether or not the student will miss instructional time to participate, and school permission, among other factors listed in the by-law. Please review By-Law 3.11 closely before advising the student.

**Junior High Students Practicing with High School (By-Law 3.16)**

**Question:** Our school holds a Grades 7-12 Combined MSHSAA membership. We do not register for junior high volleyball, but we have a few junior high players that are interested in volleyball. May these players practice with our high school team during the fall?

**Answer:** Under those circumstances, no, the junior high students could not practice with the high school team. However, if you register for volleyball at the junior high level, these enrolled students could practice with the high school team for a maximum of twelve weeks (the limit for a junior high season), and would be covered by the catastrophic insurance as well. It is not required that you schedule a competitive schedule for the junior high players.

**Use of Drones (Board Policy)**

**Question:** Our school has an individual in our community who owns and operates a drone that is capable of capturing aerial video footage. This individual has met with our head football coach and offered to videotape our home football games using the drone. Is it permissible to use a drone for videotaping athletic contests?

**Answer:** The use of drones is prohibited at any MSHSAA postseason contest site and/or venue. Drones may be permitted during the regular season, but only under the conditions described below and only if allowed by NFHS rules for the sport. For the sport of football, NFHS Football rules state that there is a two yard restricted area surrounding the entire playing field. This restricted area boundary is interpreted to extend vertically; therefore, a drone could not be used within the restricted area or over the playing field. It would be a local school level decision as to whether the drone could be used "outside" of this restricted area during a football game. It is recommended that the local school develop a policy regarding the use of drones (a.k.a. UAV's or UAS's) which takes the NFHS sport rules regarding the use of electronic devices and the permitted location(s) into consideration. Please contact the MSHSAA executive responsible for the particular sport for assistance.

**2018 Cross Country Reminders**

The schools participating in boys and girls cross country are equally divided into four classes based on enrollment of the gender with the larger number of schools participating in the cross country district and state series.

**There are required online rules reviews offered during the 2018-19 school year.** Student eligibility and coaches' rosters must be submitted online at [www.mshsaa.org](http://www.mshsaa.org).

The district, sectional and state entry process and deadlines are listed in the 2018-19 MSHSAA Cross Country Manual, which can be found on the MSHSAA website at [www.mshsaa.org](http://www.mshsaa.org).

Coaches should note that they must work to instruct their runners, managers and fans to keep off the greens and out of the any roped off areas at Oak Hills Golf Center, Jefferson City, site of the state meet. **No bicycles are permitted on the Oak Hills property. Only service animals (with proper paperwork) will be allowed through the gates— All other animals are NOT ALLOWED. Please make arrangements to keep your pets at home.**

As a final reminder, coaches and runners may tour the state meet course after 3:30 p.m. (weather permitting) on Friday prior to the meet. There will be no one allowed on the course prior to 3:30 p.m. on Friday, unless all course preparations have been completed prior to that time (announcements will be made at the course).

A computer chip method/process shall be used to determine places, team scores, and individual times at the 2018 State Championships. Each runner shall wear two computer chips, one securely attached to each shoe. All runners must run across the finish pad in order to receive a place and time.

## Show-Me Bowl set for University of Missouri

The Show-Me Bowl concept began in St. Louis in 1979. The bringing of all championship games to one site has continued with only slight modifications since then.

In 1982, a fifth class was added, and the site was moved to Arrowhead Stadium in Kansas City. In 1982 and 1983, five games were played in one day. In 1984, a two-day format was used. That format was followed until the Board of Directors voted to move the games to the University of Missouri-Columbia and Missouri State University in Springfield in 1988. In 1996, the site of the 11-Man Championship was moved to the Edward Jones Dome in St. Louis, and in 2002, a sixth class was added with three games played on Friday and three on Saturday at the Dome. In 2016 and 2017 the Show-Me Bowl for Classes 1-5 and 8man/Class 6 rotated between Missouri State University in Springfield and University of Missouri-Columbia.

In 1988 an 8-man championship was added and played at Northwest Missouri State University in Maryville. In 1997, the 8-Man Championship was moved to Tarkio Academy due to the NCAA Division II Playoffs. In 2008, the 8-Man Championship was moved to the Edward Jones Dome. The Show-Me Bowl was held in the Edward Jones Dome for 20 years.

**2018 Show-Me Bowl schedule is as follows:**

### Saturday, Nov. 24, @ University of Missouri - Columbia

Game 1: 8-Man Championship @ 2 pm  
Game 2: Class 6 Championship @ 6pm

**Note: Game time subject to change**

### Friday, Nov. 24 @ University of Missouri - Columbia

Game 1: Class 2 Championship @ 3 pm  
Game 2: Class 4 Championship @ 7 pm

**Note: Game time subject to change**

### Saturday, Nov. 25 at University of Missouri - Columbia

Game 1: Class 3 Championship @ 11 am  
Game 2: Class 1 Championship @ 3 pm  
Game 3: Class 5 Championship @ 7 pm

**Note: Game time subject to change**

## Check ACT & SAT Dates to Avoid Conflicts

High school counselors, principals, coaches and directors are urged to remind all high school students of the dates on which the ACT and SAT tests will be administered, as well as the dates of MSHSAA district and state events. MSHSAA event dates are contained in MSHSAA sport and activity manuals, the MSHSAA wall calendar and inside the back cover of the MSHSAA Handbook.

High school students participating in interscholastic activities often find conflicts between interscholastic events and the ACT and SAT test dates. Students can avoid this problem by arranging for a test date that does not conflict with an interscholastic event in which they will be participating.

