Subject: Videotaping and Banners – State Wrestling

VIDEO TAPING

Specifically, I would refer you and your coaching staff to Item K, of the MSHSAA Wrestling Manual which spells out the details of videotaping wrestling contests.

The following procedures will be used at the Cable Dahmer Arena. No video tapes will be collected. In addition, there will be no reserved section for videotaping in the Mizzou Arena and the following restrictions will apply:

1. Anyone may videotape from their seating area;
2. Only a "stick" may be used to support the camera, no tripods;
3. No electricity will be available;
4. No videotaping may be done in the isles nor may equipment be left in the bleachers.
5. **No Video streaming match(es) during the duration of the tournament by coaches, parents, spectators, school personnel, etc. MSHSAA is the sole entity permitted to conduct streaming of any matches during the tournament.**

Administrators are asked to share this information with not only your coaching staff but also with parents who may desire to videotape. Should there be any questions concerning the videotaping policy, please contact our office.

SIGNS AND BANNERS

The MSHSAA Wrestling Advisory Committee supports the MSHSAA in prohibiting the hanging of banners at the MSHSAA State Wrestling Championships. No banners or signage will be permitted to be hung within the Cable Dahmer Arena during the duration of the championships.
