

Missouri Virtual Adjudication Permissions

The following music publishers have granted permission for their music to be used under the specific parameters below. These publishers have not responded to the NFHS request at this time and currently do not appear on their national list.

[NFHS Virtual State Adjudication Permissions](#)

Guidelines for using distributed student recordings for 9-12 assessment and adjudication by the publishers are listed below. These guidelines are designed for a limited duration and scope to allow for student musicians to complete their state assessments and classroom instruction while schools are restricted on travel due to the COVID-19 pandemic. No recorded performance can be distributed outside of these guidelines and the listed publishers unless they meet Section 17 U.S. Code 110(D)(ii)(I)(aa) of the US Copyright Law.

- Performances must be shared in as private of a setting as possible, and must be viewable by individual link only.
- The performance can only be shared for educational assessment or state adjudication purposes.
- The recorded performance must use legally purchased sheet music.
- Students are required to show the original sheet music at the beginning of their video.
- Adjudicators may receive a digital copy of the music, and will be set to prevent downloading and printing. The access to this file will be deleted following the adjudication.
- Any arrangements made shall have proper permissions secured prior to recording.
- Once the recorded performance has been adjudicated it must be deleted from the sharing platform.

Publishers that have graciously agreed to allow their music to be recorded and distributed under the above terms or have released permission similar to the above terms (**as of 3/1/21**):