**STATEWIDE JUNIORS ACT TEST DATE - CHECK WITH DESE. PLEASE DO NOT SCHEDULE NIGHT EVENTS ON THE DAY BEFORE THE TEST DATE OR EARLY AFTERNOON OF THE TEST DATE.**

Following are the test dates for 2017-2018:

2018-19 ACT Test Dates	2018-19 ACT Registration Dates	2018-19 SAT Test Dates (Tentative)	2018-19 SAT Registration Dates
September 8	August 3	August 25	July 27
October 27	September 21	October 6	September 7
December 8	November 2	November 3	October 5
February 9	January 4	December 1	November 2
April 13	March 8	March 9	February 8
June 8	May 3	May 4	April 5
July 13	June 14	June 1	May 3

*The Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) dates are October 10, October 13, and October 24 (alternate), 2018.*

## **Handling Contests During Hazardous Weather Disturbances**

The host school principal or designated representative and the head official have mutual authority to delay the start of a game any time weather conditions are considered hazardous to life or limb. Likewise, the head official, once a game has started, has the authority, by rule, to suspend a game any time weather conditions are considered to be hazardous to life or limb. If severe weather develops while a game is in progress where the administration feels safety is questionable and the game officials have not acted, the host principal or his/her designated representative will intervene by informing the head official who shall cause the contest to be suspended.

The first step in the suspension is to remove the participants to a location providing shelter and safety until the weather conditions improve to a point where it is safe to resume play. The spectators will be informed of the procedures to be followed and will be instructed to move to protected areas. Fans should not be permitted to remain in the bleachers.

The length of the delay shall be determined by the weather conditions, and the game may be resumed at any time the principals of both schools or their designated representatives and the head official agree it is safe to do so. However, if after a delay of a maximum of 30 minutes the hazardous weather has not subsided, the decision to postpone shall be made by the principals of both schools or their designated representatives after consultation with the head official. If there are extenuating circumstances such as extreme travel distances, rescheduling problems, etc., which make it desirable to try to complete the game and the principals of both schools or their designated representatives choose to ask for an additional 30 minutes of waiting time, the head official may grant that request. If the principals of both schools or their designated representatives and the head official cannot mutually agree that the weather conditions are safe, the game shall be postponed. The game may either be considered a completed game at that point or rescheduled at a later time according to game rules. (All regular season senior high school football contests that are postponed shall be rescheduled on the earliest possible date but no later than four calendar days following the original date, and in compliance with the football playoff scheduling regulations.)

The purpose of this procedure is to first ensure the safety of the players and spectators, but also to relieve the pressure from the officials before declaring a game suspended. The host principal should, when severe weather is pending, keep a constant check with nearby radio stations which would have information concerning the path of the storm. This constant check, available to the administration, is not available to the game officials.

School district emergency plans should include procedures for evacuating players and spectators to protected areas when severe weather occurs.

## **Policy for Delinquent Submission on the MSHSAA Website of ALL Athletic and Activities Coaches/Directors/Sponsors by Schools**

The MSHSAA Board of Directors adopted, at its June 15, 2007, meeting, the following policy regarding the delinquent submission on the MSHSAA Website ([www.mshsaa.org](http://www.mshsaa.org)) of faculty, non-faculty, and non-certified athletic and activities coaches, directors, and sponsors (head and assistant) by member schools. Besides sports, this policy is applicable to music, scholar bowl, spirit teams, and speech, debate, and drama. The policy provides that the school administrator shall enter the required information on all staff members associated with the sport/activity no later than the day prior to the first permissible contest for that sport/activity. Failure of a school to submit information on coaches/directors/sponsors by the established deadline shall result in the school being sent a letter of reprimand. A school shall receive a warning for a second occurrence during the same school year. If a third incidence should occur during the same school year, the school shall be placed on probation for 365 days.

## Guidance Counselors Play Key Role in Communicating Eligibility Rules

It is important that all counselors be fully knowledgeable of the essential eligibility requirements students must meet to represent the school and participate in interscholastic activities. Counselors are frequently asked by students to advise them on matters dealing with the preparation of, or changes in their class schedules. In doing so, counselors should be sure that they do not advise a course of action which will result in students forfeiting their eligibility to compete in interscholastic athletics or activities through violation of MSHSAA rules of eligibility, e.g. scheduling a course for which the student has already received credit, permitting a student to be scheduled with fewer than five full credit subjects, or the equivalent of work, or permitting a student to drop a course(s) and thereby placing him/her below eligibility requirements. Counselors should discuss eligibility requirements with all students.

Member school principals should emphasize to all guidance counselors the importance of having copies of MSHSAA eligibility requirements on file at all times in the guidance offices. A "Checklist for School Counselors" can be found in the August packet provided to all MSHSAA member schools to assist with transfer students. Also, additional forms for helping counselors can be found on the MSHSAA web site.

It is strongly recommended that counselors view, "How to Protect Student Eligibility" on the MSHSAA Website ([www.mshsaa.org](http://www.mshsaa.org)). This on-line review will provide an electronic cover view of important by-laws students, parents, counselors, coaches and administrators need to know.

## Nonschool Competition

By-Law 3.13 provides that a student who is a member of a school sports squad that is in season may practice or compete in organized nonschool competition in a different sport during that school season and may do so on the same day the student practices or plays for the school team provided this dual participation on the same date is approved by the student's school administrator in advance. Nontraditional sports as defined in By-Law 3.13 are restricted from participation during the respective school season.

It is very important to understand the provision continues the restriction contained in By-Law 3.13 which stipulates a student

shall neither practice nor compete as a member of a nonschool team or as an individual participant in organized nonschool competition in that same sport or sport similar in nature such as three-on-three basketball during the school basketball season.

By-Law 3.13 permits, during the summer months only (refer to By-Law 3.15), that an individual employed by a school district in any sport may coach a nonschool team which has players from the school team they attend or will attend next year. This provision specifically addresses nonschool competition on a legitimate team designed to compete if the team is not a part of the school program.

By-Law 3.13 (Nonschool Competition) provides exceptions for Individual Sports while in season. Students should discuss participation and the exception with the school coach and athletic administrator.

It is suggested that each student athlete and his or her parents receive a copy of the MSHSAA brochure "How to Maintain and Protect Your Eligibility" which contains information regarding the Nonschool Competition Requirement and other eligibility standards students must meet in order to maintain the privilege to participate in the interscholastic program.

# Wrestling Advisory Committee Meeting Summary

*Held on March 5, 2018*

1. Committee goes on record to support the Classification Ad-Hoc continuing to look at classification breaks in individual sports with specific support to adding more schools to Class 1 and Class 2 Wrestling to provide improved distribution of number of individual entries to each district. Example: Class 1 – 68 schools, Class 2 – 68 schools, Class 3 – 56 schools, Class 4 – 56 schools.
2. Recommend a change to By-Law 3.29.6 to permit the sport of Wrestling the following Contest Limits dependent upon the start of Girls Wrestling.  
**Boys Wrestling:** 20 competition dates, a maximum of 10 competition dates can be used for tournaments.  
**Girls Wrestling:** 20 competition dates, no tournament dates restrictions.
3. Recommend changing By-Law 3.26.1 to reduce the maximum number of matches during the season, prior to the district tournament, to 45 matches, excluding forfeits. Change to become effective during the 2019-20 season.  
**Amended: Recommend as a 2019 Area Meeting Topic and 2019 Annual Questionnaire topic a change to by-law 3.26.1 to reduce the maximum number of matches during the season, prior to the district tournament,**
- to 45 matches, excluding forfeits. **Change to become effective for the 2019-20 season upon passage of vote on the 2019 Annual Ballot.**
- \*\*\*4. Go on record for supporting the penalizing of choreographed celebrations after matches as unsportsmanlike conduct after the match resulting in team point deductions. Such celebrations also includes back flips, cart wheels, etc. **Amended: Go on record for supporting the penalizing of choreographed celebrations after matches as unsportsmanlike conduct after the match, resulting in team point deduction(s). Other celebrations such as back flips, cart wheels, etc. may be deemed as unsportsmanlike conduct by the official(s).**
5. Recommend a dress code for the state wrestling championships that eliminates the wearing of hats, headbands, shorts, sweat pants, athletic/wind pants.  
**Amended: Go on record to note in the MSHSAA Wrestling Manual, Online Rules Review and State Tournament Notices that coaches are expected to dress professionally at all times with increased awareness at the state wrestling championships. School attire should be the minimum expectation for all coaches at the championships.**
- \*\*6. Recommend to mandate all wrestlers make weight at their postseason weight class a minimum of half the number of weigh-ins for that wrestler occurring after the certification date (Saturday Week 28 MSHSAA Standardized Calendar). This requirement must be met to maintain the “lowest” weight class for a wrestler to be eligible for postseason.
7. Recommend to set weight certification deadline on Saturday of Week 28 and the start of the 2lb Growth Allowance for Sunday of Week 29 of the MSHSAA Standardized Calendar.
8. Committee goes on record to support a point of emphasis regarding wrestler conduct if engaging in a handshake with the opposing coach after the conclusion of a match. Handshakes between wrestlers and opposing coaches is not required; therefore, coaches engaging their wrestlers in post-match handshakes must ensure proper sportsmanship from their wrestlers. Officials shall also remain observant in these situations and penalize unsportsmanlike behavior accordingly if witnessed.

## Sports Medicine Advisory Committee

*Held March 1, 2018*

1. Recommend approving the Sports Medicine Page on the MSHSAA website, which serves as our Sports Medicine Manual.
2. Recommend to add a line to the Return-To-Play form under the Medical Office Information section that allows an additional line to indicate Evaluator’s Specialty.
- \*\*\*3. Recommend the Wet Bulb Globe Thermometer (WBGT) as the recommended measurement device for measuring acceptable heat/humidity levels for practices and contests. The use of WBGT is recommended throughout the calendar year when ambient temperature is above 80 degrees.
4. The SMAC goes on record in opposition to the Football Advisory Committee’s recommendation for full pad contact during the summertime. SMAC actually suggests restricting full pad contact during the summer more than the current bylaws permit due to concerns of student safety and the concerns for the sport of football in general. The 2018 Annual Questionnaire even indicates that 193 schools either support Thud contact only or no contact at all. This number is greater than those schools that support the Football Advisory Committee’s recommendation (159). Furthermore, there are 244 schools that support an allowance different from that of the Football Advisory Committee’s recommendation.
5. Recommend allowing Dr. Mark Halstead to formulate Return-To-Learn protocols and suggestions as a resource for MSHSAA member schools.
- \*\*\*6. SMAC goes on record having interest of inviting a Mental Health representative to the SMAC meetings as an additional resource on potential discussion topics. This representative will be a voting member of the committee.

## Speech, Debate and Theatre Advisory Committee

Held May 2, 2018

1. Recommend the following be included in Section 7.B.6-DI, 7-Duet, 8-HI, 9-Poetry, 10-Prose, 11-Storytelling: "Students should develop original interpretation of their selections." Presently listed in "Ethics" section.
  2. Recommend amending By-Law 4.3.3 to increase the maximum number of allowable tournaments for Jr. High Speech, Debate, and/or Theatre meets, festivals, and/or tournaments in a school year from 5 to 7.
  - \*3. Recommend to revise Section 9.A.3, to read: When an original qualifier is unable to attend the State Tournament, an alternate (next finisher) can advance to the State tournament, provided they competed in an elimination round of the District Tournament.
  4. Recommend revising Section 12.B.1: will make the deadline for changes to rosters and selections - the Friday following the close of the final district tournament.
  5. Recommend adding to directives for One Act Play: The host school should be prepared to provide a qualified sound and light technician, to operate/assist with the board, if requested, at the district and state tournament.
  - \*6. Voted to support the Barstow proposal of providing the option for schools to "opt out of By-Law 4.3.2.: 2 points - extend the season (months, not # of tournaments) - eliminate the mileage limitation.
  7. Recommend adding Duo Interpretation as an event in Speech, Debate and Theatre.
  8. Recommend adding to the Unethical Conduct section of each Debate event. (Lincoln-Douglas, Policy, Public Forum)  
"It is the responsibility of the speaker to orally deliver the following when introducing evidence in a debate round: primary author(s)' name (last) and year of publication. Any other information such as source, author's qualifications, etc., may be given, but is not required. Should two or more quotations be used from the same source, the author and year must be given orally only for the first piece of evidence from that source. Subsequently, only the author's name is required. Oral citations do not substitute for the written source citation. The full written citation must be provided if requested by an opponent or judge."
  9. Recommend to delete the first sentence from Section 7.B.5.k: Readers Theatre  
"Stage movement and business shall be limited; the narrator may move about and the compositional grouping may change."
  - \*\*\*10. Recommend that presentation of 2nd Place plaques be eliminated and a 1st Place plaque be presented in every event, at the district and state tournaments.  
Amend the recommendation by revising the awards as stated below:
    - Present 1st and 2nd place plaques in all team/multi-person events
    - Present only 1st and 2nd Place plaques in Reader's Theatre and One Act Play
    - Eliminate presentation of plaques in Lincoln-Douglas Debate
    - Develop point system to award team championships

## Basketball Advisory Committee Summary

Held April 20, 2018

- \*1. Recommend shortening the basketball season by one week on the front end of the season and not changing the date of the first contest.  
*Rationale: The basketball advisory feels the season is too long and shortening it on the front end is the best option. The reason to shorten the season is the conflict with student athletes also participating in football.*
  - \*\*2. Went on record to support the use of a shot clock if the NFHS approves the shot clock by state adoption.  
*Rationale: The basketball advisory has consistently shifted to wanting the shot clock in high school basketball. They have been made fully aware that the MSHSAA will not implement the shot clock unless the NFHS adopts it as a rule or by state adoption. The basketball advisory is unanimous in its support of adopting the shot clock if it is adopted by the NFHS.*

## Scholar Bowl Advisory Committee Summary

Held May 14, 2018

- \*1. Recommended that the Board place an item on the 2019 Annual Ballot to amend the first allowable contest date for high school and junior high Scholar Bowl from the Monday of Week Number 14 to the Monday of Week Number 12.
  2. Recommended the following rules changes for the Scholar Bowl rulebook:
    - a. Emergencies: Add language to Section D to allow a game to continue in the event a player has to leave the game room due to unforeseen or unavoidable circumstances, such as illness or family emergency.
    - b. Score Checks: Pending action on Recommendation #3, correct notations regarding score checks on page 21, under scorekeeper duties.
    - c. Visual, Unofficial Score: Add language to require coaches to agree on keeping an unofficial visual score.
    - d. MSHSAA Protest Card at State Tournament: Remove school from the protest card to allow the protesting school to be anonymous.
    - e. Recognition: Maintain the recognition rule, but remove the penalty for the first responder (buzzer is lit) to answer the question before being recognized.
  3. Recommended that the Board approve a three-year trial utilizing the NAQT proposal questions/game format (26 Toss-ups/26 Bonuses) for the district and state series for 2018-19, 2019-20 and 2020-21, which will reduce the price of each round of questions from \$230 to \$100.

# Swimming and Diving Advisory Committee Summary

## 2-Class System Recommendations

Held: February 28, 2018

1. Recommended that no changes be made to the enrollment break procedures for boys or girls swimming and diving for next year (largest 36 boys schools and largest 48 girls schools are Class 2).
2. Recommended the qualifying standards shown in the grid for boys and girls, Class 1 and Class 2. The times that are in boldface and underlined are updated times.

Qualifying Standards – Boys and Girls – Class 1 and Class 2				
Event (yards)	Boys Automatic	Boys Consideration	Girls Automatic	Girls Consideration

## Boys and Girls State Swimming and Diving Qualifying Standards

Please note that the updated 2018-19 state qualifying standards for both swimming and diving are published in the 2018-19 Swimming and Diving Manual, located on the MSHSAA website in the swimming and diving area. ([www.mshsaa.org](http://www.mshsaa.org)) There you can find the standards for boys and girls, class 1 and class 2, for pools measured in either yards or meters. For diving, the standards include options for qualifying in a six-dive meet or through an 11-dive meet.

## Baseball Advisory Committee Summary

Held June 11, 2018

1. Recommend going on record of the poor quality of the championship baseball provided by Spaulding. (7-0)

**Rationale:** Regularly have balls in play for a single batter and must be removed because of flat spots or scarring from hitting a fence or hard object.

**Local School Responsible for Conduct at Contests Under By-Law 5.5.1 & Board Policy 38**

The MSHSAA Board of Directors policy statement makes it clear that any unsportsmanlike conduct or misconduct of an athlete, coach, student, or fan at the site of an event -- whether it occurs before, during, or after the contest -- is of concern to the Board of Directors and shall be handled in accord with procedures established in the policy.

It also reaffirms the expectation that in cases where an athlete is guilty of deliberately striking an opposing player, using profane or vulgar language, or using abusive language toward officials, etc., that the coach will immediately remove the player from that game and not permit the player to participate in the next succeeding game as a minimum penalty. In addition, it provides that if there are extenuating circumstances making the athlete's conduct more serious, the penalty imposed by the school shall be more severe.

The policy continues to stipulate that a substitute shall not enter the playing floor or field should a fight break out among players in the game. It also specifies "and should any substitute leave the bench area to go onto the floor or field in such situations, he or she shall be suspended from the remainder of that game and from the next contest in which the team plays." Coaches need to make this policy clear to all members of their squads.

The Board of Directors policy statement relating to Unsportsmanlike Conduct is included in the policy section located on pages 134-135 of the MSHSAA Official Handbook and in By-Law 5.5.1.

## Golf Advisory Committee Meeting Summary

Held May 24, 2017

1. Recommend to include MSHSAA Use of Golf Cart Request protocol for a player that was approved by the MSHSAA SMAC in the MSHSAA Golf Manual.
  2. Recommend Coaching Provisions found in Section 2 of the MSHSAA Golf Manual also be included in Section 5 regarding district/sectional/state.
  3. Recommend to include the following in Section 2 and Section 5 of the MSHSAA Golf Manual regarding Advice By Players in a field of competition.  
ADVICE BY PLAYERS DURING COMPETITION: Per USGA Rule 8-1/21-22, in summary, players are not permitted to give advice to other players, including teammates, during competition.
  - \*4. Recommend a 15 stroke limit for district and sectional competition.
  5. Recommend that language in Section 2-A-1 regarding Local Course Rules also be included in Section 5 regarding postseason.
  6. Recommend that a Live Scoring program, which allows golfers, or approved personnel, to use an electronic device (cell phone, tablet, etc.) to make live scoring updates during a competition be permitted for both regular season and postseason contests. Live scoring results shall be unofficial.
  7. Recommend the Use of Alternates protocol that is included in district/sectional manager manual and school's qualifying information be included in Section 5 of the MSHSAA Golf Manual.
  8. Recommend to follow USGA Local Rule: Accidental Movement of Ball or Ball-Marker when on the Putting Green, during regular season and postseason contests.  
NEW USGA LOCAL RULE: ACCIDENTAL MOVEMENT OF BALL OR BALL-MARKER WHEN ON THE PUTTING GREEN – If a player, partner or player equipment accidentally moves a ball or ball marker on the putting green, there is no penalty and the ball should be replaced.
- Examples:
- When preparing to make a stroke, player accidentally causes ball to move. Ruling – No penalty, ball must be replaced.
  - A player accidentally drops their ball, which hits and moves ball-marker. Ruling - No penalty, ball-marker must be replaced.
  - A player accidentally drops their ball-marker, which hits and causes ball to move. Ruling No penalty, ball must be replaced.
  - A player accidentally kicks and moves their ball. Ruling – no penalty, ball must be replaced.
9. Recommend allowing school approved volunteers to serve as "Markers" at district and sectional tournaments.  
MARKERS: Markers shall be used for all district tournaments, for all groups playing. Markers may be coaches, club pros, school faculty members or school approved volunteers. Parents of participating players may not be used as markers. A shortage of markers can be solved by playing in groups of five.
  10. Recommend that when threesomes are used at the state tournament, due to the field consisting of 90 or less players, the pairings for teams on Day 1 will be based on each individual's sectional score, not team score or team sectional placement. Individual qualifiers, not on a qualifying team, will be paired based on each individual's sectional score. Team qualifiers will tee-off of the front nine on Day 1 and Individual qualifiers will tee-off of the back nine on Day 1.
  11. Recommend that the MSHSAA Board of Directors consider placing a topic on the 2017-2018 Area Meeting agenda and 2018 Annual Questionnaire to gauge interest in moving Girls Golf season to the spring and Boys Golf season to the fall.
- \* Denied  
All others approved

## Pre-Participation Physical Form Required for Athletics, Sideline Cheer and Dance

According to MSHSAA By-Laws 3.8.1 and 4.5.4, schools shall require every student participating in spirit activities (sideline cheer and dance teams) and athletics to present a pre-participation physical form stating that he or she is physically able to participate. These By-Laws do not allow for any exceptions to this requirement.

The MSHSAA Pre-Participation Physical form, or something similar, is to be completed prior to the first practice session and should be readily available during all practices and events. It is suggested that schools make copies of the pre-participation form for all participants in these activities and have the forms on file in the school's central office in case the original forms are lost during a practice session or an out-of-town event. This will serve as a back-up for school personnel and prevent having the participants and physicians complete the form again.

It should be noted that any school physical issued on or after February 1, 2018 is valid for the 2018-19 school year.

By-Laws 4.5.4 includes tryouts as a recognized event for sideline cheer and dance teams. School administrator and event sponsors should be certain all students involved in tryouts provide a pre-participation physical form stating the individual is physically able to participate in spirit (sideline cheer or dance) activities as required prior to participating in any activities in preparation for tryouts.

## MSHSAA Pre-Participation Physical Form and Concussion Information Available Online

The 2018-19 MSHSAA Pre-Participation Physical Form and Concussion Information can be found on our website at [www.mshsaa.org](http://www.mshsaa.org) by clicking on the SPORTS MEDICINE tab. This form can be printed, filled out and submitted to the school administrator.

Please note that parents and students are required to sign that they have received and read the MSHSAA materials on concussion which includes information on the definition of a concussion, symptoms of a concussion, what to do if you have a concussion, and how to prevent a concussion. This material is located on our website at [www.mshsaa.org](http://www.mshsaa.org) by clicking on the SPORTS MEDICINE tab. You may also go to the [www.nfhslearn.org](http://www.nfhslearn.org) and view the free-of-charge "Concussion in Sports-What You Need To Know" video.

## Coaches are Encouraged to Join the Missouri Coaches Association (MOCA)

Membership brochures will be sent to principals, athletic directors, and coaches in the August Packet and sport rules book mailings regarding the newly-formed Missouri Coaches Association (MOCA).

The mission of this organization is to strive for the attainment of all positive objectives and attributes of middle and high school interscholastic athletics. The association focuses on the image and effectiveness of coaches to improve, preserve, and promote the integrity of the Missouri interscholastic athletic programs.

The goal of the MOCA is to improve interscholastic coaching as a profession in the state of Missouri, as it relates to all aspects of coaching. "Positive-Active Participants Become Positive-Productive Citizens."

**Section 1: Regular Membership.** Membership is open to anyone employed as, or approved to serve as, a coach at an MSHSAA member school in an MSHSAA-sanctioned sport.

**Section 2: Benefits.** The Missouri Coaches Association shall join and be a constituent member of the NFHS Coaches Association. (All members of the Missouri Coaches Association shall automatically become members of the NFHS Coaches Association.)

**Section 3: Application.** Application for membership, either school or individual, shall be made to the MOCO in care of the Treasurer. The appropriate membership dues shall accompany the application.

**Section 4: Dues.** School Membership (per coach): \$20. (Includes all active coaches from your school, minimum head coaches) Individual Membership: \$25. The MOCA board of directors shall determine the MOCA annual membership dues. The membership year will begin September 1 of the current school year and last until August 31 of the following year. Membership in the MOCA shall be terminated at the end of the membership year. Membership shall commence with the receipt of payment of the annual dues by September 1 of each year.

## State Volleyball Ball Retrievers Needed

The 2018 MSHSAA Volleyball Championships will be played at the Show-Me Center in Cape Girardeau, November 2nd & 3rd. MSHSAA is looking for interested volleyball teams to serve as ball retrievers for the state tournament and a total of six teams are needed. Sessions will be filled on a first come, first serve basis. At least six players would be needed to cover one court during a session. Up to 10 players will receive a championship t-shirt and free admission for the entire tournament. If your team is interested, please complete the form available on the MSHSAA web site, under Volleyball.

Likewise, coaches, athletic directors, or officials interested in assisting with the statistical operations at the MSHSAA Volleyball Championships should contact Jason West at the MSHSAA office. Four statisticians are needed per court throughout the tournament, and each individual will receive free admission to the tournament, meals on site, and a per-match stipend.

## MSHSAA Coaches Education Courses Available Online at NFHSLearn!

The National Federation of State High School Associations (NFHS) has continued to expand their online offerings to support our coaches and directors professional development as they work with our student-participants. We encourage administrators, coaches and directors to explore the expanded offerings. Additionally, there are great courses that both student-participants and their parents can benefit from completing. Some of the courses do have an associated fee but they also offer numerous free courses.

Those individuals in need of completing Fundamentals of Coaching, First Aid Health & Safety or the Sportsmanship course will find links on the ABOUT tab at [www.mshsaa.org](http://www.mshsaa.org). Please note the NFHS First Aid course does not fulfill the CPR and AED requirement.

Additional information, clinic speakers, online registration and hotel reservations can be obtained by going to the MCTCCCA Clinic website located at <https://www.regonline.com/builder/site/Default.aspx?EventID=2533793>

## Sideline Cheer Questions and Answers

The following are some of the most commonly asked questions regarding competition for cheerleaders.

**Q1:** *Our school would like to sponsor a competitive cheer team to participate in various competitive events throughout the school year. There are members of our sideline cheer team who would like to participate on the competitive cheer team as well. Is this allowed?*

**A1:** MSHSAA has no jurisdiction over competitive cheer. Therefore it would be considered a "club activity" (much like ice hockey, or bowling) with oversight of this activity administered through the local school administration. However, please be advised that participants are covered under the MSHSAA catastrophic insurance for sideline cheer only. Any injuries sustained while involved with competitive cheer are not covered under the MSHSAA insurance policy. **(By-Law 4.5.1)**

**Q2:** *One of our varsity football cheerleaders would like to compete during the high school football season with an independent cheering team. May she do so?*

**A2:** MSHSAA has no jurisdiction over competitive cheer. Whether a school sideline cheerleader may participate in competitive cheer with an independent cheer team during the season she is cheering for the school is a local school administration decision. **(By-Law 4.5.1)**

**Q3:** *Our school has recently added competitive cheer as a club activity. Is it allowable for the competitive cheer team to wear the school cheer uniform when participating in competitive cheer events?*

**A3:** MSHSAA has no jurisdiction over competitive cheer. If a school sponsors a club competitive cheer team, the use of the school cheer uniforms and equipment is a local school administrative decision. **(By-Law 4.5.1)**

**Q4:** *Does sideline cheer conditioning practice count toward the 14 days of required practice under By-Law 3.9?*

**A4:** No. Spirit (including sideline cheer and dance/pom) conditioning practices will not count toward the athletic conditioning requirement.

**Q5:** *Is a student who is participating on an athletic squad required to meet the conditioning standard again if the student will be participating in sideline cheer the next sports season?*

**A5:** No. Sports conditioning practices will count toward the sideline cheer conditioning requirement, as long as no more than seven days has elapsed between the last game or sports practice and the first sideline cheer practice.

## Guidelines for Bands Performing at Regular Season Football Contests

The participation of bands at a school football contest is an exciting aspect of the event. The band contributes to the event by increasing the level of excitement and adding a **'touch of class'** to the contest. In order to maintain a proper perspective and to insure equity in competition for the participating teams, a few guidelines must be followed. It is suggested that the band director work closely with the cheer coach and administration to create a schedule so everyone can support the team.

During the contest, bands are to play **ONLY** during pregame, halftime, postgame, the time between quarters, timeouts (except injury time-outs) and between plays (**stopping prior to the referee's whistle for 'ready for play'**). Bands that are seated near the end zone should **not** play if the line of scrimmage is inside the 10-yard line on the end close to the band.

After a touchdown, field goal, extra point, or safety, the band may play the school fight song, etc.; **however**, the director must be sure the band stops playing when the official blows the 'ready for play' whistle to start the next play. Any band that plays or continues to produce sound on instruments would be considered an 'unfair act' under NFHS Football Rules 9-9-1 and could result in a 15-yard penalty being assessed to the head football coach of the offending school for unsportsmanlike conduct.

When bands want to warm-up prior to half-time, directors should arrange this so that it is done in an area that is not a distraction to the contest. **NOTE: No whistles may be used while the game is in progress.**

Because the band acts as a spirit group, members should always act in a positive manner and must not do anything to distract or negatively affect the opposing team. It is the band director's responsibility to prevent his/her band from playing at inappropriate times, playing inappropriate music or taunting the opposing team and/or contest officials.

The band must display courtesy and respect toward the players, cheerleaders, and fans. To do anything else is not only a distraction from the contest but also reflects negatively on the band, the director and the school. Support your school and team in a positive manner.

## Guidelines for Bands Performing at MSHSAA Football Playoff Contests

Each band performance shall be limited to a **maximum of 6 minutes** at half-time **including marching onto the field, performing, and marching off the field.** The band director shall consult the game manager concerning arrangement for half-time and pre-game activities. **A schools' dance team may perform during the 6 minutes allotted each school.** If either school chooses **not** to play, the other school will be given 12 minutes for its performance. Schools will be expected to follow the information in **'Guidelines for Bands during Regular Season Contests'** regarding when to play during the contest.

**NOTE:** Contact should be made with the host school if a pep band is coming to perform at any MSHSAA playoff game. This will avoid confusion and performance issues at the site.

## MSHSAA Prescribed Graded Music List Revisions for 2018-19

This summer the MCDA (Missouri Choral Directors Association) reviewed the vocal area of the prescribed graded music list as part of the three year rotation to maintain the graded list. MCDA was provided a three year report listing how many times each title was selected for performance at the MSHSAA district and/or state music festivals. The report covered the years 2016-2018. Please check the 'Music Activities' page of the MSHSAA website to view what titles have been added for the next three year cycle as well as any current titles that may have been removed. This information should be posted by the end of August. No new literature will be added in the vocal area until the summer of 2021. You may still submit music for consideration anytime during the next three year period and MSHSAA will hold the music until the summer of 2021 to present to MCDA for review.

## 2018 Scholar Bowl State Series Questions Available for Purchase

The questions which were used at the 2018 MSHSAA Scholar Bowl District, Sectional and State tournament are available for purchase from MSHSAA. The price for a set of these questions is \$50.00 (plus handling and postage) for 8 games (5 District + 3 Sectional games) or \$100 (plus handling and postage) for 18 games (5 Districts + 3 Sectionals + 10 State games). Schools that are interested in purchasing these questions must contact MSHSAA by phone or mail (the questions are included on the MSHSAA merchandise order form). The question provider for the 2018 Scholar Bowl district and state series was National Academic Quiz Tournaments, LLC. This company will also supply questions for 2019.

## 2018-19 MSHSAA Statewide Catastrophic Medical and Disability Insurance Plan

The MSHSAA Board of Directors resolved to purchase the Lifetime Catastrophic Medical and Disability Insurance Plan for the 2018-19 school year. This catastrophic insurance plan underwritten by Mutual of Omaha, Omaha, Nebraska will cover all students while practicing for and/or participating in activities under the jurisdiction of the MSHSAA (e.g., athletics, music, speech, sideline cheerleading, dance teams, academic competition, etc.) during the school year.

This will be the 29th year for this particular program in our state. Attention is called to the fact the plan does not include liability insurance for member schools nor does it include a waiver of lawsuit provision. Therefore, school administrators are urged to check your present school district liability insurance policy to make sure participant liability is not excluded in that policy.

The plan includes a deductible of \$50,000. It will provide excess medical benefits for a student who suffers an accidental injury while practicing for or participating in an interscholastic activity conducted under MSHSAA jurisdiction which results in medical costs exceeding \$50,000 within two years from the date of injury. The premium for this coverage is paid by the member school supplementary service fees. The premium rate for 2018-2019 is \$5.08 per senior high student athlete and \$4.70 per junior high student athlete whose name appeared on the school's master eligibility rosters for all sports during the 2017-2018 school year. This is an unduplicated count in that a student who participated in two or more sports is counted only once. This fee is the same for junior and senior high schools.

### DESCRIPTION OF COVERAGE

The Lifetime Catastrophic Injury Insurance Program will pay benefits, after the \$50,000 deductible, for covered losses due to a catastrophic injury in excess of other valid and collectible insurance. Benefit highlights for covered losses are as follows: Benefit Highlights for Covered Losses are as follows:

1. Lifetime Medical, Dental and Rehabilitation Expense Benefit: 100% of reasonable, customary, and necessary covered expenses, with an overall \$3,000,000 lifetime limit.
2. \$100,000 Lifetime Special Expense Benefit First 10 Years: Home remodeling or adaptation and special vehicle purchase or adaptation; then \$50,000 each decade thereafter.
3. \$50,000 Lifetime Adjustment Expense Benefit: Family counseling, training and travel in connection with care and rehabilitation of catastrophically injured student; loss of earnings of parents due to catastrophically injured student.
4. Total Disability/Loss of Earnings Benefit: A catastrophically injured student who is totally disabled at age 18 may receive \$2,000 per month for Life.
5. Partial Disability Benefit: A partially disabled student may receive \$750 per month for Life.
6. \$20,000 Accidental Death and Dismemberment/Cash Benefit.
7. \$365,000 Extended Care Facility Benefit per calendar year.
8. Education expense of \$50,000 Lifetime for tuition, room/board, and other related education expenses.
9. Benefits are paid to a catastrophically injured student regardless of liability. No waiver/release is required to receive benefits.

### TOURNAMENT COVERAGE

A feature of the 2018-2019 statewide insurance plan provided through the MSHSAA is Tournament Play Coverage. This coverage provides benefits on an excess basis for the first \$50,000 of medical and rehabilitation expenses incurred as a result of an injury that is sustained while a student-athlete is participating in an MSHSAA sponsored district and/or state tournament contest after a \$100 deductible has been met.

### REPORTING POTENTIAL CLAIM OCCURRENCES DURING POLICY EFFECTIVE PERIOD

If a student suffers an accidental injury under the above described circumstances and might incur \$50,000 or more in medical expenses within two years from the date of the injury or if the student is injured while participating in an MSHSAA sponsored district and/or state tournament game, contact the claim Administrator at the address listed below and instructions for filing the school's claim will be forwarded to the school district:

Dissinger Reed, LLC  
8700 Indian Creek Pkwy, Suite 320  
Overland Park, KS 66210  
800-386-9183 or 913-491-6385

### OPTIONAL COVERAGE AVAILABLE

An individual school or district may, by application and payment of additional premium, purchase optional coverage for school sponsored student activities not under the jurisdiction of the Missouri State High School Activities Association. Each member school may go to the web site at [www.dissingerreed.com](http://www.dissingerreed.com) for information on the optional extended coverage directly from the MSHSAA's plan administrator, Dissinger Reed Insurance Services.

## Review Rosters Carefully for Age and Academic Requirements

Principals of member schools should have all eligibility rosters carefully checked to be sure that the name of no overaged student or a student not meeting the academic requirements appears on a list. Any student who becomes 19 years of age on or before July 1 is ineligible. Any junior high school student who becomes sixteen years of age on or before July 1 and any middle school students who becomes 15-years-old on or before July 1 is ineligible for interscholastic athletic competition during the 2017-18 school year. Students in the junior high/middle school who exceed the age limits may be moved up to participate with the appropriate age group. By-Law 3.5 has been amended to permit an overaged eighth grader attending a school which goes only to grade eight to participate at the high school he/she will attend the next year. This practice allows the students maximum opportunities for eligibility.

School administrators are reminded that By-Law 3.5, Age Standard, provides that students who exceed the age limit for participation in a particular grade are permitted to participate up to the next grade level where chronological age would place them. Schools should develop and implement a procedure whereby these youngsters are identified and informed of the By-Law and the option to play with the next grade. The provision, when applied correctly, will permit all youngsters two years of potential participation at the seventh and eighth grade team level and four years of potential eligibility at the senior high level. Schools not identifying and informing these

students are not providing them with an equitable opportunity to participate in accord with MSHSAA By-Laws. School districts not sponsoring junior high sports should make this extra effort so the student has every opportunity through the By-Laws to participate.

Records should be checked and students advised of their academic status and eligibility. It should not be assumed that a student and his/her parents know the eligibility status based on academics.

It is the responsibility of the principal to certify that the information furnished on the master eligibility rosters is absolutely accurate and that the students whose names appear

on those lists are eligible in accordance with all the provisions of the MSHSAA By-Laws.

All member school administrators are reminded that a master eligibility roster is to be filed with the MSHSAA according to the schedule in By-Law 3.4. Also, a copy can be viewed on-line by member schools which desire to review the eligibility roster before the date of each game. In accord with MSHSAA By-Law 3.4, no athlete shall be considered eligible to represent his/her school until the student's name is filed on the master eligibility roster supplied by the MSHSAA and exchanged with opposing schools requesting it. Additions to the roster can be made a day before the date of any contest.

presented.

Seifert presented six recommendations to the Board from the Officials Advisory Committee: 1) to allow coaches to attend the area rules interpretation meetings put on by the rules interpreters and receive credit for attending rather than being required to take the meeting online (ORR); 2) to change district basketball assigning procedure to allow an official to indicate two zones they would like to be eligible to officiate; 3) Basketball Officials going "opposite" the table after foul reporting. They could still stay "table side" if they feel it is necessary to diffuse a situation; 4) Basketball districts classes 4 and 5 cannot pick (Officials Draft) until classes 1, 2 and 3 are completed; 5) Adoption of a 15 run after 3 innings "mercy" rule for baseball similar to softball; 6) New officials in softball and baseball be required to attend a mechanics clinic in their first 3 years.

Took the following action on the Officials Advisory Committee recommendations: Denied items 1 and 3, approved items 2 and 5 as amended, and to take no action on items 4 and 6.

Schroeder presented five items to the Board from the Swimming and Diving Advisory Committee: 1) that no changes be made to the enrollment break procedures for boys or girls swimming and diving for next year (largest 36 boys schools and largest 48 girls schools are Class 2); 2) the qualifying standards shown in the grid for boys and girls, Class 1 and Class 2. The times that are in boldface and underlined are updated times:

Event (yards)	Boys Automatic	Boys Consideration

3) the removal of the base dive restriction for optional dives under both sets of Eleven-Dive Meet qualifying standards (keep for Six-Dive Meets), with no other changes to the qualifying standards; 4) that warm-ups start fifteen minutes earlier for prelims and finals with no change in the scheduled starting times; 5) to allow the use of the starting block wedges at state for warm-ups and all individual and relay competitive events.

Approved all five recommendations from the Swimming and Diving Advisory Committee.

Stahl presented the Board with six recommendations from the Sports Medicine Advisory Committee: 1) approving the Sports Medicine Page on the MSHSAA website, which serves as our Sports Medicine Manual; 2) to add a line to the Return-To-Play form under the Medical Office Information section that allows an additional line to indicate Evaluator's Specialty; 3) the mandatory use of WBGT for measuring acceptable heat/humidity levels for practices and contests. The use of WBGT is mandated throughout the calendar year when ambient temperature is above 80 degrees. Member schools will secure and use the instruments found on the suggested list of WBGT's; 4) The SMAC is in opposition to the Football Advisory Committee's recommendation for full pad contact during the summertime. SMAC actually suggests restricting full pad contact during the summer more than current bylaws permit due to concerns of student safety and the concerns for the sport of football in general. The 2018 Annual Questionnaire even indicates that 193 schools either support Thud contact only or no contact at all. This number is greater than those schools supporting the football advisory committee's recommendation (159). Furthermore, there are 244 that support an allowance different from that of the football advisory committee's recommendation (126); 5) allowing Dr. Mark Halstead to formulate Return-To-Learn protocols and suggestions as a resource for MSHSAA member schools; 6) SMAC goes on record having interest of inviting a Mental Health representative to the SMAC meetings as a resource for potential discussion topics. This representative will be a voting member of the committee.

Approved items 1, 2, 4, and 5, and approved as amended items 3 and 6 from the Sports Medicine Advisory Committee.

Approved imposing the \$100 fine to the high school failing to submit winter officials ratings.

Urhahn reviewed the summer meeting schedule and registration forms with the Board of Directors. Reservations are to be made for June 27 through July 3 for the meeting in Chicago. No action taken.

Determined to allow Dr. Urhahn to follow-up with Vianney and Christian Brothers high

schools on the reported violations.

Denied Lee's Summit High School's request for a lesser penalty than forfeiture for a By-Law 2.3 (Academics) violation.

Approved the proposal from Mo ATA relating to medical services/personnel coverage at selected state championship events. The following financial commitments will be paid to MoATA for these services. (2017-18 - \$15,000; 2018-19 - \$17,500; and 2019-20 - \$20,000).

Approved St. Francis Xavier Middle School's request for membership with MSHSAA in the 2018-19 school year.

Motion Rukstad, Second Dittmore, to enter into closed session for matters involving the eligibility status of students where personally identifiable private information from a student's educational record may be reviewed or discussed. Section 610.021(6 and/or 14) R.S.Mo.; 20 U.S.C. 1232g(b); 34 C.F.R. 99.1 et seq. Motion passed 10-0 on a roll call vote with members Soden, Finley, Johnson, Dunham, Linneman, Wilson, Smith, Rukstad, Schmidt and Dittmore voting yes.
